**WASHINGTON NEWS.**

**New Administration Taking Matters Easily.**

Senate Stirred by Prospective Caucus. Political Chairmen of all Parties in Senate. McKinley Friendly to Senate.

JOURNAL BUREAU, WASHINGTON, D. C., March 8.

The new administration, probably realizing the impossibility of doing any work until the edge has been taken off of the flying wedge of office seekers of the largest class—men who are after the places not coveted by civil service rules—is taking things as leisurely as possible.

The holding of a caucus by republican Senators, ostensibly for the purpose of electing Senator Allison Chairman of the caucus in place of John Sherman, but really to consider the advisability of attempting to fill the Committee vacancies has stirred up the silver Senators to fever heat, and if men like Senator Teller can have their way, the republicans not only will not be allowed to take their choice of the existing committee vacancies, but will lose all the important Committee Chairmanships they now hold.

Now that Senator Hanna, who is Chairman of the republican National Committee, occupies a seat adjoining that of Senator Butler, who is Chairman of the Populist National Committee, it has been jokingly suggested that Senator Jones, of Arkansas, who is Chairman of the Democratic National Committee should move his seat alongside of those of the other Chairmen, so that when things get dull, the trio could amuse themselves exchanging campaign experiences. It does seem a little odd that the Chairmen of these three National Committees should all be in the Senate together.

**LEASE BILL KILLED.**

Will Be a Political Issue Next Campaign.

Duncan's Motion Swept Bill and Amendments Away. Great Surprise. Russell Mutters Threats. Goldsboro Saved.

SPECIAL: RALEIGH, N. C., March 8.—In the House on E. C. Duncan's motion, all the amendments to the North Carolina railway lease bill, including some for 8, 9 and 10 per cent, was tabled, this motion carrying the substitute with it. This was a great surprise. Both factions declare that they are delighted. Dockery says it is a "big fall. Col. Andrews of the Southern Railway is happy.

**THE STATE CAPITAL.**

House Deadlocks Disgusts Everyone. Curious Parliamentary Ratings. Sneak Bills.

JOURNAL BUREAU, WASHINGTON, D. C., March 8, '97.

Little else was talked about here yesterday than the dead-lock in the House in the railway lease bill. The general public was disgusted with the proceedings, particular the arbitrary rulings of the men who occupied the Speaker's chair. A few of the members of the minority declared that nothing was too "extreme." Some of the minority were disgusted at the "rankness" of the decision. They said the real Speaker (Hillman) though clearly in entire sympathy with the minority, would not have made such unparalleled decisions and rulings.

**Agitation in England.**

LONDON.—The agitation of the lovers of liberty in favor of Greece is spreading everywhere in Great Britain, according to reports received from many places. In every dissenting chapel and in many churches of all creeds in London, a notice was read urging the congregations to attend the demonstration in Hyde Park. Though the weather was threatening, about 15,000 people were present. They consisted of all classes, although workingmen predominated. Six platforms had been erected for the accommodation of the speakers, and the strictures in all classes displaced Greek flags.
