MANLY ON FUSION.

THAT JOINT GUBERNATORIAL DISCUSSION.

Northern Capitalists Buy Land, Bank Suits, Mott working for Senatorship, Prohibitionists, Loge Harms Discredited, State Farms.

JOURNAL BUREAU,
RALEIGH, N. C., August 22.
Chairman Manly, of the Democratic State Committee was asked to-day what were the prospects of electoral fusion with the Populists, and said he had never had the least doubt that it would be arranged and consummated on election day. He says this is not a year for politicians, but one for the people. Senator Butler appears to believe there will be electoral fusion.

There was a mistake in the statement made by some papers, that Chairman Manly in his letter to Populist Chairman Ayer proposed to limit the debate between Watson and Guthrie to certain lines. On the contrary the idea was that it should be entirely untrammelled.

Guthrie will unite in an effort to force Russell to meet him and Watson on the stump. The pressure he can bring to bear will naturally be considerable. The Republicans consider themselves as to a certain extent allies of the Populists on the State ticket and so when a Populist "gives a dare," they can't snub it with a contemptuous air, as they would a Democratic proposition.

The Populists of the 8th district endorsed Romulus Z. Linney, Republican nominee for Congress. There is considerable interest as to whether Richmond Pearson, Republican nominee in the 9th district will be given Populist aid and comfort.

Mrs. C. J. Pickford, of Lynn, Mass., to-day sent to Joseph G. Brown, treasurer, \$500 for the Pickford Sanitarium, for colored consumptives at Southern Pines. The Sanitarium will be built under the supervision of Dr. Scruggs, a colored physician of this city.

Northern Capitalists have this week purchased 4000 acres of land in Warren county for use as a game preserve.

The persons interested in many counties in the suits against the Bank of New Hanover and its branch at Wadesboro, they hope and expect to straggle out and settle the whole matter without further recourse to the courts. They have had meetings here and at Charlotte.

It turns out that the line of Dr. J. J. Mott's thought and work here during the Populist convention was in the direction of the Senatorship. Dr. Senator Butler had made a deal with the Democrats all the way through he would have claimed the Populist. The question is, would he have let that plan fall to the Doctor.

Two days ago our State Prohibition Convention was held at Salisbury. Yesterday another was held at Greensboro. The last was of the National Prohibition Party and James H. Southgate, its nominee for Vice President, presided. It nominated the following ticket: For Governor, Rev. J. W. Holt, of Alamance; Lieutenant Governor, T. M. Steppens, Secretary of State, W. O. Allen; Auditor, John H. Miller; Treasurer, Perry McLean; Superintendent of Public Instruction, J. C. Cain; Attorney General, Yancey H. Cox, Electors at large, F. S. Blair, J. M. Tompkins. The Prohibition strength in State hardly exceeds 10,000. This year it has two tickets.

Ex-Republican State Secretary, J. C. L. Harris, says he does not intend to go near Republican State headquarters; that he refused to continue as Secretary if A. E. Holton was to be chairman, that the Republicans do not appear to have any sense this year; that their congressional committee in this district has no sense enough to lead a horse to water, hence he refused to fuse with the Populists and endorse Stroud for Congress, but put out P. T. Massey as his candidate, when it knew perfectly well it could not carry a county in the district save Vance without Populist aid.

Governor O'Ferrall, of Virginia today requested Governor Carr to instruct the Sheriff of Sampson county to hold for requisition Walter Livermore, who is wanted for a felony.

Secretary of State Cooke has sent to the various counties 10,000 copies of the new election law.

At the State penitentiary farm on the Beaufort river an official examination is now in progress by Superintendent Leake to ascertain the loss by the floods. This is the first year that any cotton has been lost by floods. On the Caladenia farm one corn crop has been lost in five years and on the Northampton and Hall farm two corn crops in seven years. The rebuilding of the broken dykes is half completed. These dykes are 42 feet high. One which was broken has been built 50 years, was covered with grass and trees, a foot or more of winter moss grown on it. The raging river swept on this and as one place tore out a hole in the ground 75 feet deep and 120 yards long. Mr. Leake says that the new farm near Wadesboro has shown up vastly better than expected, that 750 acres in cotton and corn are in culture this season.

BRYAN'S CAMPAIGN.

Thinks Outlook Encouraging to Carry New York. Says Republicans Badly Mixed.

SPECIAL.
TRVOLI, N. Y., August 22.—Candidate Bryan opened the campaign here today. He spoke of the encouraging outlook for carrying this State, and invited the farmers and others to study the question.

Bryan said our opponents are all at sea on this same gold standard. The Democrats want a ticket that others fear, this will defeat McKinley. He referred to that part of the platform where it scores national banks. He said that plank was not written to catch the votes of the bankers, but was for the benefit of those suffering at the hands of the money changers.

Consolidation Denied.

SPECIAL.
NEW YORK, August 22.—The officials of the Western Union Telegraph Company flatly deny the reported consolidation of its company's interests with those of the Bell Telephone Company.

HOW'S THIS?

Populists Failed to Endorse Bryan, Watson and Free Silver in Johnston County.

SPECIAL.
RALEIGH, N. C., August 22.—A special tonight from Smithfield tells of a strange occurrence at Johnston county's Populist Convention.

It tabled a resolution endorsing Bryan and Watson and free coinage of silver. There is great dissatisfaction at this action. Your correspondent asked Republican chairman Holton if he had Johnston county Populists "hoodooed."

Disastrous Prairie Fires.

