## THE DOCKERY CARTOON.

### FRICION AT REPUBLICAN HEADQUARTERS.

**Keanoke Farm, Railway Commission Want to Tap Hanna. Cotton Receipts. Big Fire. Russell will Not Debate.**

**JOURNAL BUREAU, RALEIGH, N. C., September 5**

It seems that there is some friction at Republican headquarters. Chairman Holton is working with all his might to induce the Populists to fuse on the State ticket, and is making urgent requests to the Populist State chairman by letter and personal interviews. H. L. Grant the committeeman at headquarters, is in favor of having nothing to do with the Populists, says that he is willing that Cyrus Thompson of that party shall be endorsed for Secretary of State. Pritchard, Pearson, Grant and other Republicans appear to lean heavily on Thompson, and this has led many to think they have a secret understanding with him as well as with Harry Skinner. Grant issued a cartoon about Oliver H. Dockery and Butler, representing the latter as a Deril, and Holton has forbidden this to be sent out from headquarters; in other words has stop the issue. Yesterday afternoon Grant who went East, took with him a bundle of these cartoons, of course the latter will make both Dockery and Butler mad and Holton wants to prevent this, as it will spoil his game.

The Railway commission will meet next Monday to consider the question of a reduction of passenger and freight rates. Naturally considerable interest will attach to this meeting.

The loss of cotton on the four State farms on the Ranoke river is 4,000 acres. There remains about 1,000 acres. The yield of cotton will be about what it was last year, the farm managers report.

The flouring mills here are now running day and night to supply local demand.

The Republicans make the plain statement that Charles Reynolds, of Winston or Charles J. Harris, of Pittsboro will succeed Dockery as their nominee for Lieutenant Governor. Harris is a rich mine owner.

The State committee of the Populist and Republican parties meet next Wednesday. Both declare that the choice of same day is merely a coincidence.

Chairman Holton, Senator Pritchard and Congressman Pearson and Settle were in New York this week and laid their case before Mark Hanna and asked for a liberal allowance of funds. They stated the matter to him clearly. There is no doubt that they expect considerable fruit. Hanna wants them to fix fusion with the Populists.

Before O. H. Wilson, Senator Butler's right hand man here went to Wilmington this week, he said very important things were being done.

The local cotton receipts are remarkably large this early in the season—1055 bales this week, against 80 bales the same week last year.

The iron, glass, and cypress timber, all ready for putting together, arrived today for the new green houses at the Agricultural and Mechanical College.

At 3:30 this morning fire broke out in the large wood working shops of Hicks, Ellington & Co. in 100 yards of the Union depot. The building was of wood. In 1858 cars were built there and during the war it was a commissary warehouse. For many years Briggs & Sons occupied it as a planing mill. It was recently bought for \$6,000. There was \$5,000 insurance. By next week all the machinery was to have been moved to another mill. It would cost about \$3,000 to replace the burned plant. The fire started on the second floor. The building was 240 by 80 feet and the blaze rose to an enormous height.

There is much comment today on the first joint debate between Watson and Guthrie at Hendersonville, yesterday. Guthrie called D. L. Russ II out and as there was no response declared he had him "called and failed," and then "entered judgment against him." Guthrie told his hearers to vote for J. S. Adams, Democratic nominee for Congress in the 9th district and not for Richmond Pearson, Republican, who is now trying to pose as a free silver man. He also warned them to vote for no man for the legislature who did not give pledge not to support Pritchard or any other good man for the U. S. Senate.

**New England Mills Starting Up.**  
WATERBURY, Mass.—The Union bag factory at Waterbury which shut down the first of the month for repairs, started up on full time. The Hollingsworth & Whitney Paper Company will tie their new set of boilers, and if they work satisfactorily will start up. The Aetna mills at Benning are running five days a week instead of four.

**Shot His Daughter for Marrying.**  
BLOOMINGTON, Ind.—William Hall shot his eighteen year old daughter because she married against his will. He then tried to kill himself. Hall went to his daughter's home and begged her to leave with him. She refused. The daughter will recover, but Hall is fatally shot.

## THE POPULIST PROPOSITION.

**Want Four Congressmen as a Price of Fusion. Have no Confidence in Democratic Free Silver Sincerity.**

**RALEIGH, September 5.**—Your correspondent ascertained this evening what it is the Populists will demand as a price requisite to fusion with the Democrats; it is that the latter shall help them elect four Congressmen.

The Populist put it this way: "While we deplore any division of the silver forces we decided to lose no Congressional representation we now have." When Republicans heard that this would be the demand, they said "it all means that the Populists are friendly to fusion with us. They can't afford to fuse with the Democrats; they don't believe the Democratic party is any more sincere than we are on the free silver question. This is the feeling all over the State."

### A Grant a Populist.

**SAN DIEGO, Cal., Sept. 5.**—Judge Wade McDonald of this city has received a letter from Jesse R. Grant, son of General Grant, saying he had espoused the cause of the Populists.

### Fire on Staten Island.

**NEW YORK, September 5.**—South Beach, a popular summer resort on Staten Island, was severely damaged by fire this afternoon, which destroyed six buildings and much of the long board walk.

### Destructive Premature Blast.

**NEW YORK, September 5.**—A premature blast in the excavation of a new building at the corner of Sixth street and Broadway this afternoon, injured several persons, three severely.

