NEW BERNE, N. C. FRIDAY MORNING OCTOBER 30 1896

ESTABLISHED 1882

GUTHRIE SPEAKS.
REGARDING CHAIRMAN AYER'S
ADDRESS AGAINST HIM.

Considers His Position All Right.
Honest Men the Exception and
Honest. Willing to Accept De-
cation of Plain People.

Special.
RALEIGH, N. C., October 29.—W. A. Guthrie spent the day here, and as he was leaving your correspondent asked him the question, "What have you to say in reply to Chairman Ayer's address in the Hayes speech?"

Guthrie said this, "Nothing except this that he has punctuated and emphasized my own position and placed me under obligations by doing it. You must remember that I have practiced law 30 years and most of my life has been spent in the investigation of business transactions, and in the trial of cases in Court and I have found by experience that it is the exception to find a man who is strictly honest and always tells the truth."

I have lived my life for the most part among men who are common liars, and it seems who have sold out the People's party to the gold bugs in North Carolina or reward or the hope of reward, think they have deceived me; they are very much mistaken.

As for myself I would rather be cured by the pie counter crowd before election, than be cured the balance of my life by the people after election.

I am content to abide by the cool sober judgment of the plain rank and file of the People's party, who have been taught to believe in principles which I advocate."

The Tonnage Tax.

Special.
RALEIGH, October 29.—The Supreme Court declares the tonnage tax on commercial fertilizers to be unconstitutional.

Killed Child For Revenge.

GALESVILLE, Wis.—Seeking revenge as the result of a quarrel with his employer, Oscar Marshall, a North Bend, farmer, William Palmer eighteen years old, murdered the three year old son of Marshall. Palmer took the little boy to the barn and deliberately crushed his skull with an ax. Later he confessed to the crime and a lynching may follow.

Telegraphic Items.

The Rossina thistle will be used for fuel in South Dakota this winter. It finds a market at \$1.50 a ton.

Richard Morgan, aged about thirty-five years, committed suicide by cutting his throat in a cemetery on the outskirts of Philadelphia. Letters left by Morgan show that he killed himself because of unrequited love.

Mrs. Margaret Hays died at the home of her daughter, Mrs. Patrick Barrett, at Stony Ford, Orange County, N. Y., aged one hundred and four years. She was born in County Kerry, Ireland. She retained her faculties to the last.

W. P. Sheehan's hotel, Atalanta, Ala., was destroyed by fire. Three of the volunteer firemen were badly injured by a falling roof, one of them, Walter Cox, having both thighs broken. McDonough and Parrish, two spectators, were also injured.

The three year old son of Oscar Marshall, a North Bend, Wis., farmer, has been murdered by a hired man named Palmer. Marshall and the man had a quarrel, and to get even with his employer Palmer took the little boy to the barn and deliberately crushed his skull with an ax.

An explosion of natural gas at Avalon, Allegheny County, Pa., killed Besse O'Donnell, aged thirteen years, and seriously injured her brother Dale, aged nine years, and her sister Ruth, aged six years. The house was badly wrecked. The explosion was caused by a leak in the kitchen pipes.

Charles Dorez, a business man of Glendale, near Cincinnati, Ohio, took a pinch of snuff for a cold. So severe was the sneezing that followed that the inferior eyelids muscle of the left eye was ruptured and, as he continued to sneeze, the exertion forced the eye out of the socket. The eye was replaced by a physician.

The Coroner's jury that investigated the collision at St. Louis has returned a verdict finding that it was due to the carelessness of George Atwood, conductor, and J. A. Dryden, engineer, in charge of the west bound train, and the failure of the St. Louis and San Francisco Railroad Company in this case to exercise proper supervision over the movements of its trains.

George Giltinan, a member of the firm of Giltinan & Co., stock brokers of New York and Baltimore, was arrested on a complaint of Russell H. Miller and Arthur M. Wilson, of Baltimore, who seek to recover \$17,000 from the defendant, alleging that the firm of which Giltinan is the head personally concerned in the way of profiteering during the panic and securities being sold in the plains.

John L. Williams, a member of the firm of Williams & Co., stock brokers of New York and Baltimore, was arrested on a complaint of Russell H. Miller and Arthur M. Wilson, of Baltimore, who seek to recover \$17,000 from the defendant, alleging that the firm of which Giltinan is the head personally concerned in the way of profiteering during the panic and securities being sold in the plains.

Highest of all in Leavening Strength.—Latest U. S. Gov't Report.

ABSOLUTELY PURE

PANIC IN MONEY MARKET.

Money Advances to Fifty Per cent.
Everything Demoralized. Stocks
Weak. Demand for Call Loans.

Special.
RALEIGH, N. C., October 29.—W. A. Guthrie spent the day here, and as he was leaving your correspondent asked him the question, "What have you to say in reply to Chairman Ayer's address in the Hayes speech?"

This is the highest rate since the panic of 1893. It demoralized the market at once.

One hundred per cent. was offered for call loans, the highest point reached today at 12:10 p. m.

The Stock Exchange market was weak.

Just before 3 o'clock the prevailing rate for call loans was one fourth of one per cent. a day, with interest, equivalent to 97 per cent.

After the market closed brokers waxed wroth at the action of the banks in calling in their money at a time when the brokers and their customers needed it most.

There is a talk of banks issuing clearing house certificates.

Norfolk Courtesy.

Special.
NOVOPOLIS, Va., October 29.—Today, Bourke Cockran tried for an hour and a half to speak here in Armory Hall, but his voice was constantly drowned out by the silverites present who cheered for Bryan.

Major Mayo made an appeal which was well received, but Cockran was not allowed to proceed.

He was to leave at 4 p. m., but at 3:30 p. m. said he would not stay as long as he was not permitted to speak.

Killed Child For Revenge.

WILKESBARE, Pa., October 29.—A heavy gas explosion occurred at the South Wilkesbarre shaft of the Lehigh and Wilkesbarre Company, this afternoon which killed four miners and two of a party of rescuers.

There were eight other men in the shaft, but their fate is not known.

Both Feet on It.

RALEIGH, October 29.—Candidate Guthrie declared this afternoon, "I am a Populist with both feet on the platform."

High Wind in Texas.

SHERMAN, Tex.—A tornado originated near Farmington, sixteen miles southwest of Sherman. After forming the tornado took a northeasterly course passing about three miles east of Sherman. It was seen by hundreds of people in this city.

The first destructive work was noted twelve miles southwest of Sherman, where the tornado demolished a tenant house on the farm of George Duke. No one was hurt. The tornado rose from the earth, striking again at a point about four miles southwest of Sherman, where it demolished a tenant house on the farm of Jim Harris, occupied by a family named Hays.

Several persons telephoned from a suburban residence in that neighborhood, asking that searchers be sent out to look for persons who are missing. Requests were also made for physicians, bandages, stimulants and other articles necessary to care for the wounded.

Reports of the number wounded are very indefinite. A man who was in the Paris field is among the missing. The track of the storm was not more than fifty feet wide.

THE COTTON MARKETS.

October 29.
LIVERPOOL news today has been quite encouraging and New York has readily responded to the better feeling. The closing tonight is 8.04 for January against 7.94 yesterday, a net gain of 11 points.

There is a general disposition throughout the South to hold till after election, and hence receipts at interior points and ports are smaller.

This falling off in receipts together with some speculative inquiry has caused the advance.

Now how lasting this advance will be is a problem only time can solve.

The market seems to be in a very healthy condition.

New Boston market has been firm and active at 6.5 to 7.17.

Yours Truly,

J. E. LATHAM.
