

WON'T COME DOWN.

NEITHER RUSSELL NOR REPUBLICANS ELECTORS

Will Come Off Their Tickets. Clark Endorsed by Wake County for the Vice Presidency. Iron Old Nigger Resolutions Adopted.

RALEIGH, N. C., June 13.—Oscar J. Spears, one of the Republican Electors from this State, says that the Electors will certainly not come down from the ticket.

Mr. Spears, also says, that it makes no difference if Judge Russell, has written a letter, the Judge will not come down.

The Democratic County Convention here to-day endorsed Judge Walter Clark for the Vice Presidency.

It adopted resolutions for the free and unlimited coinage of silver at sixteen to one, without waiting for the approval of other nations and instructing its delegates to the district and State conventions to vote for no man as delegate to the National Democratic Convention or for any office, who is not unequivocally and sincerely in favor of this financial policy, and so express himself.

Ed Chambers Smith prepared these resolutions and what are known as the Missouri resolutions were also adopted.

STILL MCKINLEYWARD.

Contentants Still Keated in Favor of Ohio Man. Officers Nominated.

ST. LOUIS MO. June 13.—In the South Carolina contested case, Webster Small's delegation for McKinley was seated over the "Lilly Whites," who favored Reed.

The New York contests will come up to-night.

On motion of Mr. H. DeYoung, Gov. Fairbanks, of Indiana, was chosen temporary chairman, C. W. Johnson, of Minnesota, was chosen temporary secretary.

W. E. Kiley, Kentucky, Harry M. Smith, Washington, D. C. A. B. Humphreys, New York, assistant secretaries.

J. H. Stone, Michigan, J. H. Wilson, Wisconsin, J. C. Mallory, Rhode Island, Hatcher, Indiana, J. R. Beall, New York, were designated reading clerks. On motion of Scott, of West Virginia, Rabbi Samuel Sale, of St. Louis, was chosen chaplain.

LOOK TO LEE FOR HELP.

Cuban Patriots Trying to Engage the Sympathies of the American Representative.

HAVANA.—The arrival of Consul-General Lee is the topic of conversation. His friendship with President Cleveland, his fame as a warrior in the civil war in the United States, has given occasion to a great deal of comment in both Spanish and Cuban circles. Ever since his arrival his movements have been watched, his actions scrutinized and his sayings analyzed. His commanding appearance and manly deportment have won for him the greatest respect and consideration, and everybody agrees that he is the right man in the right place. Many guesses have been made as to his future actions, many comments as to his inclinations, but none has been able to determine his "ways and doings." The only thing sure is that since his arrival he has been very busy visiting General Weyler, with whom he has had several interviews regarding the Comptroler prisoners and other Americans confined in the Spanish fortresses for alleged political crimes. It is surmised, also, that he is gathering data from all reliable sources, for it is known that many prominent men, bankers and merchants of standing and means, have been calling on him for the last few days, and surely they must have given him material on which to base his official report on the economical situation of the island.

The Cuban sympathizers here have taken advantage of his presence to induce him to their side by addressing him all sorts of complaints on their wrongs and sufferings. A letter addressed to the Consul has been printed anonymously, and is circulating from hand to hand, and although it is whispered that the original document has been signed in his presence by prominent citizens, mostly all property owners, their names are withheld for fear of persecution by the Spanish authorities. The document is very well written and states in plain, straightforward words the real situation of the Island. It proposes unmistakable terms that the Cuban problem cannot be solved by the Spaniards, for even if they should grant home rule on the Canadian plan it would never work for two powerful objections—the army and the debt. They consequently believe that the only practical solution is American intervention to save the Island from the ruin which is staring her in the face. The Americans especially have good reasons for feeling joyful on the arrival of General Lee, for they know they have a good friend and a staunch supporter on their side. He has already given proofs of his interest in all that concerns his fellow citizens, by obtaining Dawley's release and securing the substitution to mitigate the sentence of the "Comptroler" prisoners who were locked in miserable, filthy and unwholesome quarters in the Cuban fortress,

by transferring them in better accommodations.

The war situation continues favorable to the Cubans. The rainy season prevailing, helps them considerably. Yellow fever and other tropical diseases are decimating the ranks of the troops fearfully. It is said the hospitals are overstocked and the death rate frightful.

Gomez and Maceo continue operating throughout the whole country at their will, without interference from anybody, the former in Camaguy and the latter in Pinar Del Rio.

NOT LIKELY TO PLEASE.

Secretary Navy Thinks Cruiser Raleigh Draws Too Much Water to Enter Southport Harbor.

RALEIGH, N. C., June 13.—Governor Carr today received a letter from the Secretary of the Navy, in reply to his letter asking that the presentation of the State's testimonial to the U. S. Cruiser Raleigh be made at Southport within next thirty days, or as soon thereafter as practicable.

The Secretary of the Navy says that as the Raleigh draws twenty feet, three inches, it would be exceedingly dangerous to take the Cruiser across the bar at Southport, and he cannot comply with the Governor's request.

