ATTACKS DEMOCRATS.

POPULISTS WILL NOT BELIEVE THEM.

The Caucasian's Savage Assault.

Special.

BALTIMORE, N. C. August 26.—Senator Butler's paper is a leading editorial today attacks Democrats savagely, declaring that Populists will not believe them and says, "You offered to divide elections. Did you? Well are you yet such fools as to think Populists are fools, are you willing to do something to show your sincerity? Are you willing to subordinate party allegiance to principle, if so do it at once." The editorial is headed, "Valdectory to the Democrats" and its object is to endeavor to force Democrats to take down Sewall in N. C. and also to endorse some Populist congressman.

Populist State Chairman Ayer was asked what it meant and he said "the situation is as clear to Democrats as to us. I think silver people will get together. We endorse no man who favors the gold standard. It was said we endorse Linney for Congress in the 8th district, but it was no regular convention which did this, only a gathering of people passing as Populists. Wait until I hear from the first district where it is claimed we endorse Senator Prichard, our strength is 68,000."

Valued at Two Million.

NEW YORK, August 26.—The late John Bloodgood, who recently died in Massachusetts, was found to have hypothecated securities valued at two million dollars, which belong to the estate of William Lattimer, the dry goods commission merchant.

Liabilities \$750,000.

NEW YORK, August 26.—It is announced here this afternoon that the liabilities of Hilton Hughes & Co., will not exceed three quarters of a million. The assets amount to over one million.

En Route to Cincinnati.

WASHINGTON, D. C., August 26.—Chairman Paulkner, of the National Congressional Committee, and Chairman Stevens, of the Silver National Committee, left for Indianapolis today. It is reported that they propose to get out an injunction against the National Democrats to prevent them putting the State ticket's electors in the field.

Cuba's Exciting Crisis.

NEW YORK.—Details of the recent acute crisis in the affairs of Cuba's Provisional Government have been received here in a letter to the World from Sylvester Scofield. Among other things he says: "There had been much friction for months between several high officers. One or two unpopular promotions were made by President Cisneros (the Marquis of Santa Lucia), and opinion was also divided upon sundry questions of internal policy.

"The climax came July 22, when the headquarters quartermaster spoke rather plainly to the President. Colonel Mandalay, Acting Secretary of War, resisted this and drew his revolver, supposedly to avenge the insult to his chief. The quartermaster also had supporters, and for an instant bloodshed seemed inevitable.

"But the venerable President, aided by the cooler heads present, quickly restored a semblance of peace. The old gentleman's feelings, however, were deeply wounded, and he immediately announced his resignation.

"The next morning all complaints were heard, differences were adjusted, and President Cisneros withdrew his resignation.

Narrow Escape.

WELDON, N. C.—Miss Agnes McGee, one of Weldon's most popular young ladies, made a narrow escape from death or serious injury. She was driving across the bridge over the bayou in Marsh Island when her horse became frightened and backed buggy and occupant over the edge of the bridge. Horse and all went crashing to the bottom, a distance of thirty feet, but, strange to say, Miss McGee was uninjured. The horse also escaped injury, but the buggy was badly broken.

New Sultan Proclaimed.

ZANZIBAR.—Shortly after the announcement of the death of the sultan, said Kaidi, with 700 Askaris, seized the palace and proclaimed himself sultan. H. M. S. Philomet, Thrush and Sparrow, as soon as Kaidi's action became known, landed a force of sailors and marines to aid in preserving order in the event of trouble, which it is feared will occur.

A Queen's Betrothal.

LONDON.—According to the World, the betrothal of Queen Wilhelmina, of the Netherlands, to Prince Bernard, of Saxe-Weimar, will be announced in September. Queen Wilhelmina will be sixteen years of age on August 31 next, and Prince Bernard was eighteen years old on April 18 last.

Sultan of Zanzibar Dead.

WASHINGTON.—The State Department has received the following cablegram from Consul Mohun, at Zanzibar, dated August 25th: "The Sultan died at 11 o'clock this morning. Said Ajid holds the palace. Sailors and marines landed. Rioting tonight feared."

With reference to Consul Mohun's dispatch, it is said at the State Department that the sailors and marines landed were in all likelihood from English ships, the Sultanate being a British protectorate. No American vessels have been on the eastern coast of Africa since the Cassini's cruise, over a year ago, when her commander reported that there were scarcely any American interests to be protected in that vicinity.

The Government of Zanzibar is controlled by the English, with Sir L. Mackenzie as British Consul, and a subordinate under

EFFECTS OF SMITH'S STEP.

Bryan Democrats in Office in All the Departments.

