## WANT TO COMPROMISE.

### HANNA TAKING A HAND IN FINANCIAL FIGHT.

**McKinley's Trouble Between Southern Goldbugs and Western Silverites. Fairbanks Temporary. Proctor For Chairman.**

Special.  
St. Louis, June 10.—Mark A. Hanna is already taking a hand in the financial fight which has been set afoot. There is a strong movement for a compromise. This afternoon word was sent a number of Southern delegates who were known to be friendly towards McKinley, and they were urged not to push their demands for a gold plank in the platform. Mr. Hanna fears big defection from the West, and the whole power of the Ohio organization will be used from this time on to prevent the absolute over riding of the free coinage Westerners.

Tonight it is stated that C. W. Fairbanks, of Indiana, will be temporary chairman, and Senator Proctor, of Vermont, the permanent chairman. Both are preparing speeches. Senator Thurston, of Nebraska, will second J. B. Foraker's nomination of Mr. McKinley.

The McKinley faction favor Garrett Hobart, of New Jersey, for Vice President.

### What Cleveland Says.

Special.  
WASHINGTON, D. C., June 10.—President Cleveland says that under the present conditions of McKinley's nomination that the "Presidency is no place for a mortgaged man."

### War With Spain.

Special.  
NEW YORK, June 10.—James Creelman, the World correspondent who was exiled from Cuba, says there will be war between this country and Spain as soon as the State Department documents are made public.

### Demand a Silver Plank.

Special.  
WASHINGTON, D. C., June 10.—It is reported that the free silver Republicans will demand a free silver plank at St. Louis.

### Town Destroyed.

MONTGOMERY, Ala.—The pretty little town of Wyoth City, in Marshall county on the Tennessee river, and thirty miles west of Gadsden, with a population of 200 people, was completely wrecked by a cyclone.

A dark and threatening cloud came up in the southwest with considerable wind, and all of a sudden the wind made a swoop and struck the town, almost completely demolishing it.

Eighteen dwelling houses were destroyed, five being swept completely away and not a stick of the timber left. The cyclone lasted five minutes and then passed in a northeasterly direction. Trees as large as a man's wrist were broken down like weeds. After the storm passed the work of rescuing was commenced. At this writing it is known that fifteen of them are wounded and six of them fatally.

A ten-year-old boy was found half a mile away in a dying condition. Others are badly wounded. The path of the cyclone was about 100 yards wide and total devastation marks its path. Had the storm struck an hour later fifty people would have been killed or wounded, as at that time the operators of the basket factory would have been at dinner. Fortunately both factories escaped.

The scene of the storm is a desolate one now. The work of rescue goes bravely on and every few hours a fresh victim is found. The cloud had the regular funnel shape, and when it struck the town there was a loud report as of a cannon, and soon the air was full of flying timber, trees, houses, etc.

Several persons are missing and it is probable that they will be found dead.

### Florida Democrats for Silver.

JACKSONVILLE, Fla.—The Democrats of Martin, Liberty, Taylor and Levy counties selected delegates to the State convention. The free coinage of silver at 16 to 1 and independent of other nations was endorsed and the issue of interest bearing bonds in time of peace denounced.

### Balcony Gave Way.

OTTAWA, KAN.—A balcony crowded with people watching Forepaugh's and Sell's circus parade gave way at 11 o'clock, precipitating fifty or sixty people thirty feet to the crowded sidewalk.

Several persons are thought to be fatally injured, while twenty others are seriously injured. Many receiving slight injuries escaped into the crowd and were taken away by friends. Main street was crowded to overflowing with people, and in their eagerness, crowded the balconies along Main street.

The one that fell in front of George D. Bland's office and was surrounded by a heavy iron railing. It was this that did the most damage by falling on those below. The lumber houses in the block were converted into impracticable labyrinths and the injured given every attention.

## DYNAMITE GOES OFF.

**One Hundred and Eighty Cans Explode Killing Six Men.**

JOHNSTOWN, Pa.—One hundred and eighty cans of dynamite exploded about a mile below Lilly with frightful results. One Slavonian was killed instantly and three Slavonians, two negroes and one white American were fatally injured. The men were at work on the Pennsylvania railroad and were getting ready to make a blast when a premature explosion followed, blowing up the 180 cans of dynamite and buying the seven men beneath a mass of sand and rocks.

## THREE STATE TICKETS.

### GOOD NATIONAL GOVERNMENT PARAMOUNT TO STATE.

**Senators Butler and His Paper Declares Against Co-operation with Democrats. Will Vote Republican Ticket First.**

Special.  
RALEIGH, N. C., June 10.—Senator Mariou Butler's paper in its issue of today declares: "The Democratic party as an organic force, is one with which the People's Party of North Carolina will never co-operate with. We believe that we speak the living truth when we say that before the Populists would consent to such a course, they would go, rank and file, bodily into the Republican party, and do what they could to insure Republican victory in North Carolina." The paper also declares that the Populists intend to keep balance of power.

The opinion is now general, even among those who have squinted at co-operation with the Populists, that there will be three State tickets.

Mr. "Blow-Hard," Mr. "Talk-em-deaf" and Mr. "Hard-to-down" have been trying to convince me that they had the best wheel, but I shall take Fred Hahn's advice and buy a VICTOR from
