THE STATE CAPITAL.

Mystery Over Judgeship, March Weather, Slowness of Supreme Court in Filing Opinions.

JOURNAL BUREAU. RALEIGH, N. C. March 25, '97. There is still a veil of mystery hanging over the U. S. Judgeship for the Eastern District. Russell, Faircloth, Purnell and Price seem to be the ones from whom the choice is to be made and first one and then another are chronicled as being in the lead.

In the new annex to the State Museum two of the large rooms in the lower floor will be used for special exhibitions, one for ores and one for animals.

In view of the fact that the State Treasurer said he could not pay any of the new appropriations yet, the Board of Agriculture will lend the Agricultural and Mechanical College \$5,000 for putting up the Hospital, and for other improvements. This money to be replaced in October.

The case of John Graves who killed a man in Forrestville, in January, is in the hands of the jury before the Superior Court which is in session here.

The weather which has for several days been so close and warm, really unseasonable, has again become real chilly with high March winds.

The board of Agriculture met today, again and fixed the salaries of the new officers, or rather left them the same as the old ones were.

C. T. Bailey has gone to Washington with endorsements looking to the appointment of the position of Raleigh post-master.

The Governor today issued the commissions to the new directors of the N. C. R. R.

A. L. Swinson, the ousted-enrolling clerk is an applicant for Surveyor to the State Board of Education.

Thos. Burch, the negro who broke into and robbed a store here some weeks ago and who was shot gets 15 years in the penitentiary. He pleaded guilty.

There is comment upon the slowness of the Supreme court in filing an opinion in the case of Satterfield who was convicted in the Superior court of fraudulently enrolling the assignment act at the session of the legislature of 1895.

Garca's Camp Captured.

HAVANA.—General Linears reports that his command of 1,600 men, comprising infantry, cavalry, and artillery, left Son go, in the Province of Santiago de Cuba and at La Salle ranch encountered several parties of rebels under the leadership of Cebreco, with whom they had a sharp engagement. The rebels were finally forced to retire from their position which were occupied by the Spanish troops.

It is reported that the camp of Calixto Garcia's column has been captured by the Spaniards, after a severe fight, at the conclusion of which the insurgents were found to have left sixteen of their number dead on the field. The capture of the camp was effected by a dashing cavalry charge. The rebels were reinforced by the band under Rabi, and awaited the troops at Raire Ariba, but were obliged to retire to a point within sight of Jiguank. In the course of these journeys engagements the rebels lost twenty-seven killed. The Spaniards had one lieutenant and four privates wounded.

By order of Captain-General Weyle Isabella Rafael Bourke, and English prisoner, who had been for some time detained at Cienfuegos, was released.

Floods in Alabama.

MONTGOMERY, Ala.—Special to the Advertiser says the town of Etta, on Pea River, is completely covered with water. The water is six feet deep on the public square and flowing through every business house and residence in the town.

GENEVA, Ala.—At the junction of Pea and Chastawatchie rivers is in almost the same condition but no reliable information as to the exact condition can be had. Every bridge in Coffey county has been swept away. No mail has been received at Geneva for a week. There is much suffering throughout the flooded territory.

Twelve bridges have been washed away in Barbour county and much damage done to farming interests. No loss of life has been reported.

Another Greek Protest.

ATHENS.—The Greek government is about to address another protest to the powers against the blockade of the island of Crete and a formal repudiation of all responsibility for any consequences to which it may give rise. The newspapers which represent the ministerial opposition in the Boule denounce the proposal of autonomy under Prince George as a betrayal of Hellenic interests.

It is now believed in official circles that the powers will shortly enforce coercive measures against Greece. A collective note has been addressed to the government demanding the recall of the Greek troops from the frontier, and threatening that in the event of the refusal of Greece to comply with this demand the powers will blockade the Greek ports near the frontier.

The celebration of the 110th anniversary of the Western University of Pennsylvania, the first school established by law in the Valley of the Mississippi, north of the Ohio, began at Pittsburgh Tuesday and will continue three days.

