ESTABLISHED 1882

FINALLY CLOSED.

REPUBLICANS LEAVE POLITICAL QUARTERS EMPTY.

As to Senator Pritchard. Candidates for Senatorial Honors. A Governor Not Much in North Carolina. State Aid.

JOURNAL BUREAU, RALEIGH, N. C., Nov. 28. Republican headquarters were closed today and Secretary Hyams left for Washington, D. C. He has been a hard and faithful worker, and the newspaper men are indebted to him for a great many articles.

He was speaking today of the Democratic vote, and says that really very few Democrats failed to vote the straight ticket. It had been said thousands would not do so. He does not find it that way, he declares, after a very careful examination of the returns.

Republican State Committeeman Grant says very plain words about the Populist vote and the vote for Pritchard for Senator. He is in favor of making that election the paramount consideration. Tom Bailey, a devoted friend of Pritchard, made the positive assertion today that 35 Populists in the Senate and House stand ready to vote for Pritchard.

Senator Butler will be here next Monday or Tuesday, on his way to Washington. Of course he will say something interesting.

It is the opinion of able judges of affairs that the straight Populists have it in their minds to put up Oliver H. Duckery for the Senate. Of course Otho Wilson is a candidate. This morning Dr. Cyrus Thompson, Secretary of State, said: "Wilson is the 'bloomingest' candidate I ever saw." He is certainly very much in evidence.

Dr. and Mrs. Laird, of Haw River, leave for Europe next week. Dr. Laird will post the fortunes of Buffalo lithia water in England and on the continent.

A Governor these days has very little patronage. Directly he has only his secretaries, adjutant general and military staff. Even the keeper of the capital is appointed with the consent of the Board of Public Buildings, and all directors and trustees by the consent of the Senate. Of course a Governor can select trustees, etc., who will favor his favorites for the superintendency of institutions, etc., but yet these have to run the gauntlet of the Senate. Otho Wilson said the other day that the Senate now has all the patronage. In no State has the Governor less power than in North Carolina.

The State's fiscal year, for all save the railway commission, ends next Monday. It is asserted that 94 per cent. of the stockholders of the Atlantic and North railway favor its lease to the Goldsboro and Morehead City railway company for 40 years.

Work on the G'ndon and Gulf railway is in progress, and has reached a point two miles beyond Deep river. All the line is in Clatham county.

The "blaine" fight is getting lively. This is on the question whether the State will maintain a University. The fight is made by the Baptist denomination alone, it may be said, and it is mainly against the University, though of course also against the Normal and Industrial school for girls. The papers of the State will have to take sides in this matter it seems, and some are already in line against it. It is going to be a hotter fight than the one last year, before the legislature.

Cov. and Mrs. Carr left this morning for Washington, D. C., on a short visit. The local cotton receipts here by wagon since September 1, aggregate 18,818 bales, against 11,842 to this date last year.

Rev. N. M. Jarney, a widely known preacher, came here to see Gov. Carr regarding the matter of a pardon for the men who were convicted of participation in the Beaufort graveyard insurance swindles. But his mission was to no purpose. There is no pardon for these men. Really their sentences are very light in view of the enormity of their crime.

The condition of the revenue collector's office is said by experts to be in finer shape than ever before. Both the office and field force are excellent.

Rev. Dr. J. H. Carter, pastor of the first Baptist church here, has gone to Washington, N. C. to dedicate a new Baptist church.

As to Senatorial Deal. WASHINGTON, D. C., November 28.—Senator Sherman denies that there is any deal with Mark Hanna as to the Ohio Senatorship.

Waiting Stock Market. New York, November 28.—Dullness continues to characterize the stock market, traders are timid, and are awaiting developments.

Heavy Spanish Loans. New York, November 28.—Lieutenant Jose Felix Rios, Secretary to Gomez, has arrived from Cuba, and tells of a battle in which General Weyler lost 700 killed, 1,500 wounded.

Future Tariff Legislation.

WASHINGTON, D. C., November 28.—It is proposed during the winter to have a caucus of all the Republicans who will sit in the next Congress, for the purpose of arranging the details of a tariff bill which will be passed at the extra session. The principal consideration is said to be promptness; it is therefore proposed to leave the Ways and Means Committee of the 54th Congress sit during the coming short session and have the bill prepared. A series of meetings extending over weeks will be held.

WATERSON IS HOME.

What He Says on Politics and Cuban Affairs. Special. New York, November 28.—Henry Waterson, the well-known journalist, arrived this afternoon, and in an interview, said: "The Popocrats must renounce their ideas or become Populists. European diplomats regard our attitude towards the Cuban patriots with suspicion. Mr. Waterson refused to speak about the future of the National Democrats until he had been here awhile, and would make no predictions about their influence in the next silver campaign."

Think Strike Will Fail.

Special. New York, November 28.—Samuel Woods, secretary of the Trades Union Congress of Great Britain, and ex member of Parliament John Mallison, chairman of Trades Union Congress, arrived today. They came as delegates to the convention of the American Federation of Labor, which meets at Cincinnati, December 14th. They do not believe that the Doctors strike in Europe will be successful.

