## STATE POLITICS.

### POPULIST HOSTS AND POLITICIANS GATHERING.

Six Hundred Delegates, Republican Leaders on Hand. Secret Work to Bring Fusion. Russell Not to Down.

Special. RALEIGH, N. C., August 12.—At least a hundred delegates are already here to attend the Populist convention.

The Republicans are re-inforced by G. Z. French, H. L. Grant, C. M. Bernard and R. O. Patterson, all working like beavers to induce the Populists to fuse with them.

The anti Butler element is led by Gill, Populist, from Vance county who is at work to secure fusion with the Republicans.

A Populist tells me tonight many Eastern delegates favor this plan, and he hints that Republican money has been used among them.

Bob Hancock said to-night that Russell would not come down. He added, "I say this as State Committeeman." R. O. Patterson is chairman of the new Republican central committee and says a square fight will be made for the McKinley ticket and sound money, beginning next week. He does not think Russell will come down, that may be there will be three candidates for Governor and Populist-Republican fusion on the remainder of the State ticket and electors, each side to vote unpledged.

The Populist committee was in session four hours ending to-day.

It considered Chairman Manly's proposition for electoral fusion. During recess Mr. Manly called on Senator Butler and they had another conference. No answer up to 8 o'clock has been made to Manly's proposition. Butler said one would be made tonight or early to-morrow.

It is said the committee discussed this afternoon whether it should demand the Democrats fusion on Congressmen and Electors. This was Butler's view, it is said, as congressmen are as important as electors.

Many Populists are earnestly demanding a straight ticket all the way through. It is learned that Oliver H. Dockery would accept a place on the Populist State ticket. He will probably go on it.

There is tonight a strong movement to fuse with Republicans on the State ticket, with Guthrie for Governor.

A statement is made on high authority that Butler made Manly a proposal for complete fusion several days ago and that Manly did not present this to his State committee Monday night.

W. F. Strawn was nominated for Congressman here today, by the Populists.

The Farmers State Alliance, at Hillsboro re-elected the old officers and adopted a resolution denouncing the Attorney General for not allowing John Graham to bring suit to test the validity of the lease of the North Carolina Railway, and pledging alliance to vote for no candidate who does not pledge himself to try to break this lease.

**Harrison to Take The Stump.**  
New York.—Ex-President Harrison has decided to soon take the stump in behalf of sound money. This determination is announced by letter to General Powell Clayton. The letter is dated August 10th, and in it ex-President Harrison states that he will make a speech in this city at any time during the month of August which the Republican National Committee may select. General Clayton at once telegraphed his acceptance of the offer, and fixed August 27th as the date. The hall has not yet been selected.

**Death of Baroness Tennison.**  
LONDON.—Baroness Tennison, about 70 years old, widow of the former poet laureate, is dead. She was a daughter of Henry Sellwood, and her mother was a sister of Sir John Franklin. Her son, Hallam Tennison, is the present Baron Tennison.

For many years Lady Tennison was an invalid. When she married the poet in 1850 there was no lovelier girl in England, perhaps, and she was ruddy and robust, but shortly after the birth of her youngest child she was seized with an incurable malady.

**Applying "Jim Crow Law."**  
ATLANTA, Ga.—Judge Calhoun, of this city, has decided that the "Jim Crow law" of this State, requiring rail road companies to provide separate coaches for white and black passengers, is applicable also to street railways. The decision was rendered in a last case brought from a car of the Atlanta Electric Railway Company for refusing to take one of the seats in the rear of the car reserved for negroes. The officers of the company, in need frequent complaints by white ladies of the manifest presence of negroes in the same seats with them, had made a regulation that negroes must occupy the rear half of the car.

**Shipmen Not to Manage.**  
New York, August 12.—Senator Thomas will not let ship managers the Democratic nominees.

The plan of building for Washington has not yet been decided upon.

### Bryan Keeps Quiet.

Special. New York, August 12.—W. J. Bryan kept in seclusion all day, awaiting the events of this evening.

### Still 100 Degrees.

Special. New York, August 12.—The thermometer reached the hundred mark again today.

Fifty-six persons died from the heat, today, and seventy-five prostrations reported.

### To Knife Bryan.

Special. SAVANNAH, Ga., August 12.—The report is gaining ground that Populist nominees for Vice-President, Tom E. Watson, will bring about fusion with the Republicans, and knife W. J. Bryan.

