## A POLITICAL SENSATION.

### MAJOR GUTHRIE'S ADDRESS TO PEOPLES' PARTY.

Will You Desert Party and Principles Aligned to Hump and Blaugher, ed. A Last Appeal. Will Stick Himself.

Special. RALEIGH, N. C., October 27.—W. A. Guthrie this afternoon issued the following, "Address to the Peoples' Party voters of North Carolina."

It is one of the most pronounced political sensations of this campaign. "Will you now, on the eve of the election desert your party flag and principles you profess to love? Will you be allured into the camp of Mark Hanna and be politically slaughtered? I refuse to believe it, and will not be convinced to the contrary until your votes shall be counted and returned. Will you take earnest advice, and listen to this last appeal of him whom you have honored with your confidence at your last State convention by nominating me as your choice for the office of Governor?"

"Will you fail to vote for each and every elector on the Bryan presidential ticket? Will you vote for gold bugs to represent you in the next Congress of the United States? Will you throw away your votes for Congressmen upon Populist 'decoys' in the 5th and 9th Congressional districts, and thereby help to elect gold bugs, instead of true silver Congressmen in those districts? Will you vote for members of the General Assembly pledged to support Senator Fritchard, or any other gold bug Republican for a seat in the Senate of the United States?"

"These are questions of vital importance to us, as a political party which you can only answer with your ballots and your personal influence."

"I beg, I beseech, I implore you, as you love your party and the principles you profess and which we have taught the people are based upon sound principles of patriotic constitutional government, to stand in this crisis by the principles and teachings of the Peoples party, or else prepare yourselves to see your party go to pieces, and become a byword and reproach among men."

Have you forgotten so soon the principles laid down at our State Convention only two years ago relating to a non-partisan judiciary? Are you mindful of the fact that if you vote for Colonel Douglas for Supreme Court Judge, you will do so in direct violation of that principle, and give to the Republican party three members out of five of the Supreme Court Justices? Will you do it? If by your votes you elect Col. Douglas a sitting member of the Supreme Court, a Republican instead of the Hon. A. C. Avery, and thereby give the Republicans a majority of the Supreme Court, then let every Peoples Party man in North Carolina hang his head in shame and never again advocate a non-partisan judiciary. There is only one Superior court judge to be voted for at this election and he is to fill a vacancy.

In the Fifth Judicial District, where I myself reside, no Peoples' party lawyer has been nominated for that office. My neighbor, friend and fellow townsman, James S. Manning, of Durham, is a Democratic candidate for that. I know Mr. Manning to be a learned lawyer of many years practice, and a gentleman of integrity and high personal character.

His opponent is a Republican clerk of Caswell county. Unless you are prepared to renounce the wholesome principle of a non-partisan judiciary, I ask you to vote for Mr. Manning and see to it that his name is on your ticket, or if not, scratch Mr. Spencer Adams, and put it there.

"Let me caution you to be careful to read the names of our party tickets before they are put into the ballot boxes. My Peoples Party friends, think on these things before it is too late, ask yourselves the question, what is the right thing for me to do. Then knowing what is right have the manhood to go to the polls next Tuesday and do the right thing honestly and fearlessly."

"I beg to assure you that as to my personal candidacy for Governor, it gives me little concern what the result, as to my own election or defeat may be; but the future status of the Peoples party in North Carolina and the right decision of vital questions of governmental policy, State and National involved in this political contest, causes me the deepest anxiety."

As you love your country, your neighbors, your families, and your dearest interests, and would restore prosperity and happiness to the whole people, show yourselves as patriotic as the polls next Tuesday, as all true Peoplesists have heretofore professed to be. Let us show to the world that we are not a band of professional office seekers, but a band of political patriots, moved to action by love of country and a proper conception of the duties and responsibilities, as well as the privileges of American citizenship."

Only wit and human experience teach us that the eye is known by its fruit, and words are not worth more than words. Let us prove our political faith by our political action."

God bless you to be in the right to the end."

Consul Fitzhugh Lee.

Special. WASHINGTON, D. C. October 27.—Consul General Fitzhugh Lee will remain at his post at Havana, and not take his vacation to give a semblance to the fact of the rumors of dissatisfaction. The arrests of Armenians on various charges continue. It is rumored that a large seizure of bombs was made in Paris.

Without a Superior.

WASHINGTON.—The battleship Massachusetts, just returned from her final trial trip, has no superior in the world. Her performance on trial has exceeded that of the Indiana. The report of the Inspection Board, of which Commodore Dewey is chairman, and which ran her for forty eight hours at sea last week, reached the Navy Department. On October 23 she ran thirteen knots by the log for two hours, her engines averaging a little more than 101 revolutions, and developing 5,044 horse power. During the succeeding forty-eight hours run all the guns were fired on the level, and at the maximum elevation, with service charge the structure of the ship and gun mounts showing ample strength and freedom from any injury or strain. The board found that upon the trial no weakness or defect appeared in the hull, machinery, fittings, or equipment due to defective workmanship or materials.

Gun Dropped Overboard.

HALIFAX, N. S.—The day before the departure of the cruiser Talbot for Bermuda, last week, one of her fine Maxim guns was lost overboard. There were six of these death-dealing guns on the Talbot, the only ones of their kind in America. These are very valuable costing \$400 each. At each discharge they scatter 1,000 shot over an area of thirty feet.

The steam launch had taken one of the guns to sea for practice. On her return while the gun was being hoisted aboard the Talbot, it slipped from the braces and dropped into the harbor. Divers have been looking for it, but owing to the thick mud on the bottom they have failed to find the gun.

Powers to the Porte.

LONDON.—The Telegraph publishes a dispatch from Constantinople saying that the Dragomans of the Embassies of the six great Powers have together attended the Porte on behalf of the Embassies, conveying a joint note. It was surprised by a force of 3000 natives belonging to the Namarrallos tribe, and a fight, that lasted for 23 hours, ensued. The Portuguese force was finally compelled to retreat with the loss of two killed and thirty-five wounded. Among the latter was Captain General Albuquerque. The army lost heavily.
