WASHINGTON LETTER.

THIS IS A CAMPAIGN OF EDUCATION.

If Universal Discussion Will Enable the People to Vote Intelligently They Will Do So This Year.

POPULIST HEADQUARTERS.

JOURNAL BUREAU, WASHINGTON, D. C., Aug. 3rd.

If universal discussion will enable the people to vote intelligently on the money question, they will certainly do so this year. Never during your correspondent's twenty years experience in Washington newspaper work have the people shown such intense interest in any question as they are now showing in silver. Ordinarily it is only the politicians who generally discuss the issues of the National campaign, but now literally everybody is discussing silver and if the number of people who are still in doubt as to whether they oppose or favor the free coinage of silver and are seeking information on the subject, is proportionately as large all over the country as in Washington, it is perfectly clear that the decision is at the present time hanging in the balance, as it were, and that the majority is yet to be convinced one way or the other. The committee headquarters of all the parties are constantly thronged with people who want copies of all the documents issued both for and against free coinage. All the local papers are conducting open discussions on the subject, and even the bootblacks are asking their patrons the meaning of free coinage of silver at the ratio of 16 to 1. In quiet family gatherings the same question is asked and discussed, and one is constantly surprised to learn how much the women have read on the subject. The reason for this great interest is not hard to get at. Other National questions, however important they may be do not personally appeal to the average man or woman, but when it comes to money everybody is at once interested, not only in how they are to get it, but in its purchasing power after they get it. The term "campaign of education" has become somewhat hackneyed of late years, but it is certain that it is the only correct name for the present condition of affairs. Both gold and silver men profess to believe that this education of the masses on the money question is going to result in their winning. It will certainly result in the people knowing more on the subject than they ever knew before.

Acting Secretary Turner, who is in temporary charge of the National Populist Headquarters, says the Democratic and Populist National committees will settle the Watson-Sewall business, and that it will be decided to the interest of the parties, rather than of either of the men. He also said: "A division of the electors leaving both Watson and Sewall on their respective tickets will be a easy matter in all the Southern States where the election laws are not so stringent as in some of the other States. No State in the South requires that the name of a candidate shall appear but once on the ticket, hence it will not create any confusion or injure Bryan if the electors be divided and half of them presented under the caption of Bryan and Sewall and the other half standing for Bryan and Watson. The vote in each instance would be counted for Bryan." Secretary Mercer, of the Republican Congressional committee, takes a somewhat different view of the matter. He said: "The silver men are going to experience their first serious set back when they attempt to join their fusion with the Populists, especially in the South. I do not believe the Populists in that section will consent to vote for Democratic electors unless they are promised a share in the State offices, and this the Democrats will not feel disposed to give. I believe that several of the Southern States will give Republican majorities and that the Populists will assist in bringing about that result. Others are expressing the very positive opinion that the "middle-of-the-road" Populists will have a Presidential ticket of their own before the campaign grows much warmer.

The politicians are wondering whether that dry proclamation which President Cleveland issued last week warning Americans to strictly observe the neutrality laws in all he will have to say on Cuban affairs before Congress meets. The necessity of this last proclamation was not really apparent to ordinary folk, as a similar proclamation had been issued last year. It is understood that the continuous protests made by the Spanish minister against aid extended to Cuban filibusters by American citizens was what brought out the proclamation.

The most alarming thing that has yet happened so far as the Republicans are concerned, was Senator Stewart's reply to a question. He was asked whether the silver men intended to appoint a committee to solicit contributions to Bryan's campaign fund. He replied emphatically: "No, we have all the money we shall need." Whether Senator Stewart really meant what he said, was indolgent in him, or was merely making a bluff, is more than I can say, but his answer has made some very respectable half hours for some of the Republican managers.

Senator Charles H. Himes, of Clinton, and William D. Barry, manager of Springfield, Ill., were killed in a railroad collision on the Illinois branch of the Illinois Central, near Clinton.

PREPARING FOR THE FRAY.

The Difference in the Activity of the Two Committees. Gorman in the Saddle Again.

WASHINGTON, D. C., August 3.—There is a marked difference in the amount of activity displayed at the two Congressional committee headquarters in this city.

The Republicans are busily at work and have five hundred helpers on their pay roll, while the Democratic forces numbers about ten besides a few volunteers. The difference in policy suggests something better pure patriotism.

Chairman Jones, Senator Gorman, Senator Falkner, Messrs. Barnett and Norris, are in Washington and had a long conference today and it is understood that Gorman will be chairman of the Executive Committee.

Both Claim Alabama a Big Difference in Estimate.

MONTGOMERY, Ala., August 3.—The Democratic State Committee after diligent inquiry estimate that the State has gone for Johnson by forty or fifty thousand and majority. The Populist Committee claims the State by twenty five thousand. The negro vote was small.

Two Thousand Men to Work.

CLEVELAND, Ohio, Aug. 3.—All the rolling mills in this place resume work at once giving employment to two thousand men.

