TEE'S REPORT.

Fusion Registrations Ended, but Co Operation on Guthrie Would Please Populists. Declarations on Populistic Lines.

RALEIGH, N. C. October 15,-Th Populist State Committee was in session all night and until noon today, then Chairman Ayer sent Chairman Manly a letter saying, all negotiations for fusion were ended.

Their reason for the declination of the Democratic proposition of Tuesday, for line. State, Congressional and legislative fusion are given as follows.

First. When the Proposition for elec toral co-operation was submitted to our Chairman, by your committee, August 1st, our committee, submitted a counter proposition, looking to complete and compact union of silver forces all along the line, but the said proposition was ignored by your committee.

Second. Should such a co-operation a suggested and contemplated in your proposition of October 13th, be favorably considered by our committee at this time, we are of the opinion that owing to the short time before the election a satisfac tory arrangement and alignments could not be effected on either side, and there fore would not receive such hearty and loyal support as would make success an assured fact.

Third. We entertain no hope of being able to make you a proposition which would be acceptable to you, and at the same time be sustained by the full force of both the Democratic and People's party, but we venture the suggestion here, which if adopted by you, would eliminate at least one of the dangers which you declare is menacing the State, namely, the election of a Republican for

This suggestion is the voluntary [withdrawal of your nomines for Governor, and concentration of the Democratic forces on the nominee of the Peoples' party for

We are encouraged to make this sugestion by the following declaration in clare our belief that peace, prosperity and happiness of the people of North Carolina depends on the defeat of the Republican State ticket in the coming election."