DENVER, Tex.—Destructive prairie fires are raging in the Chickasaw Nation. Dwellings, crops, and hay have been destroyed, aggregating a loss of thousands of dollars. The creek bottoms are lined with hundreds of immigrant wagons that dare not travel, owing to the scourge of fire. There is no water, and the fire has full sway in Rock creek. The fire got into the timber, burning a number of houses, and in some instances cattle were suffocated by the smoke.

BANK STATEMENT.

Financial Showing a Surprise Much Better Than Expected.

SPECIAL.
NEW YORK, August 22.—Today's statement of the condition of the New York banks caused a surprise to the financial world, the bankers looking for a loss in the surplus.

The reserve was in excess of the amount required by law by about five million dollars, therefore it was a surprise when the statement showed only a loss of \$123,000.

The good showing attained in the last week exchanges figures was based on yesterday's statement.

Telegraphic Items.

The amount of money collected under the Raikes liquor law still continues to swell. The returns from all counties up to Aug. 15 shows total to be \$16,891,065. Of this amount New York City has contributed \$4,965,189; Kings county, \$2,124,504; and Erie county, \$835,977.

While a number of men were blasting in a rockcut near Parry Sound, Ont., a heavy charge of dynamite prematurely exploded. Two of the men, Smith and Hillman, were instantly killed. John Olsen was fatally injured, while other of the gang were seriously hurt.

George W. Anderson, who cut his wife's throat at their home near Atlanta, in Macon County, Mo., on the 27th of May, 1895, and then attempted suicide by slashing his own neck, was hanged at Macon. Anderson courted death, and apparently fully realized that he was getting his just deserts in being hanged.

At a large and enthusiastic meeting of Ohio people in attendance upon the Winona Assembly, at Eagle Lake, Ind., strong resolutions were adopted pledging themselves to assist in raising \$10,000 of the \$40,000 additional necessary to suitably accommodate the General Assembly of the Presbyterian Church at that place next May.

A mob of twenty-five white men entered the hut of five negro cotton pickers at Hill Side, Waco County, Tex. They shot Anderson Vaughan because he was slow in responding to their commands "hands up." He and his companions were taken out, and Vaughan, who fell on the ground was beaten and kicked to death. The other four negroes were also beaten frightfully. Officers have gone to the scene of the outrage.

The use of the German ritual in Knights of Pythias lodges is again exciting discussion. As a result of an investigation recently conducted by Commissioner Howard Douglas, Past Supreme Chancellor, a report will be submitted to the National convention of the Supreme Lodge of Cleveland next week, showing that the decision of the Supreme Lodge forbidding the use of the German ritual has been systematically ignored and violated. The three men against whom the charges were brought are German Past Chancellors Charles T. Leach, of Bloomington, Va.; Henry Valdegon, of Louisville, and Fred Beck, of Chicago.

WILMINGTON LETTER.

PRESSING NEED OF A QUARANTINE STATION.

Cool Weather But Excursions Continue. Went to Salisbury Alligator Hunting, Financial Discussion.

JOURNAL BUREAU,
WILMINGTON, N. C. Aug. 23.

The torrid weather that has prevailed for so long, has given place to a decidedly pleasant coolness, and that east wind, which we enjoy so much here has blown very steadily the past three days. Though bad for the resort people, they can not complain, as they have done a big business owing to the awful heat. The excursions from the inner counties continue, and new faces appear on the street every day. Where the money required for the trip comes from is a mystery to our "silver agitators."

The orphans from Goldsboro were here three days, the guests of Wilmington Lodges of Odd Fellows.

They were at the seashore, bathing in the surf and stayed in the City two days.

The excursion to Mt. Airy took a big number to the mountains to enjoy for a few days, the delights of spring water and mountain air. The fare was so low that it was hard to resist the thought of going, and many went.

In the Fire Department circles the tournament at Salisbury is creating quite an interest.

The chief and a good delegation left here to attend the celebration and hope to bring back some of the prizes, in return for their efforts.

A hunter from Wilmington has been carrying on quite a war against the alligators, in a large lake, a few miles from the city.

He has bagged about one hundred alligators, in two weeks, and secured the skins, which are worth from twenty cents to a dollar. It requires some skill as after killing a 'gator he immediately sinks, and quickness is necessary to secure the body.

The financial troubles have caused quite a lively discussion through one of our dailies, between two of our prominent citizens.

Instead of sticking to the subject in dispute, they have too'ly deviated to personal abuse, therefore spoiling the whole matter.

Base ball has started again, three games were played this week, and they are supposed to be the last of the season. It has been a bad year for this sport with us, and the regular bleacher patrons are disappointed.

The Eastern North Carolina Piscatorial Association, held its annual election of officers Thursday. This company has an extensive oyster farm on New River, which they planted five years ago, and will sell their first oysters this season.

The Revenue Cutter Colfax usually stationed at Southampton is at Charleston for the present keeping a watch on the Commodore's celebrated filibuster.

Work on our quarantine station at Southport, has been resumed after a long delay, owing to dishonest contractors. It is over a year since this station was commenced, and it is to be hoped that the work will be pushed from now on. At present the commerce at this port is hurt, as a quarantined vessel chartered here, has to be sent to some other port to be fumigated, causing a daily of anywhere from a week to a month, and damaging the interests of our city.

New cotton is coming in, in small quantities delay, but no cotton steamers have arrived this far. The cotton season is earlier than usual at this port.

The building epidemic still continues, and two of the government buildings, the post office and the custom house are receiving a extensive and much needed repairs.
