ESTABLISHED 1882.

PRITCHARD AND RUSSELL.

TO OPEN STATE CAMPAIGN TOGETHER.

Issues to be Discussed. Stocumb for Third Cong. District. Orphanage Inspected. Joint Canvass Advocated by Manly.

Special. RALEIGH, N. C., August 20.—Senator Pritchard will assist Judge Russell at the opening of the campaign tomorrow, and will discuss National issues.

A. H. Stocumb will be the Republican Congressional nominee for the third District.

The State inspection of the white and colored Orphanages, at Oxford, was made today. Both were found in excellent order. Four cottages each accommodating 24 boys are nearly completed, at the white Orphanage.

J. M. Menburn was here today. He says he will not vote for McKinley. Judge Russell says no combination of Populist and Democrats can prevent McKinley from carrying North Carolina.

Chairman Manly, writes chairman Ayer that C. B. Watson will be pleased to meet W. A. Guthrie at the former's present appointments, and to make such further ones as may be desirable, and that efforts will be continued to induce Russell to participate in the joint canvass.

The Gold Returns.

WASHINGTON, D. C., August 20.—The Treasury Department is rejoicing over the gold imports, and express a belief that the tide is turning.

At the Democratic and Populist headquarters it is announced, however, that the gold imports is part of a scheme to influence opinion in the Presidential contest.

This is denied by the Treasury officials.

Republican Campaign.

Special. NEW YORK, August 20.—Chairman Hanna has admonished his lieutenants at Republican headquarters, that they were too confident.

Hanna is arranging for the campaign. The best orators that can be secured will be sent throughout the country.

Populist Committee Adjourns.

Special. WASHINGTON, D. C., August 20.—The Executive committee of the Populists has adjourned, subject to call.

It has accomplished all that could be done at the present time, and is arranging for headquarters at Chicago which will be in charge of J. B. Sovereign.

Chairman Marion Butler will give his whole attention to the campaign work, assisted by Secretary Edgerton, who will be here during most of the campaign.

These Gold Imports.

Special. NEW YORK, August 20.—The bankers here have strenuously denied the statements, today, that the gold imports were artificial.

It is said there has been no conference of bankers to bring this about.

Jones at Chicago.

Special. CHICAGO, August 20.—Senator Jones has arrived here, today, and it is expected he will announce the appointments of his executive Committee in a few days, to fill vacancies.

Governor Stone is being urged for chairman.

Killed While Asleep.

TOPEKA, Kan.—A Rock Island freight extra, carrying stock from the South part of the State, was wrecked at the Sugar Mills, four miles west of this city.

Four men stealing a ride in the feed box of a stock car were almost instantly killed.

The men must have been asleep, as the train was slowly pulling into a switch when the box underneath the car dropped down.

Six cars in the train were derailed.

Welcome to Ed.

PHILADELPHIA.—The arrangements for the reception of La Hung Chang are announced. He will arrive at Governor's Island, next by President Cleveland.

There will be a naval review and a grand showing of pomp. Sunday, 11 will visit the tomb of Grant and in the evening will dine with John Russell Young, George F. Seward and other Americans with whom he became acquainted in China, Monday, 12th, the party go to West Point where a military review will be held.

Tuesday the Chamber of Commerce will give a reception and dinner in his honor Wednesday he will visit Brooklyn. Mr. Young will entertain Lis his guest in Philadelphia Thursday, September, 3d.

That evening he will go to Washington, where he will spend two days. From there he will go to Niagara Falls, afterward travelling by the Canadian Pacific to Vancouver, where he will embark for China.

Smoked Twenty Cigarettes.

PHILADELPHIA.—As the result of an attempt to see how many cigarettes he could smoke in half an hour and win a wager, fourteen-year-old George F. Ewell died. Last evening a number of new-

boys were talking of cigarette smoking and one of the crowd urged Ewell to see how many he could smoke in half an hour. A small wager was made and two packs of cigarettes were purchased. The boy was lighting his twentieth cigarette when half hour was up. The lad was taken sick and died.

The coroner's officials who investigated the case said that death was due to excessive cigarette smoking and more directly to the large number, which the boy had smoked.

Tragedies in West Virginia.

HIXTON, W. Va.—News reached this city of a terrible tragedy near Cashmere, Monroe county. Lewis Crotty and James Polley had been enemies for, some time, and they met at a wheat threshing, and the trouble was renewed. Crotty knocked Polley down, and then, drawing a revolver, shot him twice, one ball entering near the heart. Polley grabbed the revolver, and was about to succeed in taking it away from Crotty, when Crotty's son ran up behind Polley, and struck him across the neck with a pitchfork, breaking his neck, and killing him instantly. Crotty was arrested and lodged in jail.

