## WASHINGTON LETTER.

### EFFECT OF VERMONT ELECTION UPON PARTIES.

Contributions to Bryan Campaign Fund. Senator Stewart Forced to Pay Printers. Two Opinions on Virginia.

JOURNAL BUREAU, WASHINGTON, D. C., Sep. 4th.

Take it all in all this week has been productive of very little rejoicing at the tri-party headquarters of the Bryanites. Things are not apparently going their way. [The Bryanites publicly] make light of the immense Republican majority in Vermont, and say that it was no more than expected; but it was much more than they expected. They knew the State would go Republican, just as they know that Maine will go Republican, but they hoped that the majority would be less than it was in 1892. Those supporters of Bryan who have been condemning the tendency of his managers to chase rainbows in the East, instead of concentrating their efforts upon the middle west where they have some show to win, regard the Vermont election as proof that they were right.

The result of the Vermont election has had a very interesting effect upon the Republicans. From the first they have had the best management and the most money, and now they have the most confidence.

The action of the Indianapolis convention has had a depressing effect upon the Bryan managers, although they know that the ticket nominated will not carry a single State. They fear that it may help McKinley to carry more than one by getting votes which would otherwise go to Bryan.

The money question is being brought home to the Bryan managers in a very disagreeable manner. They have been disappointed in their expectations of contributions, and don't know where they are to get the money needed to pay their campaign bills.

Senator Butler, chairman of the Populist National Committee, left Washington this week without telling anybody where he was going. It is believed to be a good guess that he has gone to confer with Tom Watson about that notification business.

The little game of politics which has been played over the printers employed by Senator Stewart to get his paper out has been both interesting and amusing, and it is going to add, for a time anyway, 25 per cent. to the wages of those printers.

The fact has been widely published that Senator Stewart's paper is set up and printed in Alexandria, Va., although it carries a Washington date line, and that the work is done there because there is no typographical union in that town and printers work for about half what they get in Washington offices run under union rules.

The managers of the gold campaign thought they saw a chance to hit the silver men a hard blow by spreading these facts broadcast, and then they made a direct play at Senator Stewart's pocket book by making arrangements to have Alexandria placed under the jurisdiction of the Washington typographical union.

The Senator headed off this move by getting the printers of Alexandria to apply for a charter for a union of their own, promising to pay whatever scale they may adopt. So his printers are certain of increased pay until the election is over, whatever they may get afterwards.

The following, which explains itself, was given out by Secretary Diefendorfer, of the silver committee, and endorsed by Chairman Faulkner, of the Democratic committee: "My attention has just been called to a certain publication called 'The Cross of Gold.' Upon the title page is displayed a cross in gilt, upon which is a picture representing a workingman crucified. I have not examined the script of this work, consequently am unable to pass an opinion upon what it contains, but I desire the public generally to understand that as, as a silver people, do not propose to check the sensibilities of those who are morally inclined by such sacrilegious display or by endorsing such a work. I can hardly see how any one equipped with good common sense should have conceived such an idea, and I am at a still greater loss to know what should impel anyone to force such an article upon the public. I am led to believe that its author is not a friend to the cause of his nation, and want it distinctly understood that we repudiate its publication."

How widely apart two persons' opinions may be on the same subject is thus shown: Secretary Britton, of the Virginia State Democratic committee— "We will certainly equal if not exceed the Democratic majority in 1892, which was up ward of 50,000, and we shall carry every Congressional district." The other side of the picture is given by Col. J. B. Keane, who has been on the stump in the State for two weeks. He said: "My impression now is that the chances are more than even that the electoral vote of Virginia will be given to McKinley and Hobart." The speaker after the truth is not with this sort of thing right along concerning every State about which there is the slightest doubt.

## POPULISTS MEETING.

State Central Committee to Meet Next Wednesday. No Plans as to Ticket. Special.

RALEIGH, N. C., September 4.—The Populist State Central Committee calls the State committee to meet here Wednesday, September 9th.

