WASHINGTON NEWS.

Tariff Bill Passes the House by A Great Majority.

To be Operative at Once. It goes to the Senate. Appointment of Public Printer. Concerning Patents.

JOURNAL BUREAU, WASHINGTON, D. C., April 2.

The House has finished its work on the tariff bill and sent the measure over to the Senate, where it will necessarily be dealt with in a manner differing widely from its treatment in a body having a Republican majority and a cloture rule.

President McKinley's appointment of Mr. Frank W. Palmer to be Public Printer shows that it is more a question of "pull" than rules when it comes to making appointments.

Senator Allen didn't wait until his tariff bill got before the Senate to make a tariff speech. He made one this week of about an hour, on his resolution of declaring it to be unconstitutional to impose tariff taxes on the necessities of daily consumption in order to enrich certain favored classes at the expense of the masses.

Even as genial an old gentleman as Uncle Sam objects to being made to appear as a side partner in a lottery scheme conducted by those who claim to be engaged in the business of procuring U. S. patents for inventors.

Representative Heston, of Minnesota, has offered a joint resolution for the appointment of the banking and currency commission, to be composed of four citizens appointed by the President, two Senators to be appointed by the Vice President, two Representatives to be appointed by the Speaker of the House, and the Comptroller of the Currency, the commission to report to Congress on the first day of the regular session, next December.

is a Republican, but he does not claim to have been acting for the President when he offered the resolution, although it is generally understood that Mr. McKinley favors the idea.

A Populist statement signed by all the Senators and Representatives of the party, issued this week, shows that they stand about where the silver republican Senators do on the tariff bill. They will endeavor to secure amendments in the interest of their constituents, in the Senate, but to emphasize their belief that no sort of a tariff will cure our troubles they may decline to vote at all when the bill is upon its final passage.

THE STATE CAPITAL.

insuring Public Buildings, Rates of Fertilizers. The Editors are Entered.

JOURNAL BUREAU, RALEIGH, N. C., April 2.

The Council of State met yesterday, but only transacted routine business. After its adjournment, the Board of Public Buildings and grounds met, and looked to the insurance of the Supreme Court, and to re-insure the libraries. The supreme court building had never been insured. The insurance on public building is always given out pro rata among the different insurance companies in the city.

Plans are all made for the reception of the New Jersey editors who reached here at 5 p. m. The program was to go immediately to the State museum. The finest without doubt in the South. From there they were escorted to the Yacht Club where they were entertained. At 9 p. m. a reception was tendered them by Governor and Mrs. Russell and many prominent citizens at the Executive Mansion. Tomorrow they will be driven over the city to the different points of interest.

Miss Dora D. Jones, a lady from Greensboro, N. C., has started out on a lecture tour. She is highly spoken of by the Washington Post. Her subject is "Sacred Art." Miss Jones has spent much time abroad. She is well known in her city where she has often visited.

The sales of fertilizers by the Agricultural Department this season will probably go as high as \$3,500,000, and the bulk of this amount will be fertilizers manufactured outside. Thus this is a drain upon the agricultural resources of the State.

It is said that the State printers are overhauled with work, their presses running day and night.

The answer of Governor Russell to the objection to be heard at Greensboro, Monday regarding the N. C. R. R. is completed. The answer as to the A. & F. C. R. R. is being prepared.

There has been collected this year by the Governor's office \$444,111 in fees from notaries public and public officials. This is the largest quarterly collection of funds received.

Yesterday all State insurance licenses expired and so far only 14 companies have renewed.

President Hancock of A. & N. C. R. R. is here to consult Governor Russell as to his junction case. He will make answer through his counsel Messrs. Simmons, Lycock and Ward.

ROYAL BAKING POWDER Absolutely Pure

Celebrated for its great leavening strength and healthfulness. Assures the food against staling and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., New York.

FORTY MILES WIDE

The River Floods Twenty Towns and Ten Thousand People are Homeless.

GREENVILLE, Miss.—Ten thousand people are today homeless in the flood districts. A dismal waste of water covers the surrounding country on every side of Greenville and the town is today a desolate island, connected with the outside world by one lone slender thread, a trolley line running east to Winona.

NEW ORLEANS, La.—Vigilance is the price of safety here and the constant watch for weak places has been the means of averting several crises at dangerous places. The sloughing on the Algiers side, just below the city, has been repaired, thirty thousand sacks of earth having been used in making the place secure.

The great danger below the city is due to wave wash, caused by passing steamers, some of which run close to the shore to avoid the swift current. The Governor and mayor have issued a proclamation calling on them to keep to the middle of the stream and run under slow wells. The heavy rain of the past two days has soaked the levees. The people behind them are growing indignant at the heedlessness of the pilots, and are talking of using arms to compel them to keep the middle of the river.

The damage to the farming country in the Delta cannot yet be estimated. Five counties will be for the most part under water for thirty days, and the main and branch lines of the Yazoo and Mississippi Valley Road will have a one to ten mile stretch of track inundated.

MISSISSIPPI, Miss. Last night the Mississippi went on a rampage here, and an dweller along the flats moved out in a hurry. A huge ice jam, which had formed in the river at Forty-second avenue, broke and an immense volume of water, with big cakes of ice and thousands of feet of logs, went tearing down the river and roaring over St. Anthony falls.

The water rose two feet in half an hour edging its way up the river banks until the floors of many houses were submerged.

One mill man estimated that 25,000,000 feet of logs had been swept away. The damage is about \$100,000.

REAL ESTATE AGENCY.

City property of all classes for sale, cash or on time. Some of the best houses and lots in the city are included, and on down to the cheapest tenements.

Extra!

From now on our immense line of SPRING GOODS will be pouring in on us. Every corner of our store will be Bargain Bright with new, fresh goods. Every Attractive Article at an Attractive Price. We mean to make this our Banner Season.
