## AS VIEWED

### BY CHAIRMEN OF THREE POLITICAL PARTIES.

Thirty Thousand Majority Says Manly. Will Win Says Ayer. Weakness Both, Says Holton.

**Special.**  
RALEIGH, N. C., September 22.—Democratic State chairman Manly says, Populist, Republican and silver party electoral fusion ticket, which was arranged last night, will sweep North Carolina by thirty thousand majority.

Populist State Chairman Ayer, says, he thinks it will win and believes the rank and file of the Populists will support it, as what they want is an opportunity to vote for silver.

Republican State Chairman Holton, says, that this fusion really weakens both Populist and Democratic parties, as their vote will be split at each end, as many Populists will never vote for Swail, and some Democrats will never vote for Watson. Holton thinks Populist committee no longer controls its party.

### Candidate Bryan.

**Special.**  
WILMINGTON, Del., September 22.—Candidate Bryan had a good night's rest and spoke at Chester, Pa., today, and speaks at Philadelphia tonight.

### Refuses to Talk.

**Special.**  
ALBANY, N. Y., September 22.—Nominee for Governor Thayer has refused to discuss the receipt of letters demanding his withdrawal.

### Harrison Speaks.

**Special.**  
NEW YORK, September 22.—Ex-President Harrison spoke before the Commercial Traveler's Gold League tonight.

### Explosives Discovered.

**Special.**  
DUBLIN, September 22.—The police say they have discovered a large quantity of dynamite and detonators in Maple park, near the gateway.

### Death of General Gibson.

WASHINGTON.—The State Department has received a telegram announcing the death at Beirut, Syria, of United States Consul General G. Gibson, of small pox. General Gibson was appointed by President Cleveland from Augusta, Ga., in 1893.

### The Sudan Expedition.

CAIRO.—General Sir H. Kitchener, commanding the Anglo Egyptian expedition up the valley of the Nile, reports that the gubois which were first to arrive at Dongola found only a few Dev-eis there, the main body of them having withdrawn. General Kitchener writes that he has sent a letter to Wanihiara, the leader of the Dev-eis, calling upon him to surrender, and offering to pardon himself and his followers if they will lay down their arms. The casualties on board the gun boats in the fight at El-Hafir yesterday were one man killed and twelve wounded.

### S. A. L. Cut Rates to be Withdrawn.

WASHINGTON, D. C.—The Interstate Commerce Commission received notice from the Seaboard Air Line that it intended to withdraw its cut rates for passenger travel between Boston, Providence, New York, Philadelphia, Baltimore, Norfolk, and Portsmouth, and southern points, to take effect October 1st.

### New York Dry Goods Market.

NEW YORK, N. Y.—The dry goods market was quiet throughout, in both cotton and woolen divisions, and in some quarters the orders by mail are reported rather lighter than usual. The general tone continues firm for both staple and fancy cotton lines. There has been no change whatever in the woolen goods division of the market.

### and Follow-up Sales.

DALLAS, Texas.—The seventy-second annual meeting of the sovereign grand lodge of the world of the Independent Order of Odd Fellows is now in session. Nearly three thousand visitors are here representing all parts of the civilized globe. The meeting will continue a week, and double the number of visitors are expected. The report of the grand secretary and the grand treasurer showed the sovereign grand lodge to be in a satisfactory and progressive condition. A cash balance of nearly \$25,000 was shown to be in the bank.

### Reports Against Would-be Silver.

ROCHESTER, N. Y.—Hollow were posted in all the banks of the city to the effect that no Canadian silver money would be received on deposit. This action is the result of agitation which has been going on in local banking circles, on this subject for a number of days. It was stated, however, that the boycott has been started by business men, and is the outcome of a national agitation. Canadian currency of this kind is taken falling into money.

### Which Red Blood is the Finest?

Dr. Williams' Pink Pills for Pale People.

## Tennessee Legislature.

NASHVILLE, TENN.—The Tennessee Legislature has been in session two weeks under Governor Turner's call to provide against a possible deficit in the State treasury. Nothing has yet been done to provide against a deficit, the majority holding there is no danger. The House by a decided vote, passed two bills providing for the next holding of a constitutional convention next January, and it is believed the Senate will also pass the bill.

## The Carlist Agitation Growing.

MADRID.—The Carlist Agitation continues making headway slowly, and the organization in that interest is being perfected at every point. The Herald publishes another interview with Don Carlos, in which he is quoted as blaming the feebleness of Spain's dealings with the United States, and declares that the situation is the same as that which preceded the revolution of 1888. Don Carlos is said to have remarked that the Carlists were completely organized, disciplined and armed, and that they only await his word in order to arise against the government.

## More Massacres Near Harpoot.

WASHINGTON.—Minister Terrell cables the State Department that he is advised from Harpoot that serious massacres have occurred at Kock and Sezi in that vilayet. The officials of the department do not find these places on any maps, but expect further advices on the subject especially if any Americans have suffered.