Gold and Silver Mines.

WASHINGTON.—When officials of the Treasury Department prepared Circular 123 they were of the opinion, that every conceivable question concerning the finances and coinage of the United States had been answered. They find they were mistaken. Hardly a day passes but that questions are asked that Circular 123 does not even refer to. Those concerning the ownership of gold and silver mines in the United States are the most numerous. Director of the Mint Preston says it is almost impossible to give a satisfactory reply to these inquiries. The gold and silver mines of the United States, he says, are largely stock affairs, and it is very difficult to trace out the ownership of the stock. Great blocks of European capital, he says, are always in the United States unwilling paying investments, and when gold and silver mines present themselves they are readily taken up. It is well known, he says, that the Rothschilds and other foreign capitalists are large owners of such stock in dividend-paying gold and silver mines in the United States. What percentage of such stock is held by foreign capitalists cannot be determined. No official statistics on this subject have ever been gathered by the United States Government. Mr. Preston says he will make an effort to gather such information for the present calendar year.

Telegraphic Items.

Percival Lowell announces from Flag staff, Ariz, that with his new twenty-four inch telescope he has been able to see that the Martain Canal, Gan, is a double.

Hiram Price, who killed his wife and mother-in-law with an ax, June 4, and escaped to the mountains, has been captured and lodged in the Scedesville, Ky, jail. Men are gathering from every direction, and Price will probably be hung ed shortly.

Sheriff Lundy Folsom, of Perry, Okl., has been arrested by a deputy United States marshal on a charge of having murdered a wealthy cattleman named Long, some nine years ago. Folsom was suspected at the time of the murder, but was not prosecuted.

The body of Paul Rose, a Weld County, Colo., cattleman, who was murdered recently by a cattle rustler, has been found buried in the mud near the Colorado-Nebraska line. His herd was found in the possession of Al Cochran, king of the cattle rustlers of Colorado and Nebraska.

Farmers in Brookfield Township, just south of Marseilles, Ill., are greatly exercised over a new disease which has broken out there. The disease has spread in three herds of over 100 head, and many of the animals are hopelessly blind, and many others rapidly losing their sight.

The City Council of Topeka, Kansas, has enacted a curfew law. It provides that all children under sixteen years of age found on the streets or in public places unaccompanied by guardians, after 9 p. m. in summer and 8 p. m. in winter, shall be arrested and fined not less than \$5 nor more than \$25.

Rev. Henry B. Waterman, of Chicago, who was recently arrested at Jamestown, N. Y., charged with unlawfully taking mail from postoffice boxes, was discharged by United States Commissioner Hanslip. Mr. Waterman went to the Chautauque postoffice to get his mail. The office being closed he removed the glass that covered the boxes and took out his mail, then replaced the glass.

CUBAN FILIBUSTERS LAND.

An important expedition gets into Finar del Rio.

HAVANA.—Notwithstanding the activity of the war ships in patrolling the coast of the island, the landing of filibustering expeditions continues, and within the past few months the insurgents have in this way received much aid from outside the island.

The latest expedition to safely land has got ashore on the coast of Finar del Rio, and the members and the supplies they brought with them are now with the rebels. The news of the landing of this expedition reached here late this evening.

It is said that the expedition was an important one, though the place from which it sailed is not stated.

Basilio Soler, a prisoner of war, will be shot to morrow in the Cabanas fortress for the crime of rebellion.

BARCELONA.—Ever since the recent rioting in this city the authorities have been on the alert to prevent a recurrence of the disorders. A close watch has been kept on Republicans, who, in connection with other members of the party throughout Spain, were believed to have been active in fomenting the late disturbances. As a result of the surveillance, Senors Marti and Ribot, both Republican members of the Cortes, and fifteen others were today arrested. It is charged that they are implicated in a conspiracy having for its object the creation of disorders in connection with the coming embarkation of reinforcements for the army of Cuba.

It is believed that the Republicans have made attempts to tamper with the loyalty of the troops and sought to induce them to mutiny rather than to serve with the colors in Cuba. This plan is thought to have been effectively frustrated and no trouble is apprehended when 40,000 men destined for service in Cuba are despatched to the island.

The most important arrest that has been made is that of General Estebanez, who was Minister of War in the Republican government which followed the abdication of King Amedeus in 1873.
