## THE CRUISER RALEIGH.

Governor Carr and Staff Present at the Presentation of the Testimonial From the Citizens of North Carolina.

Special.

WILMINGTON, N. C., October 14.—The presentation of the testimonial to the United States Cruiser Raleigh, from the citizens of the State of North Carolina, was made yesterday at Southport. Governor Carr and party, with many invited guests, were received with due ceremony by the officers of the Raleigh.

The presentation speech was made by S. A. Ashe, Esq., of Raleigh, after which an elegant collation was served on board the cruiser.

Hundreds of people visited the Raleigh.

The following is a description of the bowl and table.

The bowl is surprisingly large in size, it is elaborately massive, handsome in design and the perfection of a jeweler's art. The workmanship is the most superb ever seen here. The bowl is elegantly finished, being inlaid with gold. The conventional dolphins adorn the outside of the bowl, forming four panels, on which are etched a picturesque likeness of the Cruiser Raleigh, the inscription "The United States Cruiser Raleigh, from citizens of North Carolina, 1896," and medals on the other two sides. The etching is exquisitely done, the reproduction of the Cruiser Raleigh being too to nature in every detail.

The general ornaments, which stand out in relief, are very tiny and appropriate, being for the principle part shells and medals such like. The finishing of the bowl is 6 gildings and it cost us \$40—\$45 sterling silver, and near 3 pounds.

The table is also a beautiful piece of workmanship. A bust of Sir Walter Raleigh is prominent on the handle and below it are the letters Raleigh.

## Town Laid by Robbers.

Special.

NASHVILLE, Tenn., October 14.—A gang of masked robbers looted the little town of Ferris early this morning citizens in intimidation by reckless firing, by a mob of eight, after ransacking stores, several buildings were fired, the robbers escaped, posse now in pursuit.

## Sensation of the Hour.

Special.

LONDON, Eng., October 14.—Rumor from Washington that President Cleveland cabinet have ordered warships to Constantinople with consent of Russia is the sensation of the hour. If such steps were really ordered it would awaken enthusiasm among many who would deplore the fact that England will not take the Sultan single handed; report discredited however.

## Election of Justice of Peace.

Special.

RALEIGH, N. C., Oct. 14.—Following is summary of opinion as to election of Justice of Peace by Clark associate Justices: "Court holds that Justice of Peace in each township shall be elected by voters thereof, names of candidates for Justice shall be voted on ticket with county officers, but only in their respective townships as has already been the case with candidates for constable. Judgment of Justice Montgomery is affirmed."

## Sixteen Days in Two Days.

HAVANA.—Gen. Jimenez Castellanos has reported to the captain general that he has raised the siege of Cascorro, Camaguey, routing the rebels after sixteen engagements on October 4 and 5.

The rebel forces numbered five thousand men under the command of Maximo Gomez, Calixto Garcia and other leaders. The Spanish troops numbered 1,800 infantry and 300 cavalry. They had two pieces of artillery.

On October 6 the troops entered Cascorro and began to repair the damage caused by the fire of the rebels. The rebels fired 219 grape shot during the thirteen days of the siege.

On October 7 the Spanish forces had an engagement with the rebels on the Demayo estate. The fighting lasted four hours and resulted in the rout of the rebels. The rebel losses are unknown, but are believed to have been heavy. The Spaniards lost five killed, including two officers. Three officers and fifty-one privates were wounded.

## THE COTTON MARKETS.

October 14th.

LIVERPOOL spot sales were 14,000 bales but futures declined 4-4 1/2.

New York market has been quiet and heavy today, finally closing at 7 1/2 for January a net decline for the day of 1/4 points.

There are no new features in the market. There is a small demand which is more than supplied by large daily offerings. The movement continues large and there is no prospect of any falling off soon.

Two receipts from day to day will have more bearing on values than anything else in sight.

New Orleans market has been steady, at 6 1/2 to 7.

Your truly,  
J. B. LAYMAN.

### THE WINSTON REGISTRARS.

Argued Before the Supreme Court and Affirmed. The Official Statement.

RALEIGH, N. C., October 14.—The case of the Winston registrars of election was heard before Justice Montgomery yesterday, and was appealed to full bench of the Supreme Court, and argued this morning, and affirmed this evening. Here is the official statement: Opinion is by Farncloth, Chief Justice, "after argument we are of opinion that judgment in accordance with true intent of the election law and the same as affirmed. In consideration of importance of matter. We say we think registrars under election act may ask elector his age and residence, as well as township or county from which he removed in case of removal since the last election, and name by which he is commonly known and that by authority of article 5, section 1, of constitution of 1877, no person may be registered as voter in the State twelve months next preceding the election, and ninety days in the County in which he offers to vote, and that no questions can be asked by registrars under act. If elector answers that he is 21 years old, and has resided in the township within the County six months previous to election at which he offers to vote it is the duty of registrars to register him as prescribed by law, and no question to be asked as to age, or name as to his residence, he is sworn as to his residence.

Challenges if made at all must be at time and in manner specified in act.

### MARINES QUELL A RIOTING.

BattleShip Massachusetts Lands Soldiers on a Vessel in the Storm.

NORFOLK, Va.—A detachment of United States sailors from the battleship Massachusetts escorted three colored mutineers from the American schooner Tilly Van Der Hudson, Captain Wilson, lumber laden from Charleston, bound to Philadelphia, to the station house.

A distress signal was discovered flying at the Hudson's masthead, by the crew of the Boston tug Edward Lyons. The tug was hailed by the captain, who said that his crew had mutinied and disarmed him.

He was taken off by the tug, and the commander of the battleship Massachusetts, lying in the Roads, sent a guard of 15 sailors over, and the three mutineers surrendered.

### Falled Down American Flag.

NEW HAVEN, Conn.—A letter was received in New Haven from a woman missionary of the American board, located in the Armenian quarter in Constantinople. The letter enters into a detailed description of the recent riots. The writer states that she was absent from her home during one of the riots. The mob gathered in front of the building and the lighted servants flung out the American flag. They pulled down the flag and looted the building. A few days later the action was repeated and the supplies for the Armenians were plundered.

The writer says that during the riots she saw the streets strewn with dead bodies, mostly children, to the number of six hundred, and gives most pathetic details of scenes described by survivors.

A copy of the letter will be sent to Secretary Olney at Washington.

Mrs. John Harris, colored, was killed in the elevator of the Buggy Shipping, at Columbus, Ohio. She is believed to have been on the floor of the elevator as it was ascending, her arm, extending through the entrance of the elevator, was caught by a slightly projecting ledge of a floor, and her head was so moved as to be caught by a similar ledge at the next floor.