### Where Bryan Will Speak.

**RALEIGH, N. C., September 5.**—Chairman Manly will on Monday, arrange the places at which Candidate Bryan will speak in North Carolina.

Mr. Bryan will have two full days in this State, and there will be a special train and quick schedules, so that he can speak at the greatest number of places possible.

### Telegraphic Items.

In an encounter at Kilbourne, Ark., between Dave and Joseph McKee, father and son, and J. C. Wilson, all of West Carroll Parish, La., both the McKees were killed, and Wilson is thought to be mortally wounded.

W. F. Slocum, a well-known lawyer, and senior member of the law firm of W. F. & W. S. Slocum, of Boston, was instantly killed by a train at the Newtonville station, on the Boston and Albany Railroad yesterday.

The leather works of Siegel, Eisenman & Co., Newark, N. J., were almost destroyed by fire. The loss on the stock is estimated at \$35,000, while the damage to the buildings is stated to be \$5,000. The cause of the fire is unknown.

Arthur Hanye was hanged at Atlanta, Ga., Hanye met death without flinching, bidding everybody good bye and uttering a solemn farewell prayer just before the noose was adjusted. Hanye killed Will Spinks in Holland's saloon, in Atlanta, March 7.

### Three Murderers Hanged.

**PARIS, Tex.,** George L. Wheeler, white, and Silas Lee and Hickman Freeman, colored, convicted in the Federal court for the Eastern district of Texas, for crimes in the Indian Territory, were hanged.

At the request of Wheeler, he was hanged alone and mounted the gallows firmly.

The negroes mounted the gallows at 12:05. The trap sprung at 12:12 and they were cut down fifteen minutes later. All three necks were broken. Freeman was remarkably cool, while Lee nearly collapsed.

## THE MARKETS.

CHICAGO, September 5.		
	OPENING.	CLOSE.
October Wheat,	56 1/2	56 1/2
Pork,	5.55	5.57 1/2
Ribs,	2.25	2.25
Lard,	8.17 1/2	8.17 1/2

## THE COTTON MARKETS.

The spot sale Sept. 5 in Liverpool were 5,000 bales at a decline of 1-32. Futures were 1-64 to 3-64 lower.

New York opened at a decline of 2 or 3 points but reacted and closed 2 points above yesterday's closing prices October delivery 8.27.

The Government report for August which will be announced on next Thursday the 10th, is awaited with much interest by the Cotton World. A very low percentage is expected, and it remains to be seen whether the advance of 1c. in the past week is sufficient to counter-balance so small a crop as will likely be indicated.

The NEW BERNE market has been acted at 7.20 to 7.50. Most of the cotton selling about 7.40.

The New York market will be closed next Monday 7th on account of Labor Day.

## WILMINGTON LETTER.

### GLAD TO WELCOME NEW BERNIANS.

**Maritimity Booming. Big Naval Store Business. The Jarvis Speech. Base Ball Foot Ball. Theatrical Season.**

**JOURNAL BUREAU, WILMINGTON, N. C. Sept. 5.**

As the fall approaches and summer flirtations are ending, the talk among those who are interested in such things, and who is not, is of the number of engagements.

Never, for a long time at least, has there been such a number of engagements announced. Nowadays it is not proper to be surprised when you are told of the latest matrimonial alliance. Surely we will need some young people next spring, or Society will be dull indeed.

Weddings and deaths are the two great events of every one's life. Dr. John D. Bellamy, who for a great many years has been a resident of this city, died on last Sunday evening. He has led an honorable and notable life. He leaves a great number of descendants who are all prosperous and a ben fit to the town.

Although the dealers claim there is no profit in naval stores, and complaint of business falling off, yet the business still continues. Six brigs "are lying" at the wharves, loading with this material as a cargo, and the season is still early. Why do the merchants sell the naval stores, when no profit results?

The long expected and well advertised opening speech of the campaign has been made. Thursday night at the Opera House was the time and place.

Ex-Governor Jarvis of portly build essayed to explain the situation to the laboring man and show him the desperate condition of affairs.

Mr. John D. Bellamy introduced the speaker, in a short speech, and the Ex-Governor was greeted with loud cheers. Probably eight hundred people were near enough to hear his speech which was of an hour and a half duration. His speech though earnestly delivered, failed to catch the auditors, as it was of a fatal sameness to many others we have heard. The hot weather sent many a way before he had finished.

Your people were very much in evidence on our streets Friday. We are always glad to see them. There is an indefinable bond between New Berne and Wilmington, which makes the meeting at either city a pleasant one. We had to take in your ball team, although the boys put up a good game, but Strayhorn is not to be beaten. It was bad that your Mr. Bragg was so unfortunate as to meet with a painful accident during the game.

The cooler weather has brought out the football enthusiasts in greater numbers than last year, and they will make an effort to have some exhibitions of merit during the season if their talk amounts to anything.

The season at the opera house opens on Monday night.

The scenery has been much improved, two New York artists having been engaged for some time in this work. The manager of the Opera House says this will be a great season for theatre goers.

A great improvement is being made at the Atlantic Coast Line yard. Tracks being laid and new buildings going up. In this connection it is rumored that the management want to run their through trains, via Wilmington, saying they can make better time by so doing, than at present, by the so called "short cut." We are anxious to see it done.