### Wreck in Cuba.

HABANA.—The rebels have wrecked a passenger train near Navajas, province of Matanzas, by exploding four dynamite bombs under it as it was passing. A number of passengers and several soldiers, who were acting as guards, were wounded.

The insurgents have destroyed the Cuba sugar estate of Hucua, in the Manzanillo District, owned by Joseph Rigoey, an American, and the San Miguel estate, at Azupardo, province of Matanzas. The losses occasioned by the destruction of the properties are estimated at \$1,000,000 in each case.

### Gold Democratic Convention.

PHILADELPHIA.—John C. Bullitt, chairman of the sound money Democrats of Pennsylvania and of the Pennsylvania delegation to the recent Indianapolis convention, will call the committee together to issue a formal call for a State convention of sound money Democrats.

The convention will probably be held in this city August 25th, and will elect sixty-four delegates to the Indianapolis National convention of sound money Democrats to be held September 2d.

New York.—The Times says: The Democratic party reform organization will hold a sound money convention in Saratoga about August 27th, and nominate a State ticket. This has been determined upon within the past few days. The convention will also elect delegates to the national convention of the Democratic party to be held at Indianapolis September 2nd.

### NO IMPROVEMENT

**Report in the Treasury Situation.**  
Deficit is Heavy.

WASHINGTON.—With one third of August passed the Treasury situation does not show that improvement that was reasonably hoped for. The receipts foot up \$9,360,000 and the expenditures \$19,665,000, leaving a deficit so far of \$10,295,000. It is probable that this deficit will be lessened somewhat before the end of August.

The gold reserve at the close of business stood at \$107,104,261, a decrease of \$3,670,000 since August 4, when the reserve reached its recent maximum.

Since July 23 the legal tender notes held by the Treasury [which were paid out for the gold paid in, which are redeemable in the gold on presentation, have decreased from \$87,990,000 to \$69,250,000.

### THE LAUREDA'S VOYAGE.

**Said to Have Taken Armed Men on Board off Atlantic City.**

PHILADELPHIA, Pa.—The latest story told about the steamer Laurada is that she was seen off the New Jersey coast on Sunday last, having just taken on board a military expedition brought out to her from a steam yacht, which had left Atlantic City on Friday afternoon.

The yacht is said to have arrived at the seashore two weeks ago, under command of a well-known Cuban. When she left she had 80 passengers on board. They were armed with revolvers and machetes. The vessel met the Laurada coming up the coast, and the passengers were soon transferred. It is further stated that the yacht had subsequently been engaged in taking parties from other points to the famous steamer, and that when the latter was seen on Sunday she had already taken 110 armed men on board, some of whom were taken from small boats before she left Delaware Bay. It is also declared that she carries 1600 tons of ammunition.

The Norwegian steamship Moringen, which arrived yesterday from Gibara, reports that the town of St. Lucia was totally destroyed on the night of August 4 by the insurgents. Three days' notice had been given to the inhabitants to leave and carry all their goods. It is reported that the insurgents are gradually advancing on Gibara, with the purpose of destroying it.

Captain General Weyler has issued an order, which will soon be put into effect, closing the port of Gibara to all classes of vessels. This decree has been brought about by large consignments of arms and munitions of various kinds being brought there by ships from the United States.

Dr. Coppesio, the Spanish Consul, is angry because the Laurada was allowed to leave here without opposition on the part of Government officials.

Green P. Collins, who killed Dr. J. N. Coffey, President of the State Board of Pharmacy, recently, was admitted to jail in the rear of 24,000 at Coler, Ill.

## Columbia Quality

What do we mean when we emphasize Columbia Quality?

Here are two Watches. They seem alike. Examine the works. They look alike. What is the difference between them? One is an ordinary Swiss watch and the other is a Jorgensen or Frodsham. They certainly look alike, yet if you want a TIME-PIECE the Jorgensen is worth a hundred of the other.

What the name of JORGENSEN is to a watch, what the name WORTH is to a garment, what the name PULLMAN is to a Railroad Car, the name COLUMBIA is to a Bicycle. It represents the most advanced ideas of Bicycle construction of today, backed up by two decades of practical experience.

It is a maxim of all nations: YOU CANNOT HAVE QUALITY WITHOUT COST. But to this should be joined the other maxim of all ages, the BEST is always cheapest in the end. COLUMBIA QUALITY is the most inexpensive for any wheelman to buy.
