KILLED BY A BOMB.

THE POPULACE THREATENS BARCELONA ANARCHISTS.

32 Have Been Arrested. No Reason Known For The Sudden Outbreak of Another Reign of Terror.

BARCELONA.—As the result of the explosion of the bomb thrown into the street while a religious procession was passing, eleven persons were killed and forty wounded.

The man who committed the outrage has not yet been identified, but the police authorities are confident that the misdeed is among the number of men who were under arrest as suspects.

The excitement caused by the explosion shows no sign of diminution and the people vigorously demand that no effort be spared by the authorities to punish the authors of the outrage and to guard against a repetition of the dastardly act.

When it became generally known that the killed numbered eleven, instead of six, as was stated in the first reports, the indignation of the populace was very violent. In fact, so threatening was the outlook that the authorities as a measure of precaution proclaimed martial law, and the city is now under military government.

Two more arrests of suspects were made today, making a total of thirty-two men who have been taken into custody on suspicion of having been concerned in the perpetration of the outrage. The prisoners are confined in the prefecture.

To-day an angry mob gathered around that building and demanded the summary punishment of every one of the prisoners, whether he is guilty or proven or not. Occasionally it looked as though the mob would attempt to storm the prefecture in order to wreak vengeance on the suspected men.

The civil guards on duty at the place were speedily reinforced and were frequently compelled to charge upon the crowd to make them keep their distance. The mob would scatter temporarily, but would soon gather again, threatening to lynch the prisoners.

Barcelona is not alone in its attempt to repress with a stern hand the recalcitrance of anarchy. The royal government and the municipal authorities of Madrid are taking measures to prevent the commission of outrages in the capital.

One of the leading anarchists of the city was arrested today. It is thought that he was in some way concerned with the outrage here.

The cortex and the government have promised to assist the relatives of those who were killed or wounded here, and this action met with hearty approval.

Speculation is rife as to the anarchists. Some attribute it to the animosity of the anarchists towards everything pertaining to religion and believe that they took advantage of the Corpus Christi processions to give vent to their hatred.

But there have been many religious processions since anarchy was rampant in Spain, which were in no wise interfered with and it is generally believed that some motive deeper than hatred of religion lies at the bottom of the last outrages committed here at Orendain.

All the people killed belonged to the working classes. A majority of them were women and children and this fact has much to do with the bitterness displayed toward the anarchists.

Big Fire in Toronto.

TORONTO, Ont.—A conflagration which at one time threatened to eclipse any former experience of Toronto in that line broke out in McKendry & Co's big department store, on Yonge street, at 7 o'clock.

The whole place was quickly ablaze, and the entire block, including the large department stores of Eaton & Co., adjoining, were in imminent danger. By prompt work on the part of the firemen the fire was confined to McKendry & Co's store. The whole interior of the building was badly gutted and their stock, valued at \$70,000 is nearly a total loss.

The stock of Eaton & Co. and Guinness Book store suffered considerable damage from water and smoke. The total loss on the building and stock is estimated at \$200,000; insurance, \$150,000.

THE REPUBLICAN MONEY PLANK AT ST. LOUIS.

Important Personages Arriving. Balance of Week on Contestants. Fairbanks for Chairman of Convention. McKinley on First Ballot.

ST. LOUIS, Mo., June 9.—The National delegation has been floating in during the past two days, but the first important ones came this evening, among them being Chairman Carter, Secretary Manly, and Mark Hanna.

The meeting of the National Committee to pass upon prima facie election delegates will be tomorrow noon, and will extend throughout the week, but no anxiety is felt however as to what the temporary poll will consist of as honesty of purpose will govern the National Committee beyond all question.

Charles W. Fairbanks, of Indiana, will be chairman of the Convention, and some Eastern man temporary chairman, probably Cornelius N. Bliss, of New York.

Since Wm. McKinley will be nominated upon first ballot, without needing the contested delegates, the contests will not be hard fought.

The money plank will favor Sound Money, meaning gold, but it will treat silver with great respect.

Types Go Out on a Strike.

ST. PAUL, MINN.—The daily papers of St. Paul and Minneapolis are involved in the biggest strike of their lives.

Every linotype operator of the Globe, Pioneer Press, Dispatch, Tribune, Journal and Times has left his place. With them went the advertising compositors, the proof readers and their helpers 140 men in all.

The newspapers have manned their typesetting machines with typewriters, stenographers and reporters and have arranged a temporary exchange of their news and matrices.

At 11 o'clock it was evident that the papers would all print although they will set only about half as much matter as usual. The trouble has been brewing for several weeks.

The proprietors asked that the piece scale, 12 1-2 cents for nonpareil and 14 cents for minion, be abolished and that all men work for \$23 per week of fifty hours. The printers asked for \$24 and a week of forty nine hours.

No agreement was reached and the printers of the two cities resolved to quit work.

Texas Primaries For Silver.

HOUSTON, TEXAS.—The State primaries went almost solidly for free silver, and the present State government was endorsed for re-election with only one exception—Baker, land commissioner—Sound money, running far behind. Gold standard men participated quite generally and the threatened split amounts to nothing.

Cranford is nominated for Congress in Culberson's district against Dudley, chairman of the State Democratic executive committee.

Cooper is re-nominated in the second and Winchester Kelsoe in the eleventh, represented by Noonan, the only Republican from Texas.

Spanish Brutality.

HAVANA.—That the work of extermination of non-combatants or "pacifists," as they are styled here, continues to a greater or less extent, is evidenced by the reports which are received from the country. Not a day passes without some shocking story is told of brutal assassinations committed by the troops on defenceless people, whose sole crime is being witnesses of the war raging all over the island, without taking any part in it. Here are a few facts selected from the many that are told:

On the 2nd instant a column of Spanish troops commanded by Col. Ochoa, operating around Jaruco, Havana province, captured a poor, miserable boy of 15 years of age, named Juan Rodriguez,

suffering from nervous prostration and so weak that he could hardly move without assistance. This unhappy creature was dragged from his home, a little town near Casiguas, and without any compassion for his pitiable state, he was butchered on the road way to Tampa for the sole crime of being a cousin of a leader in the rebel army, named Victor Simon.

On June 1st, Simon Yruri, member of one of the best families of Jaruco, was arrested on suspicion of being a rebel sympathizer, by orders of Gen. Melgizo. He was too well known to be taken out of the town and shot in the field, as this would create a scandal, so they made a semblance of a court martial, and with all the apparent formalities of the law he was publicly shot in the square of the town. The deed created general indignation when it was known that Melgizo had ordered the execution on his own authority without consulting the Captain General, who is the only one empowered to order such proceedings.

On June 4th last, Mr. Lorenzo Medina, a native of the Canary islands, 45 years of age, and a cattle dealer of some means, and Juan Toledo, a Cuban of 30 years of age, owner of a cart shop, both well known and esteemed in the town of Jaruco, were arrested on no charges known. They were lodged in the civil guards' barracks and the next morning they were taken out of the town under promise of prompt release and treacherously shot behind the slaughter house.