The Central Committee has made no plans as to completing the Populist ticket, as only the State committee has that power.

## Heavy Bank Failure.

SPECIAL WASHINGTON, D. C. September 4.—The first National bank, of Helena, Montana, has failed, with liabilities placed at three and one half million dollars.

## No Josephus Says.

SPECIAL RALEIGH, N. C., September 4.—National Committeeman Josephus Daniels, says that the Indianapolis ticket will not poll over thirty five hundred votes in North Carolina.

## BRADSTREET'S REVIEW

Better Feeling Among Wholesale Merchants. Failures Show Increase. Imports Gold Make Easter Money.

SPECIAL NEW YORK, September 4.—Bradstreet's tomorrow will say. There is a better feeling among the wholesale merchants, this feeling includes iron and steel. Best demand is from the South.

Failures show an increase of sixteen. Bank clearings increased ten per cent in the week.

Not much increase in the industrial productions. Imports of gold make money easier.

## May Succeed Corbin.

SPECIAL NEW YORK, September 4.—William H. Baldwin, second Vice President of the Southern Railway, may be selected to succeed the late Austin Corbin, as President of the Long Island Railway.

## Not Reported.

SPECIAL ANNAPOLIS, Md., September 4.—The colored cadets whose appointments caused a flurry in Washington society, were not reported. It is believed they were scared out.

## WENT CRAZY.

Dr. Thomas Gallagher the Alleged Irish Dynamiter Made Insane by Ill-Treatment.

SPECIAL NEW YORK, September 4.—Dr. Thomas Gallagher, the alleged Irish dynamiter, who was released from Portland prison, has arrived at St. Paul.

He is a raving maniac. His body is a mass of bruises, showing the prison treatment he received. He tried to jump over board twice.

Physicians say that there is no hope of his recovery.

## Ravaged by Earthquake.

YOKOHAMA.—Reports have been received here that a great earthquake ravaged the northeast provinces of Japan, destroying the town of Rokugo and other towns in that section. Thousands of persons are reported to have been killed and many injured, while the damage to property is incalculable.

On the same day of the earthquake in the north of Japan the southern coasts of the country were swept by a typhoon which destroyed a vast amount of property and caused the loss of many lives.

The territory visited by the earthquake was similarly ravaged last June, when many were destroyed by an earthquake and an accompanying tidal wave, which caused an estimated loss of 30,000 lives.

## Middle of the Road.

BIRMINGHAM, Ala.—There will be no fusion between the Populists and Democrats in Alabama. This question was settled when the Populist State Executive Committee met here and put out a full Bryan and Watson electoral ticket.

A State campaign committee, composed of strong middle of the road Populists, with G. D. Dean as chairman was named. It was resolved to have, nothing whatever to do with the Democratic organization, but to fight it to the bitter end.

## Republicans Were Appointed.

RALEIGH, N. C.—It is understood here that Populist Chairman Ayer has appointed in Craven county negro Republican registrars. The new law provides for one registrar from each party, the decision of the majority to be final. Ayer said when questioned that he did not know whether they were negroes or not, and as to their being Populists, they might be Populists who had come over from the Republicans, but he did not know. He added that the fact that they had been recommended by the county Populist chairman and had accepted was good enough evidence for him that they were Populists.

## Methodist Division for Next Week.

FIGUA, OREGON.—A canvass has been made among the ministers attending the sessions of the Cincinnati M. E. Conference, which developed the fact that not one of the 300 present was in favor of the free and unlimited coinage of silver.

SPECIAL RALEIGH, N. C., September 4.—It is stated by prominent Republicans, that their State committee will next Tuesday, take down the name of O. H. Dockery as nominee for Lieutenant Governor, and nominate either Charles J. Harris, of Hillsboro, or Charles Reynolds, of Winston, for that position.

The headquarters here will be in charge of Clark Howell, of Atlanta. Mr. Frank P. Morgan will aid Senator Faulkner in looking after the correspondence of the National Committee until Mr. Howell's arrival.
