WILMINGTON LETTER.

A WEEK OF SEPTEMBER HEAT.

Cheap Railroad Rates. Dr. Preston's Death. Lumber Company Resumes Work. New Primary Election Scheme.

JOURNAL BUREAU, WILMINGTON, N. C. Sept. 19

A week of excessive heat has passed and we all wonder when the change will be ushered in. Dry dusty streets, increase the discomfort, and cause those who are still at the seashore, to give a sigh of satisfaction, that they are away from it all.

The Seaboard Air Line has made cheap rates between Charlotte and Wilmington, every week during the summer. The excursion tickets were sold from Saturday until Monday and most of Charlotte's citizens availed themselves of the sea trip at least once.

After a long illness, which was anxiously watched by Presbyterians here and in Charlotte, the news of Dr. Preston's death, was received with deep sorrow. At the beginning of the year, Dr. Preston, then well and strong preached on the text—"This year shall ye die," and remarked, he was not a believer in the supposition, current, as to the text.

The Pure-oil-Jenkins Lumber Co. have resumed operations, again, after some "troubled days in the receiver's hands."

A new idea in primary elections was instituted by the Democrats, this campaign. Delegates were chosen for each precinct in meetings and then an election by ballot was held, from three to nine o'clock. They hoped by this means to improve the system of other years.

Wilmingtonians are displeased by the changing of the U. S. revenue cutter Colfax, from this station and sending her to Charleston, replacing her with the Lot M. Merrill, of Charleston, a cutter very much inferior, to the Colfax.

Mr. Thos. D. Meares, who was recently elected to a position of trust by the Knights of Pythias was given a grand reception by Wilmington lodges, and shown that the Pythians here were glad to do him honor.

The movement which Major Graham Daves has had constructed for the Roanoke Colonial Association is on exhibition at Tucker's marble yard. When in its intended place it will mark the sight of the first English colony in this State.

A number of Red Men, of Wilmington, were at New Berne, this week to institute a lodge of their order in your rising town. Though somewhat rough in their manners, this is a popular order among those who have read Cooper, and tales of Western life, which they try to emulate in their camp meetings.

The Opera House will give at least two plays a week during the winter. Comedies are still the main feature this season.

Yesterday was a hot day for listening to political speeches, but with the Democratic nominee at Goldsboro a cheap rate and a special train to take them, the heat was forgotten. Bryan's oratory is the talk of the town today. Many went from here to Charlotte, to go all through the State with the presidential party.

The Jews have celebrated Yom Kippur, the day of Atonement. This is one of the most sacred days in the year to people of the Jewish faith. It commenced at 6 p. m. Wednesday and ended at 6 p. m. Thursday. During this time the stores of Jewish merchants remained closed.

An effort is being made to have Senator Daniel, of Virginia deliver a speech to a Wilmington audience, next month. The Senator would have a great welcome if he comes.

THE COTTON MARKETS.

September 19th. LIVERPOOL responded to the better feeling in New York yesterday and advanced 2.32 for spots and 4.10 5.84 on futures. The spot sales were 6,000 bales. New York opened at a gain of 7 points and at the close showed a net gain for the day of 17 points, closing steady at 8.39 for January. There are no new features to the market. Crop reports continue uniformly bad, and while the crop may not be quite as bad as reports indicate, yet that we are not to have a "record breaker" is also well established. The staples of the world are well employed for the next few months. It is likely that by the beginning of the next cotton year, consumption will be equal if not in excess of the supply.

New Berne market has been firm at 74 to 74 1/2 most of the cotton sold 7.45.

Yours truly,
J. E. LATHEAM.

THE MARKETS.

Table with columns: Month, Price, and another Price. Rows include December Wheat, January Pork, and January Hides.

The public schools of Chicago may be closed at any moment on the order of Commissioner of Health Kerr, because the water supply polluted them by the Board of Education, without filters, is impure. Monday's rain of two and one-quarter inches has carried out to the streets some of the various sorts of the city all of the dirt of the system.

SEVERE STORM.

Lightning Sets Cotton Mills on Fire. Employes Injured. Loss \$100,000.

NEW BEDFORD, CONN., September 19.—A storm of unusual severity, this morning, caused great damage. Lightning set a cotton shed and the Bennett Mills afire, burning one hundred thousand dollars worth of cotton. A building in which the mill employes had sought refuge was blown down, injuring many, killing one.

Gold Importations.

NEW YORK, September 19.—The total amount of the gold importations from Europe since the movement began is thirty-six millions five hundred thousand dollars.

Want Carlisle to Speak.

CHICAGO, September 19.—A member of the gold National Democratic committee has gone East to prevail upon Secretary Carlisle, to come to Chicago and labor for the Palmer and Buckner ticket.

Other friends of the Administration will be asked to assist in the campaign.

McCabe Collides.

