THE STATE CAPITAL.

The Question of the Judges Still Unsettled.

The Great Railroad Wreck. Plenty of Bicycles. A Big Cotton Crop to be Planted. Butler Gives Some Opinions.

JOURNAL BUREAU,
RALIGH, N. C. April 13.

Nothing scarcely was talked of yesterday except the wreck and loss of life on the Southern Railroad near Charlotte on Sunday. The Charlotte Observer with its usual promptness got out an extra Monday morning giving the details of the whole affair. Next to the Boston Bridge wreck about six years ago nothing worse in the way of a railroad accident has occurred.

It is proposed that a State Farmer's Alliance meeting be held May 3rd. It is promised, that today, the question of a successor to the late Judge Seymour will be settled. Telegrams from Washington last night stated that the chances were decidedly in favor of Col James Boyd of Greensboro, if it is to be a Western man. Pritchard would argue in support of Price, but would prefer Governor Russell or Chief Justice Falk cloth.

There are fully 800 bicycles in use in this city. Hillsboro street 90 feet wide and beautifully graded, and macadamized, is alive with bicycles every afternoon.

Mr. Perrin Gower, a farmer in Wake county, took landrum and died yesterday from the effects. He was quite a prominent citizen and a man of means.

There is said to be an increase in the number of mortgages in the county this year as compared with last year. The cotton crop to be planted is the cause.

Mrs. Iredell, who is looking after the \$30,000 to be raised by the old pupils of St. Marys for the endowment of the school is meeting with encouraging success.

The Revenue Act case was heard by the Supreme Court today in motion for a special hearing. This is in regard to the poll tax.

Julius B. Fortune of Shelby has moved his family to the city, and it is said he has been promised the position of clerk of the U. S. District Court. Mr. N. J. Rittick has held the place for over 22 years. The Judge has the appointment of the clerk and how Fortune could be promised the place when no judge has yet been appointed seems strange.

Butler in his paper today says that he thinks "there is some danger that the democrats will go back into the democratic party and possibly get control of the party; that if this should be the case the rank and file of the democratic party would almost in a body come to the people's party, and thus a could defeat the republican candidate, and elect a people's president with a co-operation with the silver republicans."

The State Superintendent of Public Instruction says that a fraud is being perpetrated on the public schools by persons who are selling charts worth about \$2.50 for \$16. He says in one county fully \$2,000 was thus used.

Wade Hampton.

RICHMOND, Va.—It is stated upon high authority that Gen. Wade Hampton, of South Carolina, is to retain his place as commissioner of railroads, to which he was appointed by President Cleveland. General Hampton's intimate friends here say that Secretary of State Sherman a few days ago sent General Hampton word that he need give himself no trouble, that he would certainly be retained by the new administration. Mr. Sherman and General Hampton have not been on good terms for many years past. This, however, did not prevent the ex-Senator from Ohio using his good offices in the interest of the distinguished South Carolinian.

They Were Greek Regulars.

CONSTANTINOPLE.—The Turkish staff officer who was sent to Krania by Edhem Pasha to ascertain definitely with respect to the invasion reports that the presence of Greek regulars among the invaders has been positively proven, and that there is also good reason to believe that Greek officers of the regular army were in command.

He states further that the bands hid themselves during the daytime and sallied forth at night to fire upon the Turkish troops. Edhem Pasha's staff are greatly puzzled by these attacks. His officers say, "Let the Greeks make war or keep still." It is reported that the Greeks had 68 killed and the Turks two, with 12 wounded. The latter belonged to the patrol posted on the edge of the forest where the Greeks were in hiding. They were picked off by sharpshooters.

The report of the staff officers in question has been wired to Constantinople and a reply is anxiously awaited. The Turkish forces here continue in excellent condition. The soldiers are obedient and willing, while the officers are actively engaged from sunrise until late at night. Many of them are in the saddle twenty hours out of the twenty-four.

TO CURE ACID INDIGESTION
Try Cassel's Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

WHAT TO CALL THEM.

Raleigh Chapter Daughters of Confederacy Make Request of Confederate Veterans.

Special.

