WASHINGTON LETTER

'The Party Managers Under Hot Criticism.

Hanna, Butler and Jones all Sharply Ortifelsed. Gold Ticket and Whitney's Position. Cleveland will Likely Bolt. Hot Weather.

JOURNAL BUREAU, & WASHINGTON, D. C., Aug. 10th. If only one political party was starting into the Presidential camp ign by finding fault with the men who have Leen selected to manage that party's interests, it would be easy to sgree in saying that the party was thereby jeopardizing its chance for success. But with a more or less considerable number of men in each of the parties finding fault with the party managers, as is now the case, it is much more difficult to form any idea of what result if ony, the fault-finding will have upon the election.

Senator Jones, Chairman of the Demo--cratic National Committee, Mr. Mark Hanna, Chairman of the Republican Committee, and Senatog Butler, Chairman of the Populist Committee are each under a hot fire from members of their own party. Senator Jones is sharply criticised for what has been done by Mr. Committee, at the elaborate and expensive headquarters be has established in New York, for the populist interview which he has repudiated, and for general difatoriness in getting down to work.

Mr. Henna is found fault with because of his autocratic methods, and Senator Butler because he has not made his appearance at Populist Headquarters in Special. Washington since he was made Chairman of the National Committee. From this it will be seen that so far as fault finding arrived at the Fifth Ave Hotel this after is concerned it is about a stand off all around. So far as smoothly working machinery is concerned, the Republicans both in their Congressional and National Committees, are far in the lead. They daily send out from Washington, ten times as many documents as their opponents. However, it has from the first been Santon Streets, and East River, this afgenerally understood that the silver or ternoon. Democratic campaign would not get under way until Bryan made his speech of acceptance. As he will do that, at New York city on Wednesday of this week, his party managers may now be expected to bogin to hustle.

The gold D mocials are not numerous in Washington, outside of the holders of prominent positions under the administration, and whatever disposition they might have felt to enthuse over the call for a gold Democratic convention, to meet at Indianapolis September. 2, was squelched by the appearance the same day, of an authorized interview with Ex-Secretary Whitney, declaring that McKinley would carry New York by 260,000 majority. They know that Mr Whitney never talks for publication except for a purpose, and that his purpose in this case was to throw cold water on the idea of putting up a gold Democratic ticket, by letting it be bustled in a very democratic way from seen that himself and other influential his train to a flat car, and climbed with gold Democrats intended to throw their hands and knees to his position, at coninfluence for McKinley. It is generally believed in Washington that a gold ticket He said, "When he received notice a will be nominated, but even the silver

doubt about his position; he will bolt, as will President Cleveland and every member of his Cabinet, except Secretary Smith, and he will probably be out of the Cabinet sometime before election. It is now said among friends of President Cleveland said among friends of President Olevenand that it was the failure of the convention to my a word commendatory of the admin letration, more than the adoption of the free colonge clause of the platform that cands the bolt of the President and all but

It has been said that politicians can stand anything, but an exception must now be noted. They cannot stand the brothing sizzing sort of weather iwhich Washington has lind for the past few days. COMMITTER MERPING.

GREAT CHANGE IN SENTI-MENT ON FUSION.

Democratic Committeemen Arrive. Anti-Pusionists Strictly in Evidence. Singular Evidence For Fusion Given.

RALEISH, N. C. August 10 .- The following persons arrived here to day to attend the Democratic State Committee meeting. Clement Manly, W. H. Kitchia, J. R. Young, Heriot Clarkson, R. L. Durham, D. J. Pemberton, G. S. Bradshaw, J. R. Webster, Paul 3. Meanes, J. D. Glenn, W. C. Douglas, H. L. Stevens, Geo. B. Patterson, F. D. Winston, W. D. McIver, W. B. Rodman, J. A. Brown, A. C. Avery, A. E. Walters, Geo. A. Jones, J. H. Pou, R. D. Gilman, W. T. Lee, E. J. Hale, S. Gal-

Some members said frankly that there had been an immenserevulsion of sentiment since July 30th, regarding fusion, and they declared that they had no idea that the committee would tonight agree

Some of them said that Paul B. Mans, who at last meeting was browbeaten for his attack on fusion, would tonight have plenty of supporters, and that no motion to eject any anti fusionist would, tonight, te made though one was made in the Means case.

A delegate told me that the reason why the committee had before decided that fusion was proper, was because chairman Jones had recommended it, and not because of any exhibit showing grave weakness of party.

Others said that had the members of the committee in person been here July 30th to vote, there would have been different results, In other words that the vote was due to proxies.

Western members are solid against fusion. It is said positively that tonight nothing more is accomplished between the Populists and Republicans, or beween Populists and Democrats. In other words all hands are playing for position, and trying to fix the responsibility.

Richmond Pearson arrived this afternoon from Ocracoke to remain during
