STEVENSON ON HAND.

THE VICE PRESIDENT AT CHICAGO.

Will Push His Nomination. Silver Men and Chairman Harbry in Conference. Discussion on Temporary Organization.

Special. CHICAGO, July 1.—Vice President A. E. Stevenson took up his headquarters today at the Palmer House. It is rumored that he is here to push his presidential boom.

The committee of silver men, consisting of Gov. Altgeld, Senators Jones, of Arkansas, Turpie, of Indiana, Daniel, of Virginia, and Stone, of Missouri, met Chairman Harbry and the Executive Committee of the National Committee, in a conference this afternoon of two hours.

The silver men asked many questions, as to the temporary organization, etc., but no action was taken, and the matter is to be left to a fuller committee.

Pres. Winston Goes to Texas.

Special. RALEIGH, July 1.—George T. Winston, President of the University of North Carolina, was yesterday unanimously elected President of the University of Texas.

He accepted today, and takes charge in August. The salary is five thousand dollars.

Anti-Russell Convention.

Special. RALEIGH, July 1st.—Some negroes have already arrived to attend the anti-Russell convention, which meets here tomorrow.

Strand to be Renominated.

Special. RALEIGH, July 1.—The Populists of this District will renominate Wm. F. Strand for Congress.

Against Silver Candidate.

Special. BOSTON, July 1.—The pledge of the Massachusetts delegates to Chicago, to not support any candidate for the Presidency who does not favor the present existing gold standard, has over eight hundred names on it.

Romero Must Remain.

CITY OF MEXICO.—Movement is on foot in the American colony to induce Senor Romero, the Mexican Minister, to Washington, to withdraw his resignation, on the ground that he is the best and most acceptable minister Mexico ever had there.

It is believed that the difficulty which was caused by an article on the Guatemalan boundary question, published by an official journal, will be smoothed over, as the Mexican government is anxious to retain his services.

Murder and Suicide of a Father.

FALL RIVER, Mass.—John Connelly, a spinner, cut his two-year-old child's throat and immediately afterward cut his own. Both were found dead on the floor in Connelly's room by his wife. He induced his wife to leave the house and during her absence killed the babe and himself. The cause of the deed was undoubtedly despondency over poor prospects of obtaining work.

Harbry Leaves For Chicago.

PHILADELPHIA.—National Democratic Chairman William F. Harbry left for Chicago on the Pennsylvania railroad's limited express. He was accompanied by Magistrate Charles P. Donnelly and Charles F. Igersoll, of this city, and a stenographer. A special train will leave here on Friday, bearing the delegates and others to the convention.

Free Silver Banker Nominated.

TOLDO, O.—Democrats of the Fifth district at Napoleon, O., nominated Mayor David Meekison, or Napoleon, for Congress, after being in session for fifteen hours. Meekison is a free silver man, though a banker. William Kunkke and H. W. Jacobs, both free coinage advocates, were elected delegates to the Chicago convention.

Good Year For Postoffice.

WASHINGTON, D. C.—The Postoffice Department has made public the changes in the classification and salaries of the Presidential postoffices for the fiscal year. In the great majority of cases the yearly increases in salary consequent upon enlarged receipts, is \$100, although instances are not wanting where these increases amounted to \$200 and \$300 more than has previously been received by the postmaster.

In two States, Kansas and Nebraska, the number of offices showing smaller receipts for 1895 than 1894 is very large. Nebraska, for example, having a much larger number of decreases than increases. Five States—Delaware, Louisiana, Mississippi, Montana, North Carolina, and the Territory of Mexico, present a gratifying exhibit of increased salaries at all of the Presidential offices, not a single office showing behind the receipts of last year. In the great States of New York, Pennsylvania, Ohio, Indiana, Illinois, Iowa, Wisconsin, Michigan, Minnesota, Missouri, Wisconsin, and some of the Southern States, the decreases have been relatively small.

MILITIA CALLED OUT.

Quarrymen Strikers Do Violence. Many Injured. Shots Fired.

CLEVELAND, Ohio, July 1.—Sheriff Leek, notified Gov. Bushnell, this afternoon, that he was unable to hold in check the striking quarrymen, and asked for a few companies of militia men, who took the strikers places at the quarries at West View, leaving from fear of a hand to hand combat.

Many were injured and hundreds of shots fired.

PRICES DECLINE.

In Wall Street Owing to the Silver Actuation.

Special. NEW YORK, July 1.—Wall street had a ragged time to-day because of the silver influences at work. Prices all along the lists of stocks declined.

Whitney Expects to Bolt.

Special. NEW YORK, July 1.—Ex-Secretary Whitney, it is said, expects to bolt the New York Democracy, if free silver candidate is elected.

Tammany Hall will not bolt no matter who the candidate may be.

Three Men Killed in a Mine Accident.

DULUTH, Minn.—Word has been received from Ely of an accident at the pioneer mine whereby three men were killed and two seriously injured. A number of men were on the fourth level when several hundred tons of earth overhead gave way. The timbers and supports were crushed, and Victor Brickson, George Haycock and Frank Cramer, were buried out of sight and probably instantly killed. Peter Morowitz was caught by the arm between two timbers and held fast for several hours, and Isaac Stenstrom was injured internally by being caught by the middle of the body between some timbers and a trap car.

Held Up and Robbed of His Gold.