WASHINGTON, D. C.—Secretary Hoke Smith's resignation was talked about a good deal at the political headquarters and in the Departments. While it is understood that the resignation was entirely voluntary and uncolored, the fact that the President accepted it is significant to all officers and employees of the Government, and so is the change of position which some of them know has occurred in the case of other members of the Cabinet, who, if not favoring the election of Bryan and Sewall, were disposed to remain neutral until they were brought into line by President Cleveland against the Chicago ticket and apparently in favor of an Indianapolis ticket as the best means of electing McKinley.

President Cleveland, according to the general interpretation which is put upon these facts, does not want Bryan and Sewall Democrats connected with his administration, and the only question with them now is whether he will carry this feeling to the point of demanding the resignation of those who are known to be in favor of the election of Bryan and Sewall. It is a fact that a majority of the Democrats and the higher officials of the different Departments have been and presumably still are in favor of the election of Bryan and Sewall. Some of them have thus declared themselves more or less publicly, though most of them have only done so privately. Very few have come out squarely against the Chicago ticket.

In the Treasury Department Comptroller Eckels, Comptroller Bowler, Assistant Secretary Hamlin and Chief Clerk Leguina Carls are the only prominent officials who have come out publicly against Bryan and Sewall, and no one of any prominence in any of the other Departments has taken this stand publicly.

Assistant Secretary Scott Wike, of the Treasury Department, is counted at Democratic headquarters as for Bryan and Sewall, and the Democratic managers are sending out as a campaign document his endorsement of Bryan and of the income tax. First Auditor of the Treasury Baldwin is out for Bryan and Sewall, and Deputy Commissioner of Pensions Bell has already made at least one speech for Bryan and Sewall at the Democratic ratification meeting here, and there are others.

The question which is agitating the Departments now is if these Bryan and Sewall officials do not follow the example of Secretary Hoke Smith and tender resignations, will their resignations be called for by the President. If they are allowed to go on speaking and working for Bryan, and the gold Democrats of the Administration, according to the general expectation, take up an active canvass for the Indianapolis ticket, the extraordinary spectacle will be presented of an Administration divided against itself in the Presidential election which is attracting the attention of the world. It is believed, however, that the Bryan and Sewall officials will either be suppressed or removed, if they do not resign.

The Government of Zanzibar is controlled by the English, with Sir L. Mackenzie as British Consul, and a subordinate under

a British commander, General Hatch. The Sultan retains nominal power, however, as a means of maintaining order among the natives. The island is off the east coast of Africa, and has a population of 150,000.

The Whitney-Vanderbilt Marriage.

NEW YORK, R. I.—The wedding of Miss Gertrude Vanderbilt, daughter of Cornelius Vanderbilt, and Harry Payne Whitney, son of Hon. William C. Whitney, took place at "The Breakers," the summer home of the New York millionaire. Owing to the recent illness of Cornelius Vanderbilt, the wedding was a family affair, and not a social function. The ceremony was performed by Rt. Rev. H. C. Potter, of New York, assisted by Rev. G. J. Magill, of Trinity church.

Democrats Surrender in Oregon.

PORTLAND, Oreg.—The Democratic and Populist State Central Committee in joint session agreed upon a plan of fusion. The Democrats surrender entirely, and the ticket in this State will be Bryan and Watson.

Accidentally Shot His Sister.

CAMDEN, N. J.—William Quinn, an eleven-year-old boy, accidentally shot and instantly killed his sister, Mary O. Quinn, aged seven years, at their home in Gloucester. The boy was examining a loaded gun, when it went off, and the bullet lodged in his sister's head.

Had \$20,000 Not Starved.

EASTON, Pa.—The will of Ernest Houseberg, an alleged miser, was opened at Penargy and found to provide for the distribution of \$20,000 worth of property. It all goes to nephews and nieces. Houseberg, it is said, starved to death, refusing to buy bread.

Sending Pig Iron to Japan.

PHILADELPHIA, Pa.—The first consignment of pig iron sent from the United States to the far East will be taken to Japan on the ship Suquehanna, now loading at this port for Kobe. The iron came from Alabama, and was brought here by the Ocean Line steamships and was lightered from them to the big ship. The Japanese propose to test the iron by using it in the manufacture of various kinds of ship and railroad machinery, and it satisfactory larger quantities will be ordered. Samples already sent there induced the purchase of the consignment, which was found to be superior to the European product. While the cost of the product is less than either the English or German product, the transportation charges alone prevent the driving from the Orient of all other iron.

Bryan Given Rousing Reception.

ROCHESTER, N. Y., August 26.—Candidate William J. Bryan was given a rousing reception this afternoon in this hotbed of Republicanism. Over six thousand persons gathered about the depot before the arrival of the train. Mr. Bryan made an eloquent speech in which he declared that "Gold is the sweat of the poor, and the blood of the brave." The speaker captivated the great crowd. During the day he spoke at Rome, Syracuse and Lyons.