SOLVES THE PROBLEM.

Congressman Skinner Proposes to Issue Bimetallic Certificates to Depositors of Both Metals in the Treasury at Sixteen to One.

WASHINGTON, D. C., March 25.—Representative Harry Skinner, the Populist leader from North Carolina, has conceived a bill and presented it to Congress, which he claims will solve the financial problem and bring about practical bimetalism. His bill provides for the issuance of bimetallic certificates of various denominations, which shall have a positive value of one hundred cents on the dollar. These certificates are to be issued to any person who may deposit seven and six-tenths grains of gold and one hundred and eighty-five and six-tenths grains of silver (at a ratio of 16 to 1.) These certificates, according to their face value, are made receivable for public and private debts, and when received for taxes shall be reissued, and in its face guarantee—that the bearer shall, within twelve months, at any United States depository receive 50 cents worth of gold and 1.50 cents worth of silver, according to the market value of the bullion as declared by the Secretary of the Treasury.

The bill further provides that the Secretary of the Treasury may issue said certificates in the same proportion against any gold or silver in the Treasury, and when so issued shall redeem in equal proportions the present outstanding gold and silver certificates. It is also provided that seignorage shall be covered to the Treasury to be converted into a sinking fund for the redemption purposes. In case of a depreciation in the price of silver the Secretary of the Treasury is authorized to purchase in open market to meet the deficiency.

Mr. Skinner says he has submitted his bill to many of the leading Republican and the Democratic bimetalists in both houses of Congress, and they admit that it is one of the simplest and at the same time practical propositions that have been made in connection with the money question. It carries out the very spirit of the Republican platform in regard to bimetalism, for it provides for a 50-cent dollar—one half gold, and the other half silver. If the silver depreciates gold will surely appreciate, and thus a combined value of the two metals equalizes the face value of the bimetallic certificate and keeps its face value at 100 cents. Under any circumstances the holders of the certificates can demand of the government 50 cents in gold and 50 cents in silver.

When the question comes up for consideration, Mr. Skinner says, it will be difficult for the single gold standard men to successfully oppose it. Senator Chandler and other Republicans who are interested in carrying out the Republican promises in behalf of bimetalism have examined the bill and declare that it will halloo the thoughtful consideration of every one who honestly believes in a bimetallic currency system.

Telegraphic Items.

The Board of Trade of Chicago has decided to begin a crusade against violators of the interstate commerce law; not only those who discriminate in the giving of rates, but also against those who accept them.

The big factory of the National India Rubber Company, at Bristol, R. I., which is controlled by the United States Rubber Company, is closed for two weeks. Fourteen hundred employes are affected.

Application has been made in the county courts of Pittsburgh for the appointment of a receiver for the Pittsburgh Provision Company. The concern has a capital of \$250,000, and it is alleged that its affairs have been mismanaged.

A contest has been begun for a share of the estate of Asa Fisk, of San Francisco, well known as a money lender, who accumulated \$500,000 by shaving notes. His oldest son, Asa W. Fisk, of Denver, claims half the estate.

A severe wind, hail and rain storm passed over the northwestern section of Philadelphia, doing considerable damage. The big clothing store of Berg Brothers, corner Front and Dauphin streets, had the roof torn off.

The dwelling of Frank Penrod, at Laddedale, Iowa, burned Tuesday night, and his five children were burned to death. The eldest was twelve and the youngest two years of age.

The large plant of the Acme Bicycle Works, at Reading, Pa., was destroyed by fire. The fire originated in the enameling room which was filled with coloring fluids. Owing to the inflammable nature of the stock the big four story brick building was soon a mass of flames.

20 YEARS FOR MURDER.

John Groves Sentenced to Penitentiary. T. M. Argo an Applicant for Federal Judgeship.

RALEIGH, N. C., March 25.—John Groves was today found guilty of murder in the second degree and sentenced to twenty years. An appeal was entered.

T. M. Argo of Raleigh is the newest applicant for the Federal Judgeship. Strong recommendations have been forwarded to Washington for him.