The Situation Grave.

CLEVELAND, Ohio, Aug. 3.—The strike situation continues to grow more serious. There has however been no more trouble as the militia are in control.

The Gold Bags Resign.

CHICAGO, Ill., Aug. 3.—At the meeting of the Democratic State Committee the gold standard members of that organization resigned, except Ben T. Cable and he was removed.

Another Junket.

WASHINGTON, D. C., August 3.—Secretary Carlisle contemplates another trip on the Light House tender Maple. He will start about Friday.

Would Run the Country.

MILWAUKEE, Wis.—Sound money has a distinguished champion in Mgr. Zeininger, vicar general of the Milwaukee archdiocese of the Catholic church. In an interview published Saturday Mgr. Zeininger declared that careful study had convinced him that the free coinage of silver would ruin the country.

Mgr. Zeininger comes from Austria, a country that is on a silver basis.

Austria's financial condition was proverbially bad for years past, and her currency at a discount in all other countries. Her treasury was impoverished, and it is only since she has been making an attempt to place herself on a gold basis that her credit is improving. In 1894 the premium on gold in Austria was over 4 per cent.

CLEVELAND AND CRIMINALS.

Nebraska Judge Says He Has Sent Better Men to Prison.

KRANEY, Neb.—In a Populist rally here District Judge C. R. Scott, at Omaha caused a sensation when he in his speech classified McKinley and Senator Sherman with Her Most, and declared that he had sent better men than President Cleveland to the penitentiary.

Judge Scott gained notoriety several months ago by ordering newspaper men sent to jail for criticizing his course on the bench.

He was elected as a Republican, but has recently been advocating Populist doctrines.

The four hundred strike, at Superior, Wis., has been settled on a basis of \$1.75 a day and 25 cents an hour for the laborers.

The official Treasury statement shows that the receipts of the Government for July were \$29,049,667, and the expenditures \$48,055,440, a deficit for the month of \$18,015,773.

CHASED BY SPANIARDS.

Captain of Steamer Brixham Complains of Ill-Treatment in Cuba.

BALTIMORE.—Capt. Durie, of the steamship Brixham, which arrived from Gibara, Cuba, reports that a part of his crew were chased by a Spanish naval craft while his vessel was lying in that port.

On Sunday, the 19th ult., Chief Engineer Carlson, of the Brixham, and the engineer of the British steamer Tyrian, accompanied by several scamen, went sailing in the harbor.

When near the shore a Spanish officer hailed them and ordered them to come ashore, Carlson refused and steered for the steamer lying a mile away. A sloop was quickly manned by the Spaniards and gave chase, but the American out-footed her, and all got safely aboard. A Spanish officer boarded the Brixham and demanded the surrender of the men, claiming that they were connected with a filibustering party. Capt. Durie refused to accede to the demand, and ordered the Spaniards off the ship.

Capt. Durie reports that a dozen American vessels are in the harbor awaiting cargoes of bananas, the recent edicts of Gen. Weyler being the cause of great delay in securing and loading the fruit.

Recent Happenings.

By the capsizing of a sail boat at Pictou, N. S., three sons of John Brown were drowned.

The Emerson-Fisher Carriage Company, of Cincinnati, O., has assigned. Assets, \$450,000; liabilities, \$369,000.

The lives of 22 persons were put in peril by the crazy acts of an insane captain on a sloop yacht in Jamaica Bay, L. I.

The Independence Club, of Canada, is arranging to hold a Dominion Convention to urge the independence of Canada.

Miss Virginia Fair was saved from drowning by a life guard at Newport, R. I., being almost unconscious when rescued.

Abner Doolittle and his wife, of Columbus, O., were fatally lured by an explosion of gasoline while cleaning furniture.

Employees of the grain elevators at Superior, Wis., are to work hereafter by the day, and not at all after August 31, until further notice, because of the attempt of the Board of Trade to oust the Minnesota grain inspectors there.

The cruiser Montgomery has reached Key West, to relieve the Maine of quarantine and filibuster guard duty. The Maine has gone to Norfolk. The Columbia is on her way to rejoin Admiral Bunce. The Bancroft has arrived at New London.

Columbia Qualities

What do we mean when we emphasize Columbia Quality?

Here are two Watches. They seem alike. Examine the works. They look alike. What is the difference between them? One is an ordinary Swiss watch and the other is a Jorgensen or Frolsham. They certainly look alike, yet if you want a TIME-PIECE the Jorgensen is worth a hundred of the other.

What the name of JORGENSEN is to a watch, what the name WORTH is to a garment, what the name COLUMBIA is to a Bicycle. It represents the most advanced ideas of Bicycle construction of today, backed up by two decades of practical experience.

It is a maxim of all nations: YOU CANNOT HAVE QUALITY WITH OUT COST. But to this should be joined the other maxim of all ages, the BEST is always cheapest in the end. COLUMBIA QUALITY is the most inexpensive for any wheelman to buy.
