WASHINGTON NEWS.

Senator Chandler's Puzzling Bimetallic Resolution.

Senator Allen's Pertinent Query. Tariff Cut on Steel Rails, Signing of Venezuelan Arbitration Treaty.

JOURNAL BUREAU, WASHINGTON, D. C., Feb. 5.

Senator Chandler has puzzled the politicians by the introduction of a resolution declaring it to be the sense of the Senate that the United States should not permanently acquiesce in the single gold standard, and that the efforts of the Government in all its branches should be directed to secure and maintain the use of silver as well as gold as standard money, with the free coinage of both. Mr. Chandler calls his resolution another step towards bimetalism and has announced his intention to speak on it, in order to refute argument made by Senator Vilas, whom he calls a gold monometalist, and Senator Pettigrew, whom he calls a silver monometalist, when those two Senators voted against the international monetary commission bill.

There is an impression that Senator Chandler, who, while in no sense a leader of his party, is one of the slickest wire pullers now in politics, has some object in view which he hasn't mentioned and isn't likely to mention, but nobody seems to know just what it is. Although Mr. Chandler is a Republican of the most pronounced stripe, the bitter personal attack made on McKinley and Hanna just before the National convention last year makes it reasonably certain that he will have little or no influence with the coming administration. If it wasn't for that he might be supposed to be acting for McKinley. He usually acts for Chandler.

While the Senate was wrangling as to whether the Nicaragua bill, the Bankruptcy bill, the conference report on the Immigration bill, or the Pacific Railroad resolutions should first be disposed of, Senator Allen very pertinently asked: Does the Senate propose to do nothing? The Bankruptcy bill is in the latest stages of consumption; the Nicaragua Canal bill is about to be nailed in its coffin, and the Senators are putting off these Pacific Railroad resolutions. If the Senate intends doing anything beyond passing the appropriation bills at this session, it will have to hurry up, as time is rapidly eating up the small remainder of the session.

It is already evident that the new tariff bill will not increase duties upon everything. For instance, the majority of the Ways and Means committee have informally decided to cut the duty on steel rails nearly in half. The duty on steel rails under the present tariff is about equal to \$7.84 a ton, but it is not likely to exceed \$4 a ton in the new tariff bill. Improvements in methods and lessening the cost of rails by American manufacturers is given as the reason for this cut.

It may not make the treaty any stronger but it certainly added something to the sentimental interest of the occasion that the Venezuelan arbitration treaty, which was this week signed by the representatives of Venezuela and Great Britain, in the presence of Secretary Olney, at the Department of State, should have been signed with a gold eagle owned by Senor Andrade, the Venezuelan Minister, which was in a holder made of a quill from the wing of an American Eagle and was decorated with a gold heart surrounded by diamonds. Great Britain and Venezuela have been wrangling over that boundary line for nearly a hundred years and for some years past there has been no diplomatic intercourse between the two countries. All this is now happily settled by agreement to settle the dispute over the boundary line by arbitration, and the two countries will at once resume diplomatic relations. Secretary Olney is very proud of the part he took—really the leading part—in bringing about this treaty.

THE STATE CAPITAL.

Cheap Rates to New Berne Fair. Judge Norwood Feels Better. Butler's Filings. Populists Request of Offices.

JOURNAL BUREAU, WASHINGTON, D. C., February 5.

The \$4 round trip ticket to the New Berne Fair, with admission to the grounds offered by the Southern R. R. is certainly cheap enough.

The committee yesterday afternoon heard the case of Judge Norwood and decided they would be lenient, and give him another trial. He and his wife are stopping here at the Park Hotel and it was a pleasure to see him when told the decision of the committee.

The Progressive Farmer flatly refused to publish Skinner's attack on Senator Butler only as a paid for publication. The editor turned Congressman Skinner "a political outlaw."

Senator Butler in his editorial over his own name in the Concavos, yesterday, made such an attack on Governor Russell in what he calls his double dealing regarding the rumpus in the Populist

Highest of all in Leavening Strength.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

lines and his pretended attempts to reconcile things, that the governor will be compelled to get up and explain things. The Senator goes on and taunts Governor Russell that his love of power, has made him do "questionable" things. Have all the "glass houses" we used to hear of been shattered? This same paper declares that "fusion is a failure."

The minority Populists and the Republican conference committees met last night. The Populists declare they have no men capable of taking care of the two asylums, the ones at Morganton and Goldsboro, so they ask for the Judgeship of the Eastern criminal circuit. This place may fall to Walter Henry, the "big" Democrat who fell with a thud into the Populist party last year.

The Mecklenburg contested election cases came off in the House yesterday and the Democratic, sitting members were turned out for the Republicans.

The executive committee of the Teachers assembly met here this afternoon. The place for the next meeting of the Assembly was discussed, and they decided to ask the legislature for a new charter for the Assembly.

There is a bill in the legislature to protect wives. It provides that a man shall be guilty of a misdemeanor or be subject to imprisonment, or a fine if he assaults his wife.

The president of the Senate and the speaker of the House have taken charge of the enrolling clerk's Swinson's office. He still refuses to accept the negro clerks.

Tomorrow afternoon in the Supreme Court room the bill for annulment of the S. C. R. R. Lease will be heard before the committee. It will attract a crowd.

SENSATIONAL MESSAGE

Of Governor Russell's Regarding Railroad Lease.

Correspondence President Hoffman S.A.L. Submitted to Legislature Governor Urges no Change in Bill Pending.

RALEIGH, N. C. February 5.—Governor Russell sent a special message to the legislature to-day, which creates a divided sensation.

It contained the correspondence between him and President Hoffman, of the Seaboard Air Line, and Hoffman's proposition to lease the North Carolina Railway for 20 years at four hundred thousand dollars annually.

Hoffman makes the charge that he has not previously been allowed to submit a proposition on an equal footing with other lines in submitting their bids for the operation of this road.

The Governor says this charge is startling. That if true the lease of the road now in vail in equity, and void in law and morals, and the courts will nullify it.

The Governor recommends the proposition of the Seaboard Air Line to the legislature, and urges that no change be made in the pending bill to annul the lease of the North Carolina Railway to the Southern, and says the latter has no right to complain, as it leased the road from the North Carolina Railway company, and not from the State.

He then says: "The State has a large interest in the Atlantic & North Carolina railway. It is entirely practical to compel the lessees or purchasers of the North Carolina Railway, to take the State's interest in the Atlantic & North Carolina railway, provided the legislature will authorize the sale or lease of the latter road, and pass the measures necessary to enable the State to get value for its property."

THE COTTON MARKETS.

February 5. May cotton in New York closes at 7.18 which is a point higher than the close yesterday.

The speculation is light with no change in the general situation.
