ESTABLISHED 1882

A POLITICAL SCORCHER.

POPULIST CHAIRMAN AYER SENDS GREETING.

A Vindicative Address Against Guthrie. Committee and Party Grossly Insulted by its Nominee. A Jump to Republicanism.

Special.
RALEIGH, N. C., October 28.—Chairman Ayer's address in reply to Guthrie's letter is as follows:

Here are a few extracts from it: "The first three lines of Major Guthrie's address convey gross and unpardonable insults to the People's party. State committee and every member of the party who sympathizes with their efforts."

The committee has made the course it has pursued. Co-operation with the Republican party on State and Congressional tickets is referred to in those words, "allured into the camp of Mark Hagan and politically slaughtered," and after this outrageous insult which every true Populist in the State will avenge in some way, the address turns into a disgraceful and disgusting plea for the People's party to walk into the Democratic party and be swallowed.

The address reaches its maximum of political folly and impudence when it advises the Populists to scratch the name of Spencer Adams, on the Populist-Republican co-operation ticket and put the name of James S. Manning, a Democrat in its place.

If the Democrats are good enough to be voted for, for one office, they are good enough to be voted for another office; and if this course should be pursued it would mean a complete surrender to the Democratic party. This is something which will not be done by the People's party in North Carolina, Guthrie or no Guthrie.

The members of our party will easily understand that it comes with bad grace and gratuitous impudence, for their gubernatorial nominee to advise scratching of the party ticket on which his own name appears and which can be as easily "scratched" as any other. He vilely insults his party and the members of the State committee. He declares he cares nothing about the results of the greatest compliment and honor the People's party State convention could be stow or any man and this gives the members of party a full right to care nothing about what becomes of him. For these and other reasons it is the calm and candid opinion of the State chairman, that Guthrie has forfeited all right to the confidence of the members of the People's party. He is, however, still a party nominee, and his name will appear on all tickets issued from the People's party State headquarters.

The firm conviction of the State chairman is that Guthrie's course has been such as will make it impossible for him to receive the suffrage of the full membership of the People's party, and here in advance of election day, he declares that the number of votes cast for him must not be accepted, as an indication of the People's party strength.

WHEAT'S RISE JUSTIFIED.

English Production Short and an Immediate Rise Expected.

LONDON.—The Mark Lane Express, in its review of the grain market says: "The rise in the price of wheat is justified by the situation. It is not a speculative advance, on the contrary, a speculative effort to bear the market is on foot. The English wheat crop did not exceed 7,250,000 quarters, though it is estimated that it reached 8,000,000. Let the farmers wait. The harvest of wheat into the market from California and Argentina is now arriving, but it will not arrive freely until February or March and it cannot depress prices if England's wheat do not lumber the earlier markets. Let all farmers take courage. The epoch of over production is on the wane."

At Antwerp the wheat market was active, and holders were compelled to accept lower bids. This business has been paralyzed by the violent fluctuations of the American market.

Mr. Robert Poir, a member of one of the leading houses doing business as brokers in Baltic wheat on the Grain Exchange said: "The fall of half a crown in California wheat in Liverpool has disorganized the market, and we do not know exactly where we stand. Until we receive news of the arrivals of wheat which are now due from California, this falling actual values, the markets must be uncertain. At present we can take every bit of California wheat we can possibly get, and I expect an immediate rise of another shilling."

From the Economist.

HARRISBURG, Md.—James Hallow, aged 50 years, met with a horrible accident while repairing his work on the town dump on North Jonathan street. He was engaged in throwing a pile of earth over a small ditch and had one stick in his hand while three others lay by his side. A few feet from the ditch, the stick he held exploded, causing the other sticks to go off at the same time. The report struck him in the chest, and he was hurled a distance of 100 feet from the ditch.

Wonderful are the cures by the use of Dr. Williams' Pink Pills, and yet they are simple and natural. Dr. Williams' Pink Pills for Pale People.

Highest of all in Leavening Strength.—Latest U. S. Gov't Report.

Expects Amicable Settlement.

Special.
NEW YORK, October 28.—Prof. Burrows, of Cornell University, who has been abroad examining the archives in Holland relative to the Venezuelan dispute, arrived here today, and said he had every reason to believe that the question would be amicably settled.
He was shown every courtesy at The Hague and in London.

The Cuban Revolution.

HAVANA.—The forces under Colonel Aldea have routed the rebel parties commanded by Lucet and Roque, 250 strong, seventy of whom, mostly infantry, perished. The combat, which lasted six hours, began at Gabrielpa and terminated at San Miguel, province of Matanzas. The troops lost one killed and five wounded.

Girls Panic Stricken.

BROOKLYN, N. Y.—A disastrous fire in Brooklyn, N. Y., at six story building, on the corner of State street and Boerum place, in which there were a number of narrow escapes from loss of life, has occurred. The fire was wholeness of plumb's apples, and other tenants are Fay, Harman & Chadwick Manufacturing Co., corset manufacturer; Lockitt & Fendley, and the Seaman Bros., skirt manufacturers.

The latter firm employs upwards of seventy-five girls, and the fact that all got out safely is almost miraculous, as they were in the upper stories.
The fire originated on the fourth floor from an unknown cause and spread rapidly, both upward and downward, and in a few minutes the whole structure was a mass of flame, and thousands of people had collected in the streets nearby.

The Fay, Harman & Chadwick Co.'s employees, about 100 in number, nearly all of whom were girls, were in that part of the building first attacked by the flames, and there was a great jam on the stairs and fire escapes. So far as can be learned all have been accounted for, but many of them faint and had to be carried down the stairs by the firemen and male employees.
The girls in Seaman Bros.' skirt factory were panic stricken when the dense smoke began penetrating their rooms, and many screamed and rushed helplessly about. The employees, assisted by the male help, partially quieted the girls and piloted them to the stairway and all reached the street in safety, most of them with their wraps and hats.
The fire burned five hours and completely wrecked the building. The loss is estimated at \$300,000, most of which falls on Ronalds & Co. Fay, Harman & Chadwick place their loss at \$25,000.

THE COTTON MARKETS.

October 28.
By an oversight I did not furnish any letter to the JOURNAL yesterday. When I last wrote January was 7.89, since then it has been as low as 7.84 and as high as 7.92.
The closing tonight is 7.93. Spot markets in America are quiet and dull with only limited demand, and that almost entirely for export.
Pending the election, it is not likely there will be much change either way. New Orleans market has been steady at 8 1/2 to 7 1/2.

Yours Truly,

J. E. LATHAM.

THE MARKETS.

CHICAGO, October 29.
