DEMOCRATIC STATE CHAIR MAN'S APPEAL.

Only Frand Can Prevent Election o Bryan. Reware of Bogus Tickets. atoon or Russell. Work Must be Bone by Demograts.

RALEIGH, N. C., October 31,-Chair man Manly tonight issued the following

"To the voters of North Carolina When these words shall come to your consideration, all discussions of principles or merits of candidates will have been ended, and you will now make up your minds what is best for you and your

Your determination in this respect shall be found on your ballot. Nothing can prevent the election of the B yan electoral ticket except outrageous fraud and corruption. Bogus tickets will be distrib uted at every polling place.

Mark Hanna, or McKinley agencies will have on sale, at every precunct, tickets to deceive and entrap the unwary. The price the voter pays for this is his own undoing. Some tickets will contain only names of the Populist electors, and some may contain only names of Democratic electors. Such tickets mean an attempt to divide the silver forces and to defeat Bryan. If the untramelled vote of every citizen favoring Bryan is cast next Tuesday, his plurality in North Carolina will far exceed 80,000 votes.

I call upon you to let this be the result of next Tuesday's action. I call upon every man who wishes to see Mr. Bryan President of our great country, to vote and to see that his neighbor votes for all eleven electors as they appear on the official ballot, agreed upon by the Democratic and Populist and Silver Republican com-

Fellow citizens the contest for gov ernor of North Carolina is narrowed down, and this situation is now presented, Cyrus B. Watson, or Daniel L. Russell will be your next governor. Choose ye between them.

The Chairman of the People's party who himself is a candidate for office and expecting election by votes of the entire gold bug Republican party, has denounce ed in the public press, William A, Guthrie, Populist candidate for Governor for his action in refusing to advocate, or sustain gold bugs for office However this may be or result it is manifestly certain that the battle on Tuesday lies between a Democratic and Republican Candidate for Governor, between a the other not bearing the name, W. If, between Watson and Russell, you should prefer Watson, remember that every vote you cast for Guthrie is a half vote for Russell. I confidently and earnest ly call on all of the voters of North Caro lina who desire the defeat of Russell, and who wish to prevent Republican rule in the State, to join with us in the election of given us that Bryan will be our pext Preslent, so let the chief executive of your forts of our President, elected by our \$1,500 to send it out." united vote, from carrying out the great referms of the Chicago Convention.

But, fellow citizens, let your chief executive be a man who loves the people of his native land, whose pulse beats in sym pathy with the true and good, and who will use the high office to which you shall elevate him to perpetuate peace and hapiness in this State, and to hold up the efforts to relieve the poor and distressed and to make our American country independent among the nations of the earth

I confidently hope that the silent battle of next Tocalay will bring victory to our entire National and State ticket, but this Is for you wal for the people of our be-

GUTHRIE'S EPISODE SENSA TION OF CAMPAIGN SO FAR.

Repub-Peps in Absolute Control Pe litical Machinery, Double Ballot Boxes. Pive Electoral Name Ticket. Political Gossip.

JOURNAL BUREAU, RALEIGH, N. C., Oct 81. The usual ante-election excitoment has nearly all been compressed into this week The Guthrie episode was the crowning sensation of the campaign. To say that it demoralized the Populist machine is telling the plain truth. The machine claims that Guthrie has no following save in Durham county, and two or three more near by, but it will require the elec tion itself to tell the true story.

The Republicans and Populists have complete control of the election machiery. This is the true reason for their fusion. This is one element to take into account in figuring on the election. Auother is the attitude of the Populists Do the latter obey their State committee or do they not. On this much depends

The Republicans worked all Thursday night getting out mimograph copies of a circular saying they had advices that some thing like 180 double bottom ballot boxes made in Baltimore had been shipped to this State. They assert that as soon as balieved would be found in the silver colthese were shipped they got lost, and that | umn. they went to Weldon, addressed to a man named Killitt. Of course the Republican committee seeks to make much of his mare's nest, It rivals the Populist State Chairman, who published a long list of frauds which he thinks the Democrats may attempt.

The Durham papers term Burton, Harrison, Sykes and Peckham, who spoke there last night "those dirty blackguards," It was a street jest yesterday that there was a picture of a jaybird on the Repub. Infantry headed the procession. lican election ticket. A Republican committeeman said it was an eagle. The same committeeman said Major Guthrie had stated yesterday on the street here that the device on the Republican ticket was McKinley and Hobart.

Today the State treasurer was sent two tickets, one the correct Populist one, and man whose only enemy is trusts, and a Worth for treasurer. It is said that oneman who as judge of a court decided that sixteenth of the tickets which the Popuacgross had equal civil as well as politilist State charman sent out contained the error of omission and that the fault was his in reading the proof, the tickets being printed in sheets of 16. He must have simply overlooked one. The treasurer remarked that 40,000 such tickets were out and said laughingly that his majority would be so large that he could stand it even it all these error tickets were voted.

Democratic State Chairman Manly, who has done an immense amount of work, day and night, for the past three months, said this morning: "I am finish-Cyrus B. Walson. Every assurance is ing now. All the literature has gone. There has been many tons of it. Threeor four persons have been employed all State be a man who will not retard and the while sending it away. Most of it was embarass in every possible way the ef- given to us, but yet it has cost about

The Populists all say that G, Ed. Kestler, Cabarrus county main who sent out 100,000 bogus Populists electoral tickets containing the names of only the the five Populists electors, is a Republican pure and simple. Chairman Ayer says: I have telegraphed to our people that any ticket without the names of all the electors is begus."

Ib ugh this was "flag day," there was so display here. Durham is gaily decorsted with flags.

Considerable rain has fallen since las night and this was unfavorable to decora

Burton Harrison said in his speeches in this State that he was for McKinley and 'did not propose to wasten vote on P Imer and Buckner." The Republicanhave sent out many McKinley stickers for use on Democratic ballots.

Some of the Populists lenders asserthat the Democratic nomines for gov ernor will not get over 100,000 votes They do not really believe this, in the face of the magnificent Democratic reg stration. The Populist leaders calculate that Guthrie's letter drives 20,000 of that early to Russell, and one asserted that Juthrie will not show over 12,000 voice, But this is the veriest guess work.

There is absolutely no news save re
