WILMINGTON LETTER.

BUSINESS DEMANDS COOLER WEATHER.

Weather Too Warm. Cotton Movement Creates Labor Demand. Destructive Fire. Public Speaking. Criminal Court.

JOURNAL BUREAU, WILMINGTON, N. C., October 3. If the weather would kindly change to a cooler condition, the merchants would be contented. A member or representative of every large house in town, has made the trip to Northern markets, laid in their winter's goods and returned to persuade those who shop, that his place is "the" place to buy. But the most persuasive words fall while the weather remains sunny.

Shirt waists are still comfortable and the girls are loth to give up this most happy creation of the world of fashion.

Were it not for the disturbing influence of the coming national election, business would be in a splendid condition in Wilmington.

The large receipts of cotton so early have necessarily caused a great demand for labor, and as this is an article we can easily supply, the natural result is money in circulation, among those who are accustomed to see but little.

Tuesday night a terribly destructive fire broke out just across the river opposite the centre of town. The large naval stores yards, had caught and thousands of barrels were stored there. A Norwegian bark was lying at the wharf, and it was but a few minutes, ere she was a mass of flame. She had completed her cargo and would have sailed the next day. Her ropes soon parted and she drifted into the stream to the terror of the beholders who feared she would bring destruction across the river. But the tide held her back and she drifted down the river a mass of flame, and finally sunk in twenty feet of water, a total loss.

The loss to the naval store owners was forty thousand dollars, nearly covered by insurance. All night a heavy shower of sparks fell over the city, driven across the river by a strong West wind, and it was feared a general conflagration would be the outcome.

At the opera house, was presented that most beautiful opera "Rob Roy," on Thursday evening. As this company requires one thousand dollars guarantee before they will play, it will be known that it is an opera, indeed.

R. B. Glenn spoke at the court house Tuesday evening. It seemed as if first that he would speak, empty chairs but listeners, filled in slowly, until he had a fair audience, and was satisfied to indulge in some short flights of oratory.

The Criminal Court last week, and the Superior Court this week, has made the days full of work, for members of the legal profession. A large number of prisoners were awaiting an avenging justice, and many were more than satisfied with the decrees of the Court, announcing their removal, to Raleigh for the winter.

Building still continues. When all the contracts have been finished, the city will be greatly improved, and a look of prosperity will be the result.

The hurricane which did damage to points North, South and West of us passed over Wilmington with but slight effect. At the ocean, there was a high surf and many went from town to see the sight of leaping waves dashing up to the cottages.

From Brunswick county comes the news of fusion between Democrats and Republicans. This is the latest development in the political situation this year, a year of surprises. Unhappily Bruce Wick holds the palm in the fusion line.

Professor Nobles, superintendent of schools, has returned from an extensive trip to the schools of the North. He is much pleased with the ideas he has received from the teachers of the schools he visited.

At Marlborough & Co's. bank may be seen the beautiful Punch bowl, which is to be given to the Cruiser Raleigh this month. It is admired by every one who sees it. The work is artistically done, and the contrast between the gold lining, and silver is a pleasant one. North Carolina has done herself proud by this gift of her citizens.

The Wilmington Light Infantry will give an opening this month, to celebrate the completion of the repairs at their armory. Visitors will be entertained by a concert, and the inner band will be pleased by tempting viands.

The Public schools of the city open Monday, and the prospect is that there will be an increased attendance.

The rice mill, which has remained idle for several months is to resume work, says Mr. Pembroke Jones, president of the National Rice Milling Company. Though the crop is short in this State, they will be in the market, and will buy all rice, that is offered.

The quarantine station for this port is being pushed to completion. An arsenic well is being drilled, and will give a flow of pure water for hospital purposes.

The Rev. I. M. Young, a Presbyterian missionary, will preach in Wilmington tomorrow. He is being educated in this country for work in Africa.

Mr. Sol C. Wall, one of our prominent lawyers, was given a reception by a committee in the afternoon of Monday evening, at a banquet given at the Raleigh Hotel.

HE LEFT FOR NEW YORK TO ACCEPT A FINE LAW POSITION IN THAT CITY.

The Democratic headquarters has been established in the old National Bank building, where all Democrats will be welcomed, during the day and up to midnight.

The Bryan, Sewall and Watson club held its meeting Wednesday evening, and quite an interesting address was delivered by one of its members.

Cyrus B. Watson, speaks here on the 7th.

A splendid testimonial or memorial to the memory of Hon. George Davis has been printed and will be distributed by the Chamber of Commerce. Many of Mr. Davis' speeches are in the work, and the book is compiled by Mr. James Sprunt.

The most interesting and absorbing event in view seen through the small boys eyes is the coming of Main's circus. The bill boards have an enthusiastic crowd before them as long as daylight lasts.

GUTHRIE DEFIANT.

Takes Antagonistic Position to Senator Butler. A Populist Recuses Probable.

RALEIGH, N. C., October 3.—W. A. Guthrie, Populist nominee for Governor, has caused a sensation today, by declaring he will not support Doiby, the Populist congressman and nominee in the 5th district, but will support Kitcher, Democrat.

Guthrie says Kitcher's sincerity for silver cannot be doubted, and that Doiby is merely the nominee of some Populists.

Guthrie's position is in sharp antagonism to the utterances of Senator Butler's paper which declares Democrats are not honestly for free silver, while Guthrie asserts to the contrary.