Raleigh, N. C., April 13.—The Raleigh chapter of the daughters of the Confederacy, will ask the L. O. B. Branch Camp of Confederate Veterans to call attention at the reunion of the Confederate Veterans, at Nashville to the proposed plan of the G. A. R. to style all participants in the late civil war on the Southern side, in future school history, as rebels and insurrectionists.
Rev. Drs. Daniel and Weston endorse the "Daughters" in their proposed plans.

BIMETALLIC COMMISSION.

Two of the Members Strong Advocates of the Restoration of Silver, and the Third a Corporation and Money Man.

WASHINGTON, April 13.—Under the act approved March 3, 1897, "for the promotion of the international agreement for bimetallicism," President McKinley has announced the appointment of three commissioners to represent the United States in the proposed conference. They are:

Hon. Edward O. Wolcott, of Colorado, Republican.

Gen. Charles J. Paine, of Massachusetts, Republican.

Hon. Adlai E. Stevenson, of Illinois, Democrat.

Confirmation of these appointments by the Senate is not required by the act creating the commission.
It has been generally conceded that Senator Wolcott would be made a member of the commission. He has been an active leader in the movement for the monetary agreement, and is widely known as an advocate of the silver cause. His trip to Europe last fall was generally conceded to be at least semi-official as the representative of the new administration.

Gen. Charles J. Paine is a Republican and was a McKinley man. He is one of the most prominent business men of Massachusetts, and is said to be a deep student of the financial question. While he is classed as a supporter of bimetallicism, based on international agreement, he is regarded as allied with the sound money faction.

Ex-Vice President Stevenson, the Democratic member of the Commission, is generally known as an advocate of bimetallicism. He was a staunch supporter of Bryan and the Chicago platform. He and Senator Wolcott, however, are said to be in accord on the financial question.

It is not yet known when the Commissioners will meet and organize. When an organization is effected, however it is believed that Senator Wolcott will be made President. It is authoritatively stated that the Commissioners will not go abroad before May 1, by which time the new Ambassadors will be at their posts and render the special envoys the assistance necessary in the consummation of their mission.

Telegraphic Items.

The Illinois steel works at South Chicago, resumed operations Tuesday. The finishers were not upheld by the officials of their union, and as a result their place were filled. Twenty-four hundred men in other departments returned to their labor and the mills are now in full blast.

The military commander of Camp Florida, this Province, with the loss of that place, has defeated a part of insurgents, which held the heights of San Joaquin. The enemy made strong resistance, but was dispersed with severe loss, according to the report. The troops had twenty-eight men wounded.

Funeral services over the remains of the late ex-Senator Daniel W. Voorhees of Indiana, were held at St. John's Episcopal church, Washington, at noon on Tuesday. The church could not accommodate those who desired to pay their last tribute of respect to the Indiana statesman. The members of the Senate were present in a body and among other in attendance were many prominent officials and social life.

Eight hundred angry depositors in the Globe Savings Bank met Monday afternoon to protest against the treatment they had received at the hands of C. W. Spalding its president, and his fellow officers, and to devise means for securing if possible some portion of their savings which had been tied up by the bank's failure. Ex-Gov. Altgeld was frequently denounced, and cries of "lynch him!" "Send him to the penitentiary!" "Send Spalding and the rest of the gang!" came from all parts of the room.

James Fletcher, who was said to be a survivor of the charge of the Light Brigade at Balaklava, died in Harrisburg Pa. He was over sixty years old, Fletcher was with Gen. "Chinese" Gordon in the Sudan. He has lived in Harrisburg about twenty years.

The Sons of Confederate Veterans have completed arrangements for participation in the Grant monument dedication parade.

NOT EXACTLY RIGHT is the way thousands of people test. It is because their blood is poor. Hood's Sarsaparilla, the One True Blood Purifier, will promptly set them right.

Hood's Pills are purely vegetable and do not purge, pain or gripe. All druggists.

CASCARETS stimulate liver, kidneys and bowels. Never clogs, or weakens or gripe.

Just try a 10c. box of Cascarets, the best liver and bowel regulator ever made.

THE COTTON MARKETS.

April 12.

The Liverpool news was somewhat better this morning, but New York did not respond, and the closing there is 7.68 for May delivery.

The speculation continues on a very small scale and some operators think the market will do well to sustain the present range of values.

Yours truly,
J. E. LATHAM.