The Secretary suggests that arrangements be made to have the presentation at Norfolk or Hampton Roads, where the Raleigh should arrive about July 10th. (As to the water depth on the Cape Fear bar, at Southport, a steamship has crossed it, going at full speed, drawing 21 feet 6 inches, and the latest U. S. Engineers report gives 18 feet at low water, which ought to make 23 feet at high water. Cape Fear pilots will probably guarantee to bring the Cruiser into Southport, without touching, if she draws 30 feet 3 inches as stated above.—EDITOR.)

Fire in a Coal Mine.

TAYLORVILLE, Ill.—The Taylorville coal mining works were destroyed by fire and eighty-five men entombed alive. After hours of suffocation all but three were rescued alive. The fire, which was caused by an explosion of gasoline, spread rapidly through the mine, cutting off the men at work in the lower levels. Those rescued were taken out through a shaft that the fire did not reach. The flames are still raging below, and the bodies of the three dead miners cannot be got out. Twenty miles also perished. The loss by fire will be \$75,000 fully insured.

Big Fines Paid.

PRETORIA.—The fines of \$25,000 each, which were imposed upon the Johannesburg Reform Committee leaders—Phillips, Farrar, Rhodes, and Hammond—have been paid, and Phillips, Farrar, and Hammond signed a document pledging themselves to abstain from interference in Transvaal politics, after which their banishment was cancelled. Colonel Rhodes refused to sign the agreement to abstain from interference in politics, and was banished for life. He has started for Cape Town. Hammond, Phillips, and Farrar left in the afternoon for Johannesburg. Prices in Johannesburg have risen greatly.

WILMINGTON NEWS.

SUMMER SPORTS NOW GOING ON.

Base ball Drawing Crowds. Students Returning Home. Electric Storm. Fishing Cranks Tell Big Stories. Charlotte to Enterline.

JOURNAL BUREAU, WILMINGTON, June 13.—Our college students have nearly all returned from the N. C. colleges and other states, the resorts are in full swing and without a doubt summer can be said to be here.

Another indication of summer is the base-ball season, which commenced this week. The Rocky Mount boys are here and have already played two games of which Wilmington took one, Rocky Mt., the other. The last one is to be played today. It will be very exciting as it will decide the superiority of either team. The Rocky Mt. boys play ball. Over 500 people witnessed each game.

Quite a severe electric storm passed over the city one night this week causing much trouble with the electric wires. One wire came in contact with the street car tracks and a policeman bravely caught hold of it to remove it and received such a shock, he decided he had made a mistake. We have had a great deal of rain and crops are in splendid condition.

Col. E. D. Hall, well known all over N. C., is dead. While his death was not unexpected, still it was received with great sorrow, and many words of praise have been spoken of him since his death.

The fishing cranks made another trip out to the black fish grounds on Friday and from the stories they tell the fish are just waiting for the bait. The party of twenty five Wilmingtonians brought back three thousand of these black fish or sea bass.

Amateur entertainments are all the go now. The schools have each given one. On Monday night a Charlotte troupe will give the comedy entitled "the Congressman." On the 17th, a Wilmington troupe of 160 persons will give the old time favorite "M'kado."

Mr. J. M. Shipman, who grows rice in Columbus County and knows how to grow it, has recently received a medal for his exhibit of rice at the World's Fair, at Chicago. This is quite an honor as it was given for excellence of quality and color.

Deaths From Sunstroke.

LONDON.—The Westminster Gazette publishes a dispatch from Bombay, saying it is reported there that the British warship Bonaventura, while making a passage from Colombo, Ceylon, to Candicherry, the capital of the French settlements in India, lost seventy men by sunstroke.

Telegraphic Items.

MILWAUKEE, Wis.—The Moore Cycle Company, of South Milwaukee, assign d. Assets, \$300,000. Liabilities considerably less.

CANEA, CRETE.—Reports are received here that the Turks have pillaged and burned twenty hamlets in the interior of the island.

ALBANY, N. Y.—Levi H. Maynard, ex-Judge of the Court of Appeals, dropped dead in the Hotel Kenmore, heart-disease being the cause.

CONSTANTINOPLE.—The Turks have seized a Greek vessel conveying munitions of war and provisions to the insurgents in Creta, the seizure being made in Cretan waters.

MADRID.—The Spanish prisons at Ceuta are filled with prisoners to their utmost capacity, and all prisoners deported from Cuba will hereafter be sent to the island of Fernando, Po.

SAN FRANCISCO.—John Craig was hanged in Folsom prison. He murdered his wife, her father and mother and nearly killed young Hunter, his brother-in-law, at Los Angeles, about two years ago.

MANSOUEH.—The prosecuting officer, in closing his case against General Barateri, in the court-martial of that officer, demanded that General Barateri be imprisoned in a fortress for the period of ten years.

TORONTO, ONT.—In consequence of a large number of protests sent to the Senate of the Toronto University against the conferring by that body of the degree of LL. D. on Professor Goldwin Smith, that gentleman has refused the proffered honor.

MADRID.—The government has decided to criminally prosecute General Borrero, who recently wrote an insulting letter to Captain-General Martinez Campos, which resulted in the sending of a challenge by the latter, Borrero having refused to retract the letter.

PHILADELPHIA.—The Athletic Committee of the Faculty of the University of Pennsylvania has considered its position in relation to the men debarred from touring in the "Varsity boat," by reason of their low standing on scholarship, and the "Varsity eight" will retain all its present crew.