The Populist State Chairman said this evening that his instructions to Populists are to vote for Populist nominees.

Democrats declare Doiby was nominated merely to divide the silver vote, defeat Kitcher, and elect Settle, Republican.

It is plainly intimated that Senator Butler's paper next week will contain a sensational editorial.

There are observant people who consider a Populist shake up imminent.

Beckery is Alive.

RALEIGH, N. C., October 3.—In next weeks issue of Senator Butler's paper Oliver H. Beckery will publish an address to the voters.

POLITICAL STEWS.

North Carolina's Tom Watson, Causes Plenty of Excitement.

RALEIGH, N. C., October 3.—The Republicans are tonight circulating rumors that there is a breach between the Populists nominee for Governor, and his State committee, and that this is the reason his speaking appointments are published in a Democratic paper.

Republicans hate Guthrie because of the plain talking he has done about them.

Experiment Station Inspected.

RALEIGH, N. C., October 3.—Dr. E. W. Allen, of Washington, D. C., today, officially inspected the State Experiment Station here, and pronounced it to be in excellent condition.

THE COTTON MARKETS.

LIVERPOOL showed some decline and the spot sales were small.

NEW YORK has been very dull today. The speculation is small. The total transactions in futures less than 50,000 bales.

THE market closed at 8 1/4 for January a net decline of one point for the day.

New Berne market has been active at 7 1/4 to 7 1/2.

THAT CIRCULAR.

TO BE GIVEN WIDE SPREAD PUBLICITY.

Russell and Fritchard Silverites. McKinley Emisary. That No Gold. Statement. Republican Bully. Items of State News.

JOURNAL BUREAU, RALEIGH, N. C., October 3.

A Populist who has been largely concerned in the "deal" with the Republicans said last night that D. L. Russell is a silver man, Fritchard also and all the Republican Congressmen, save Thomas Settle.

This was a remarkable statement. He was asked if all of these would not vote for McKinley and said yes. He went on to say that Russell has always been a silver man; that no gold man could be elected to the senate, that even if the Republicans had a majority in the legislature they could not elect a gold man senator. This was all of course very laughable.

There are various confidential circulars issued by State Chairmen. Republican Chairman Holton has one of Democratic Chairman Manly's and declares he will print 10,000 copies of it. The Democrats have some of Holton's circulars. Populist Chairman Ayer seems to have two circulars, one on the Senatorship question (quite much on a line with a recent editorial in Senator Butler's paper) and another feeling the Populist pulse as to Guthrie. The Republicans renew their statements that the Populists want to avoid a count. At one time they expressed a desire for a showing hands, but were coolly told by Republicans they have his only voting for Guthrie for Governor.

Guthrie is a thorn in the side of the Republicans. He says what he believes and does not truckle to them.

It appears from the news as to the great storm that only one person was killed in this State and that \$50,000 will pretty nearly cover the loss to property.

In this connection there is yet remaining a good deal of cotton in the fields. By the 15th instant it will practically all be picked.

As yet the Republicans have not decided who will be their elector in the 6th district, Chairman Holton will name the man, Monday.

After January 1st, according to an ordinance adopted by the aldermen here last evening, all bar-rooms are to close at 11 p. m.

It is found that Raleigh has \$30,000 available for street improvements. It is quite a wind fall. Five per cent. bonds will be issued.

There was a queer affair at Fayetteville yesterday. A white man married a beautiful girl and just as the ceremony was being the groom was arrested at the instance of his brother, charged with stealing an ox taking it to Fayetteville and selling it and with the proceeds of the sale buying his marriage license, etc.

It is said that for several days a McKinley emisary has been here, going about among railway employes, etc. Eight years ago Dick Quay, a son of Senator Quay, was here six weeks, having a typewriting establishment. He played the violin and took part in several musical sales, under an assumed name. He was doing secret work all the while.

The Republican State committee has plenty of money. It has two rooms full of clerks. Today alone it sent out 100,000 documents.

The foundation of the new male wing of the insane asylum here is complete. January 1st, the building will be completed.

The chief clerk of the State treasury finds upon further examination of the reports of the 92 banks that there is on hand \$509,380 in gold coin and \$223,807 in silver coin and \$621,132 in other currency. In the national banks are \$340,000 in gold. One of the banks here has this week paid several thousand dollars to cotton sellers. There is over \$50,000 in gold in the Raleigh banks.

Gov. Carr offers \$100 reward for Clinton Yanny of Iredell, who August 16th murdered William Bolling.

Thomas R. Berton of Charlotte is appointed by the Governor a commissioner from this State to the Tennessee Centennial celebration.

There are now 430 patients in the insane asylum here.

The Republicans appear to be making some threats against the Populists that if the latter do not do all the things covered by their "contract," fusion will end. The situation of the Populists is awkward, to say the least. The Republicans boast that they have been very liberal to the Populists.

Reading Sale Confirmed.

PHILADELPHIA, October 3.—Judge Acheson, of the United States Court today confirmed the sale of the property of the Reading Railway, Coal and Iron Company, under foreclosure proceedings. He over-ruled all motions for arrest of judgment and other proceedings instituted in opposition to the sale.

Sold a Winner.

NEWARK, N. J., October 3.—Bald driven Tom Butler, today in the mile professional.
