MANY WANT GARR.

IN SPITE OF HIS DECLINATION OF NOMINATION.

J. C. McKee Stock Farmer, Clark Not a gubernatorial Candidate. Delegates Arriving. Manning Nominated Fifth District.

Special. RALEIGH, June 23.—Julian S. Carr's declination of nomination for Governor which was given to the Press last night, has put everybody at sea.

Judge Walter Clark when called upon today by some prominent men, and asked if he would accept nomination, said that for personal reasons it is impossible.

Ex-Judge James C. McKee is tonight looming up as a candidate. His stock has advanced many points.

It is alleged that Clark's friends favor McKee. It is also stated the odds are now in favor of one convention, and McKee's nomination.

There is some disposition to force the nomination upon Julian S. Carr, in spite of his absolute and positive declination. Fifty delegates are here. The majority of them favor one convention.

All of them appear to believe that there will be three tickets in the field, with W. A. Guthrie as Populist nominee.

Today, at Durham, James S. Manning was nominated on first ballot for Judge of Fifth District.

Governor Carr says he will not relinquish his efforts to have the Outer Raleigh enter Southport Harbor.

Hobart to Visit McKinley.

Special. CANTON, Ohio, June 23.—Garrett A. Hobart, the Vice-President Republican nominee, has agreed to call upon William McKinley next Saturday. There will be civic demonstrations to his honor here.

Ex-Secretary Bristow Dead.

NEW YORK.—Benjamin H. Bristow, Secretary of the Treasury during President Grant's second term, died at his home in this city, of peritonitis. Mr. Bristow was taken ill only last Saturday.

Gold Men in Control.

MILWAUKEE, Wis.—The gold men and friends of the Cleveland Administration appear to have captured the Wisconsin Democracy, and at the convention of the party, which will assemble at the Bijou Theatre the gold men will be able to run things their own way. The silver forces of the State are not organized, and the victories won by them in the preliminary skirmishes about ten days ago alarmed the gold men, and only tended to spur them on to more vigorous efforts.

Every sound money man in the State was called upon to make a special effort to secure the election of gold delegates, and the result was that in some way the counties which were thought to be bimetallic the gold men were successful. There will be 659 delegates in the convention, or one for every 500 votes cast for Cleveland in 1892.

A careful estimate prepared shows that there will be, so far as heard from, 194 gold men, 87 silver men and 62 doubtful.

Harrity Fears No Bolt.

PHILADELPHIA.—National Chairman Harrity was asked if he anticipated any bolt at the Democratic convention as took place in St. Louis. In answer he said:

"None of any consequence. Should the gold standard men be in the majority Tilden, of South Carolina, and the Colorado delegates might walk out. If the silver men should be in control, probably a few gold men would withdraw, but I do not anticipate a bolt like that at St. Louis."

The Chicago convention will be attended by many Democrats from Pennsylvania. Delegates and their friends will leave here in a special train made up of five Pullman sleeping coaches, and at various cities additional cars will be attached. A special train will also depart from Pittsburgh to the convention city. The headquarters of the Pennsylvania delegation will be at the Palmer House.

Belmont Will Attend.

PARIS.—A representative of the United Press questioned the Hon. Perry Belmont regarding a statement that he intended to bring his European tour to a close and return to the United States. Mr. Belmont confirmed the report, and added that he intended to sail for New York in a short time in order to attend the Democratic national convention at Chicago as a delegate from Suffolk county, New York.

College of a Building.

SAN FRANCISCO.—While workmen were engaged in putting in a new foundation at the Beaton lodging-house, a three-story frame structure on the corner of Third avenue and Fifth street, at 2:10 the building collapsed. It became a complete wreck and took the driving would be rendered from their work.

The lower floor of the structure was without a foundation, and about 23 or 24 persons are said to have been in it at the time. A number of people were up into when the disaster occurred.

WASHINGTON NEWS.

GOLD RESERVE BELOW HUNDRED MILLION MARK.

Money Being Withdrawn on Private Account. Foreign Gold Shipments Profitable. Looking for Another Bond Issue.

Special. WASHINGTON, D. C., June 23.—The Treasury officials expect the gold reserve to go below the hundred million dollar mark, this week.

Gold is being withdrawn to satisfy private accounts; it is being shipped because it is profitable.

A Treasury official says only campaign or some foreign complication can determine how soon another bond issue will be necessary.

There is apparently no reason for the disappointing reports of the last twenty-four hours, concerning foreign affairs than the news of dullness which follows the adjournment of Congress.

Secretary Olney has gone to Boston on a visit. President Cleveland is away fishing.

The disaster will therefore be ascribed to an act of God.

Trenton High School.

The Commencement exercises of the Trenton High School were held Wednesday, Thursday and Friday evenings of last week. A program consisting of thirty-seven selections was rendered Wednesday evening before a large audience.

Thursday evening an interesting farce, "Don't Marry a Drunkard to Reform him," was given in five scenes. This comedy was enjoyed, perhaps, more than any other part of the program for that evening. Several other pieces were recited, and a number of songs sung by the pupils.

Dr. Sanford, of Cove, opened the exercises Friday morning with prayer. A paper was read by Mr. Thos. Brogdon, "That there should be more restrictive immigration laws." Messrs. Frank Hanson and Jack Dixon read very interesting papers on the subject, "Resolved, that crime increases with civilization."

At 1 o'clock, Mr. P. M. Pearsall introduced the speaker, Dr. John C. Kilgo, of Trinity College, who immediately came forward. His speech was thoroughly enjoyed, and he had the best attention of the audience. Dr. Kilgo made a favorable impression, delighting the people, who do not hesitate to say, that Dr. John C. Kilgo is the right man at the head of Trinity College.

All the exercises were well attended, the chapel being crowded. The JOURNAL representative was the recipient of many kindnesses and trusts that the people of Trenton will take new enthusiasm from all that has been said and done during the Commencement.