NORFOLK, Va., September 19.—The steamer William R. McCabe, Captain Williams, from Baltimore, arrived here about 4 o'clock Friday morning. Captain Williams reports that when south of Sharps Island, Chesapeake Bay, about 2 o'clock Friday morning the McCabe was in collision with the schooner Judy, of Crisfield, Md., being off watch and asleep at the time. The McCabe went alongside the schooner and towed her until she went down, about three quarters of an hour later. The Captain of the Judy, his wife, two children, a lady passenger and the crew were taken aboard the McCabe. The schooner was bound from Crisfield to Baltimore, light. She is sunk in about nine fathoms, her mast heads being just above the water. A signal light was placed on her masts and the McCabe left with the wrecked party for Crisfield, where they were landed. The Judy was built at Baltimore in 1881, and was about fifty tons net register. Captain Williams, of the steamer, noted protest with Major J. Hardy Hendren.

Telegraphic Items.

F. P. Graf appointed receiver of the Ohio Southern Railroad, vice J. R. Megraw resigned.

F. J. Fowler, of Stillwell, Okl., who has been in search of his runaway wife, found her in St. Joseph, Mo., and shot her and then shot himself. Both are dead.

A storm of wind, hail and rain swept over the eastern part of Pennsylvania Thursday night, doing great damage to farm buildings and crops. George Weikel a farmer living near Williamsport, was killed by lightning.

A charge of dynamite was exploded under the saloon of Mrs. Mary Weisbrodt, of Sardinia, Brown county, Ohio, the building being totally wrecked. Several persons were injured. Anti-saloon workers are suspected, having failed to secure passage of local option ordinance.

A broken axle caused a bad freight wreck near the Conecoga bridge, a mile east of Lancaster, Pa. Twenty-one cars were wrecked, some of them totally demolished, and both tracks blocked. The only persons injured were a tramp who had a foot mashed, and a brakeman, whose foot was cut.

The Interstate Commerce Commission began hearing charges by Suffers, Hunt & Co., of Decatur, Ill., against the Indiana, Decatur and Western Road. The complaint is based on the practice of the road in imposing a penalty rate amounting to double tariff rates on all grain in excess of the maximum weight allowed for the carload loaded in one car.

BASE BALL.

National League Games Played Yesterday.

WASHINGTON, September 19.—Washington, 8; New York, 1.

BROOKLYN, September 19.—Brooklyn, 1; Boston, 3.

New York at Washington.

Chicago at St. Louis.

HOW THE CLUBS STAND.

Table with columns: Club, W, L, P. O. Rows include Baltimore, Cleveland, Cincinnati, Chicago, Boston, Pittsburgh, New York, Philadelphia, Brooklyn, Washington, St. Louis, Louisville.

BIG COTTON MOVEMENT.

SENATORS. MORGAN AND TELLER TO SPEAL.

Not a Man. Bryan's Tour Discounted. Say Republicans. Tobacco Sales. Politics in Fifth District.

NEWS ITEMS.

JOURNAL BUREAU, RALEIGH, N. C., September 19.—It will give a very practical idea of the unparalleled rapidly with which the present cotton crop is being picked to state that the receipts in this market since Sept. 1st are 4746 bales, against only 370 to the corresponding date last season. A farmer said today: "Usually I begin picking late in September. I will make 60 bales this year. Forty three of these are picked and ginned."

Senator Morgan will speak in this State from the 5th to the 10th of October. His chief speeches will be at Wilmington and Fayetteville.

Seventy five hundred dollars has been expended in remodeling the First Baptist church here and last evening there was an organ recital, with other musical features in honor of the completion of the work.

This morning when the east bound train on the Southern Railway reached Greensboro the car inspector saw, benten to pieces by the wheels, what he thought was the remains of a man. It turned out that a mail bag thrown out of the car had caught in some way. The letters were all gone. The postal clerks were mystified.

Republicans say that they have discounted the effects of Bryan's tour of the State. Democrats say it has had a very powerful effect and that the Republicans know this but are trying to conceal it.

The intense heat continues. Vegetation of many kinds looks withered. Streams are low and many springs dry.

The tobacco sales in this market are the largest in several years. There is a notable falling off in the quality of the tobacco marketed this month as compared with that marketed in August. The color is not so good.

The Populists in the 5th district have nominated A. J. Daily for Congress. It is said that this was a mere Populist scheme to divide the silver vote, defeat W. W. Kitchin the Democratic nominee, and let Tom Settle, Republican, win. It is further said that this is part of the contract entered into last week by the Republican and Populist managers, Chairman Hal Ayer of the Populist State Committee, was asked to-day what he had to say about this. He replied: "I would to know why it is such a sin for the Populists to nominate a man against a Democrat, when it is no sin for the Democrats to nominate a man against a Populist. We had four silver men nominated for Congress and the Democrats nominated a man in each of those districts. Those people who are howling about splitting the silver vote can prevent this by voting for the man who is put up as they say to split the vote. The Populists may not vote Daily."

The event of the coming week will be the meeting Monday evening of the Democratic State Committee and the Populist central committee, to consider the question of electoral fusion. It is quite noticeable that the Democratic organ prints in display type a statement from Mr. Bryan that he hopes the free silver forces will get together in North Carolina. That is taken as an argument for electoral fusion.

Senator Teller will speak in this State in October. The exact date is not yet known.

It is estimated that the professional pickpockets got over \$5,000 in this State during the Bryan tour. It was the first raid they ever made in the State. The people would simply not be warned against them.

ATLANTIC & N. C. RAILROAD. Transportation Department. New Berne, N. C., Sept. 16, 1896.