NEW YORK.—John Bell of 220 South Ninth Street, Philadelphia, arrived in this city intending to take a steamship for Buenos Ayres, where he intended to go into business. Bell went to a restaurant at 159 Worth street, which is kept by Giovanni Ollari. He told the proprietor his plans, and added that he had \$320 in gold on his person. Ollari is said to have told him that two of his friends were also going, and he wanted Bell to meet them. Latter, the two men appeared in front of the restaurant, and escorted Bell, as he thought, to meet the wife of one of them. When he reached a dingy room—Bell does not know where it was—one of the men drew a pistol, and made him give up his gold. The men then escaped. Ollari was arrested as an accomplice.

For Rivers and Harbors.

WASHINGTON, D. C.—Orders are issued by Secretary Lamont for the immediate execution of the provisions of the river and harbor bill, with the exception of those sections of the bill providing specifically for the making of contracts for the continuation and completion of the works.

All the work provided for in this bill will be done under the supervision of Gen. Craighill, chief of engineers, and no action will be taken at this time with respect to the important works for the completion of which the bill authorizes the making of continuing contracts. There are thirty-six items of this character in the bill, and the authorities are now considering the best course of action.

Starving Cattle on Arizona Ranges.

PRESOTT, Ariz.—Cattle are dying from starvation in all directions on the ranges of Arizona, the lack of food being due to the failure of rain. The greatest loss is in the Verde country eastward from Flagstaff and to the southward in the Skull Valley ranges, where the animals are dying by the thousands. In the latter region the men is reported to be entirely bare, and the loss will be unprecedented.

Sunk in Collision.

LONDON.—The British steamer Santarosa, from Penarth, June 2, from Para, has been sunk by a collision with the British bark Dunderdonald, from San Francisco, March 10, for Hull. The Dunderdonald proceeded in a leaky and otherwise damaged condition, with the crew of the Santarosa on board. The passengers who were on board the Santarosa were landed at Para by the Norwegian bark Hawatha.

HUNDREDS ARE IDLE.

IRON, STEEL AND GLASS WORKERS OUT.

Even Thousands of Men Will be Out of Work for the Next Few Weeks. Likely to Extend to All Parts of the Country.

PITTSBURG, Pa.—Annual suspension time is at hand in the iron, steel and glass industries of the country, and for the next few weeks many thousands of men will be idle. The '96-'97 wage scale of the Amalgamated Association of Iron and Steel Workers will go into effect at midnight. Several manufacturers in the Pittsburg district have signified their intention of operating under the new scale, subject to conference changes. Notwithstanding the iron and steel workers scale was signed, many of the mills will close temporarily for necessary repairs. Should the tin mills close as is expected, about 8,000 men in that department will be in idleness until a wage settlement is reached.

The shut down will be felt more particularly in the Mahoning Valley, where the settlement of the wage question still hangs fire. The next conference in the Mahoning district will be held July 9. The manufacturers stand against the 50 cents per ton advance demanded for puddling iron is the only stumbling block to an agreement. With few exceptions all "fires" in the glass factories throughout the country will be extinguished.

The shut town will extend two months or more and will effect many thousands of workers. The workers' wage conventions begin next week.

Populists Prepare to Meet.

St. Louis.—Sergeant-at-Arms John H. McDowell, of the National Populist convention, took charge of his headquarters at the Lindell Hotel. The Populist managers have secured satisfactory rates from all the roads excepting the far Eastern lines, which have not yet consented to the half rate agreement. Applications for rooms are pouring in upon hotel proprietors and indications foretell as large a crowd as attended the Republican convention.

Harriet B. Stowe Dying.

HARTFORD, Conn.—Harriet Beecher Stowe, most celebrated as the author of "Uncle Tom's Cabin," who was stricken with congestion of the brain and paralysis last Friday, has grown rapidly worse and has passed into a state of unconsciousness. Her physicians say that it is doubtful if she can live over twenty-four hours.

Spilt Her Husband's Skull.

HENDERSON, Ky.—Jim Anderson, a negro farm hand, living near West Franklin, returned to his home Sunday night in a drunken condition and assaulted his wife because his supper was unprepared. After beating her almost into insensibility he tumbled on a bed and was soon sound asleep. His wife secured an ax and struck the blade with all her force into his head, nearly splitting the skull in twain. At daylight the murderer called at the house of a neighbor with her four-year-old boy, narrated the incidents of the "crime," then proceeded to the river, entered a skiff, and rowed to the Indiana shore.

Telegraphic Items.

Two children, Eliza and Annie Auger, who were members of a party of berry pickers, were killed by a train on the Central Massachusetts Railroad, near Oakdale, Mass.

Misses Kelso and Sadie Reese and John Sanson, part of a picnic party, were drowned in the Missouri River, at Tekamah, Neb. The boat they occupied was swamped.

Four Indians rode into Neel, Mo., and robbed the town. It was impossible to ascertain the amount taken. No lives were lost. The marauders started toward Sulphur Springs, Ark., and will probably be arrested.

Rev. David W. Couch, Rev. Mr. Paulson, Victor E. Bodingfield, and Mr. Treadwell, headed a delegation of citizens from New York and Brooklyn which called on Gov. Morton, at Albany, and asked Executive clemency in behalf of John Y. McKean, the former Gravesend boss. The pardon is asked on account of ill health.

Dr. Foy S. Baldwin has been chosen to fill the chair in the law department of economics, which has been founded at Boston University. Dr. Baldwin has been instructor at the university during the last year. He is only twenty-six years of age, and a graduate of the university, having completed his course when only eighteen years old.

Sunk in Collision.

LONDON.—The British steamer Santarosa, from Penarth, June 2, from Para, has been sunk by a collision with the British bark Dunderdonald, from San Francisco, March 10, for Hull. The Dunderdonald proceeded in a leaky and otherwise damaged condition, with the crew of the Santarosa on board. The passengers who were on board the Santarosa were landed at Para by the Norwegian bark Hawatha.