## Six Hundred Armenians Killed.

CONSTANTINOPLE.—The porte has received an official report stating that 600 persons were killed in the recent disturbances at Eguin, in the Diabekir district of Armenia. The Kurds attacked the Armenian quarter of the town, pillaged and burned the houses, and killed as many inhabitants as they could find. Numbers of the Armenians succeeded in making their escape to the mountain tops.

## The town of Eguin purchased immunity from invasion by the Kurds in 1895, and the people were not molested at that time.

It is thought that massacres will soon take place in other districts of Anatolia.

## Telegraphic Items.

Boston, Mass.—The Wyman will case has been settled out of court, and there will be no contest over the bequest of about \$1,000,000 to public charities.

San Francisco.—Oliver W. Winthrop, who was convicted of abducting and robbing James Campbell, the Hawaiian millionaire, was sentenced to imprisonment for life.

Oliver Witt rep. of San Francisco, was sentenced to life imprisonment for robbery in connection with the abduction of James Campbell, the Hawaiian millionaire, whom he kept a prisoner three days for a \$20,000 ransom.

The schooner Egeel, Capt. George W. Dickson, is the first to arrive in Gloucester, Mass., from Iceland this year. She brings 160,000 pounds of lashed halibut. Capt. Dickson reports the Iceland fishing season to be a failure this year.

Dr. H. W. Dunraven, who states that he is a member of Parliament and a brother of the Earl of Dunraven, ended a carousal in Central Police Station, at St. Louis, who he was taken after being badly beaten up in a house of questionable reputation.

Antonio Casaz, a young Swiss, living on a ranch twelve miles from Aspen, Colo., shot and killed his wife and her mother, Mrs. Mary Quinn. Casaz was arrested. He says the insults and taunts of the women made him mad and the shooting was entirely unpremeditated. He also claims his wife was unfaithful to him.

A heavy rain fell in Rock Spring, Wyo., and a flood came in from the southside of the town, and the streets were covered with water about a foot and a half deep. It carried away sidewalks and flooded cellars and residences and business houses, causing damage to the amount of \$50,000.

### POPULISTS TALKING THIS TICKET.

WASHINGTON, D. C.—E. H. R. Green, chairman of the Republican State Committee of Texas, had a brief conference with Chairman Isbcock, of the Republican Congressional Campaign Committee. He told Mr. Isbcock that Texas was excellent fighting ground for the Republicans and expressed his own determination to press the contest to the end, with the hope of winning. He says that fusion with the Populists and sound money Democrats has been practically accomplished, and states in some portions of the State the Populists are talking of a ticket composed of McKinley and Watson. Mr. Green also says that a canvass of the State has just been completed, which shows that the Populists outnumber the silver Democrats. He considers it possible to win at least five Congressmen from the Democrats in the State.

### Desperate Mail Robbers.

WASHINGTON, D. C.—The annual report of Fourth Assistant Postmaster General R. A. Maxwell, made public, is chiefly remarkable for its record of brigandage in connection with the mail service of the country. On the night of June 14, 1893, in the midst of a barren sage brush prairie, a highwayman accosted the driver of the mail stage, one mile south of Houston, Idaho, and commanded him to "halt and hit the trail back, and hit it hard," which command was obeyed with alacrity, and the robber took possession of the mail stage and contents. Nearly a year later William B. Marsh was sentenced for life for the crime. On the night of July 1, 1895, two men held up and robbed the north-bound Oregon mail train, near Riddles, Ore. The train was running at a high rate of speed, when it was suddenly brought to a standstill by the explosion of dynamite under the engine. A fusillade of dynamite was kept up on the outside for the purpose of intimidating the train crew and passengers, while one of the robbers walked through the train and gathered in the booty. So thoroughly awed were the crew and passengers that not a hand was raised against the intruders. An Oregon Sheriff, who chanced to be on the train, is said to have surrendered his pistol gracefully and to have held his hands up high or longer than any of his fellow travelers. Both men were finally caught and sentenced. Near Spearfish, S. D., in February, 1894, two men left their homes in the night and rode some distance to a convenient spot on the mail route. They blacked their faces with shoe polish, and when the mail stage approached they sprang upon the carrier and compelled him to hold up his hand while they rifled the pouches. They were eventually caught and sentenced. The apprehension of the notorious murderer, H. H. Holmes, was effected through post office inspectors.

## THE COTTON MARKETS.

September 22  
LIVERPOOL did not follow the advance of yesterday in New York but opened lower for futures and spots with sales 10,000.  
NEW YORK opened at a decline of seven points and was barely steady all day, finally closing steady at 8.27 for January, a net decline for the day of 21 points. The decline can probably be accounted for by larger receipts and small speculative support.  
Messrs. NIELSEN, who have gained great celebrity as crop guessers say the possibilities cover a range of 7,800,000 to 9,000,000. This is two wide a range to have much bearing on the market.  
It appears now that the supply of cotton coming in will be sufficient to satisfy all demands for awhile at least. There is a general sentiment that the market will be made higher in the end, yet this question of big receipts, tight money and general business depression should not be overlooked.  
NEW-BERNE market has been steady at 7.40 to 7.55.  
Yours truly,  
J. E. LATRAM.
