OUR LIFE SAVING SERVICE.

The annual report of the Superindent of the Life Saving Service, nd the near approach of Winter, both make the question concerning the pay, quarters and treatment of our life savers an important one, and whether these men who risk ands of the Government.

It is said that the employes of this service are the poorest paid of any of those in the employ of the Gov months when are they off duty.

frequent by which a life saver may family.

The entire work of the life saving service is of a hazardous character, face. and while the quarters provided for the men are generally good and wages, is fair, yet there ought to be some disabled while on duty, and sions given to those who through ong meritorious service arc compell ed to retire on account of age, or through injuries received while in discharge of their duties.

The life savers are entitled to more consideration and better treatment, if only the claim of the rescue of human lives be urged, while the percentage of property saved each year through their exertions makes them worthy of pecuniary reward.

There is need of changes in this service of the Government which demands attention by our legislators,

STATE PRESS ON FUSION.

Electoral fusion has been arranged which insures the State for Bryan by 75,000. Dr. York is elector in this district, - Wilkesboro Chronicle.

The electoral co-operation agreed upon by the Democratic, Populist nd National Silver parties in this State may produce some dissatisfaction, but we take it that the action makes certain the State for Bryan and free silver, and therefore, it appears to have been a wise and proper step .- Winston Sentinel.

Now, we want to know how and why a Democrat can think it is such a holy and righteous think to nominate a Democrat against a Populist, and then denounce as an infamous fraud, the nomination of a Populist against a Democrate Chew on this awhile, demmys, and see if it will "chaw." If you think the Pops are trying to divide the silver vote when they nominate their own men, why don't you rise to the height of glorious and honest patriotism and throw your strength to the Pops and thus prevent their wicked scheme for dividing the allver vote? In the language of King David, Selah! Batler a Caucasian. .

For assininity the Democratic n this year so prolific of long ears. If Bryan cannot carry North Carhat committee expect Cy Watson to be elected? If fusion was good for the Bryan why wasn't it good for the State ticket? Mr. Butler offered fusion on all. But this was refused. Why was it? Do the fusors on the State Committee wish the defeat of the antire State ticket? If Tom Wasou is good enough for them to reflecting in newspaper pictures the political sentiment throughout the Committee wood, all ready under large sheds why could not they have saved

ably happy so far as North Carolina s concerned .- Tarbor Sontherner.

The action of the committee it the case is high-handed and without parallel. It binds no Democrat, and every Democrat should cry out against is. We are hearing much these times about "government by injunction;" it is time the Democratic rank and file turned its atten tion somewhat to the matter of government by committee. The nullification of the action of a national convention by a State committee is a new thing under the sun and it falls strangely on the Democratic ears that a Democratic committee tells Democrats that they must give but half a vote for a Democrat, the nominee of a national Democratic convention, reserving the other half for a Populist, the nominee of a Populist convention A great many Democrats have grown tired of this cooking of dishes for them by committees, and we think we see some signs of the same kind of restiveness in the Populist party. If candidates are to be taken down and put up traded on and traded off, by committees, then there is no need of conventions at all except to elect committees. If the will of voters. their lives, are receiving as just and day, the voters can at least re regisfair treatment as they should at the ter their will at the polls, and to installment of Robert Louis Steven-