His Royal Highness.

WOODSTOCK, England, November 28.—The Prince of Wales left Bloemhain castle this morning, escorted to Oxford by a detachment of the local Yeomanry and a corps of Oxfordshire Hussars, headed by the Duke of Marlborough, who is lieutenant in that branch of cavalry.

Wheat One Dollar.

Special. NEW YORK, November 28.—Wheat finally reached the dollar mark selling on the Produce exchange, here, at \$1.00 5/8. It sold at \$1.00 at Toledo, Ohio, during the morning. The views affecting the wheat market from abroad continue to be of a bullish character.

Indefinitely Closed.

BOSTON, November 28.—The extensive plant of the Roxbury Carpet Company has been shut down for an indefinite period. The Agents made no statement concerning this action, and it is hoped the suspension will be for only a short period. The plant is the largest in New England and employs twelve hundred hands.

Gold Democrats to Meet.

Special. NEW YORK, November 28.—The Gold Democrats will meet here at the Hoffman House, next Thursday, to outline plans to fight Tammany and carry on the campaign of 1897.

THE COTTON MARKETS.

November 28. LIVERPOOL news today was very disappointing. NEW YORK opened at about yesterday's closing prices, but there was a great deal of cotton to sell and prices weakened. The close was barely steady at 7.52 for January, a net loss of 15 points compared with yesterday's close. NEW BERNE market has been firm at 6 1/2 to 6 3/4.

THE A. & N. C. LEASE.

It is Purely a Question of Law—of Right, and Should not be Made Factional, Sectional, or Political. (Goldsboro Argus.)

Up to this time the Argus has had nothing to say editorially on the A. & N. C. R. R. lease question that for the past few weeks has been heralded as a great political dodge on the part of the outgoing State Democratic Administration to deprive the incoming Republican Administration of this piece of public property, which affords a number of desirable places for political favorites. The Argus has simply announced from time to time the different stages of the question from a basis of fact as it comes, treating with dignified silence both of high convictions all this cackle of mere place seekers; well knowing as we do, that in the pure atmosphere of law, where this question is to be argued and determined upon its legal rights, all these vapors of little minds will be blown out and no heed given them. The falsity of this charge is sufficiently established by the fact that Democrats and Republicans alike are in favor of the lease, and Democrats and Republicans alike are opposed to the lease, and by the further fact that this proposed lease was inaugurated months ago, before the State nominating conventions, and would have been consummated even if a Democratic Governor had been elected. It is purely a business proposition—just as was the lease of the North Carolina Railroad to the Richmond and Danville syndicate by the Republicans when they had the State, years ago; just as was the sale of the Western North Carolina road by the State Legislature when it was found to be a charge and a burden upon the tax payers.

Of course it is natural that mere political place hunters of Republican affiliation should oppose this lease, just as the like ilk on the Democratic side would have done if Watson had been elected; but are those to be considered in the face of the best interests of the whole people—the tax payers of the State? The A. & N. C. R. R. has been in operation for nearly forty years. In all that that long time it has only paid four 2 per cent dividends, and those have been uncrising; its stock has been a drug on the market at a song for a price. It has been an enormous expense to the tax payers of the State and disastrous to private stockholders. Now, under the provisions of the proposed lease, a certain dividend is assured annually, besides paying all taxes, protecting and replenishing the riding stock and maintaining the road way in good repair. In the face of these considerations, and with the awful experience of the past, 94 per cent. of the private stockholders and the entire State stock in meeting assembled have committed themselves unreservedly and gladly to the lease. This is a plain, positive statement of the practical business aspect of the case, which everybody knows to be true. Why should all this be swept aside in order that a dozen or so political affiliates, of either party, who perhaps may be neither stock holders nor tax payers, should have "place?"

But, within the last few days, a new phase has been precipitated upon this matter, that is as unfair and reprehensible as the political complexion with which it has been brought to point it. Down in New Berne, that gives (by comparison) little of freight or passenger patronage to the road, by reason of that town's cheaper steamer transportation facilities, which are competitors of the road, an effort has been inaugurated by certain individuals who desire to detach the lease to infuse sectional feeling into this matter—town against town—New Berne against Goldsboro; and yet New Berne has all the shops, main offices, etc., of the road, and reaps the benefit of their pay rolls and the constant employment they afford to that community. To arouse and sustain an adverse sentiment against the lease, which they oppose, these aforesaid individuals are circulating that the "shops" and offices will all be moved to Goldsboro. How futile is this flimsy falsehood! The shops and offices at New Berne belong to the A. & N. C. R. R. Company, and could no more be moved by the leasing syndicate than could the road itself. And the main mover of this new dodge has, himself been an "anxious renter" to get possession of the road by lease or otherwise for years. Wonder if he has ever read the fable of the dog in the manger?

But none of these things are germane to the consideration of this matter by the court, or even permissible evidence before that tribunal. The question goes there entirely on the point of the charter right of the A. & N. C. R. R. Company to term out their road for a term of years at a stipulated rental.
