

AS TO FUSION. CAN FUSION BE MADE ON BOTH TICKETS.

Special.
Republicans Want State Legislature To Snuggle Out Silver Republicans. As to Butler Control. Doubt of Democratic Sincerity.
 Special.
HALLOW, N. C., August 6.—A leader of the Populists has declared that if the Populists and Republicans cannot fuse, electorally, as H. L. Grant says they cannot, they certainly cannot fuse on the State ticket. Ohio Wilson says the Republicans above all things want to get the legislature but will find this most difficult of all things to do.

It is asserted that the Republicans, who are silver men, will be snuggled out of the party.
 Democratic State Chairman Masly has occupied his spacious headquarters today. John W. Thompson, Secretary, is aided by Luther Yale, H. M. Cowan and a stenographer.
 Twenty Beaufort fishermen passed here on their way to Punta Gorda, Fla.
 The work on the Baptist State Female University here, is not to be resumed until next Spring.

Some leading Democrats believe that Senator Marion Butler cannot control those Populists who left the Republican party, and that the Populist party will only represent the proportionate part of Democratic loss of 13,000 between 1888 and 1892.
 Senator Butler's personal organ creates a sensation today by declaring editorially that the real purpose of the resolutions regarding electoral fusion which were adopted by the Democratic committee, is to try to make a proposition which no self-respecting Populist would entertain, and then when it is rejected to go before the people and try to make it appear that the Populists are not honest because they rejected the overtures looking to co-operation.

Crack of Fraud in Alabama.
FIRMINGHAM, Ala.—Frank Ballitzell, secretary of the Fusion Campaign Committee, has issued the following statement: "The election last Monday was characterized by frauds more widespread than in any previous election, and in the black belt, in defiance of law, and in contempt of the opposition, which the law required to be recognized by from three to ten representatives at every poll."
 "In Montgomery, at the court-house poll, an illiterate suspected that his ticket was wrongly marked, showed it to a friend to decide, and the fact was developed that a Goodwyn ticket had been marked for Johnston. The illiterate was arrested and jailed for showing the ticket, and the marker, who was guilty of the crime, was not interfered with. In the black-belt counties the reports state that Dallas or some other black-belt county, will send up the usual majority, which means that every majority that may be needed from these counties will be sent up next Saturday, when the vote will be canvassed.
 "The Populists are very much exasperated on account of the wrongs practiced upon them, and will not support the Bryan Democratic electors. They will put out an electoral ticket for Bryan and Watson. The Democrats can take down their ticket, and vote that ticket, or 100,000 votes will practically be lost. If this shall not be done, the Populists will refuse to vote, and let the silver Democrats work out their destiny and repent of their meanness. Self-respect, manhood, and civil liberty are dearer to some people than free silver or any other political issue."

Special.
Lineman's Horrible Death.

He was still alive, but died on reaching the hospital.
 His body was badly burned. Sheward was twenty-six years old, and leaves a wife and child. The electric light people claim that his death was due to heat exhaustion.

Special.
Must Accept Watson.
OCALA, Fla.—The Populist State Convention met here. Prof. Borden was made chairman and the various committees appointed. While waiting for committees to report speeches were made by several delegates, advocating a middle-of-the-road policy.
 They said the Populists would accept Bryan if he would accept Watson. If not they favored pulling down Bryan and putting up Watson. Peterson, of Duval county, made a sensational speech. He was tired of hearing, thirty years after the war, that it was sectional to name a Southern man for President or Vice-President. (Cheers.) He said if the Populists kept growing during the next four years as they have in the past four, they would "bust" up both parties.
 At 8 o'clock committees not being ready to report, the convention adjourned. There are about 200 delegates in attendance, and a large majority are "middle-of-the-roaders."

Columbia Quality
 What do we mean when we emphasize Columbia Quality?
 Here are two Watches. They seem alike. Examine the works. They look alike. What is the difference between them? One is an ordinary Swiss watch and the other is a Jorgensen or Pood-sham. They certainly look alike, yet if you want a TIME-PIECE the Jorgensen is worth a hundred of the other.
 What the name of JORGENSEN is to a watch, what the name WORTH is to a garment, what the name PULLMAN is to a Railroad Car, the name COLUMBIA is to a Bicycle. It represents the most advanced ideas of Bicycle construction of today, backed up by two decades of practical experience.
 It is a maxim of all nations: YOU CANNOT HAVE QUALITY WITH OUT COST. But to this should be joined the other maxim of all ages, the BEST is always cheapest in the end. COLUMBIA QUALITY is the most inexpensive for any wheelman to buy.
