## A WINTRY BLAST.

### Frost and Ice in Southern Truck Sections.

Cold Wave Spreads Desolation in North Carolina. Widespread Destruction of Strawberries and Truck. New Berne Escapes Serious Damage.

Special.  
Raleigh, N. C., April 21.—Van Herk reports the following minimum temperatures today.

Raleigh, 24.  
Wilmington, 15, heavy frost.  
Goldsboro, 23.

Greensboro, 21.  
Charlotte, 15, widespread loss of strawberries and truck.

There was deep anxiety here all last night, and the thermometer and wind were eagerly noted all night. Frost was reported in a number of fields. Early this morning truckers were reported to note what damage had been done. It was found, however, very little damage was done. There was frost on the ground, but the stiff easterly wind which blew all night and the general dryness in the vicinity prevailed against the frost.

### THE GREEKS PREVAIL.

The Loss of Miloussa Pass Retriever by a Greek Victory at Damoussa.

ATHESS.—The news of the capture of Damoussa puts a new complexion upon the situation on the frontier and is a great encouragement to the Government, and is likely to have the most exhilarating effect upon the spirits of the Greeks who had been greatly depressed by the reverses of their troops at Miloussa Pass.

If the Greek divisions affect a union at Damoussa as is expected there is almost nothing in the way of their prompt advance to Ellassona.

If Tyrnovo falls into the hands of the Greeks, the Turkish troops will sweep down upon the plain and advance to Larissa to meet the force concentrated here under the Crown Prince, they will be between two grand divisions of the Greek army. This seems to have been the object of Greek strategy.

Should the Greeks succeed in recapturing the forts at Prevesa, as now seems probable, and in occupying the town with the large land force co-operating with the bombarding warships the road to J. sinas would be open and the Turkish troops in Epirus placed at the most serious disadvantage. The strategic value of Prevesa to the Turkish division in Asia is that so long as it remains in the hands of the Turk it makes possible a steady line of munitions and food supplies. With Prevesa in the hands of the Greeks this line could be promptly cut and it would be practically impossible to victual the Turkish troops by the Ionian route through Macedonia. On the other hand, the Greek troops could be re-acted by sea.

Fighting between Greeks and Turks resumed Tuesday morning at Ravina, not far from Tyrnovo, northwest of Larissa. A big battle is in progress. The Turks are attacking in still greater force, but the Greeks are making a stubborn resistance.

There was renewed fighting between the Turks and Greeks in the Miloussa Pass. It was the most serious description, but full details are not obtainable here.

The firing ceased at 3 o'clock in the evening. The total Greek loss in the various engagements in Miloussa Pass is estimated here at 1,000 killed and wounded.

The latest details as to the fighting at Miloussa Pass make it evident that the Greeks suffered severely because of the lack of artillery. Several of the war correspondents aver that if the Greeks had possessed anything like adequate artillery, the Turks would never have captured the positions so obstinately held by the Greeks.

THE COTTON MARKETS.

April 21.

Owing to a better Liverpool market, which was unexpected, cotton advanced eight points today, closing at 7.08 1/2.

No features in the home market.  
Yours truly,  
J. E. LATHAM.

## THE STATE CAPITAL.

A. & M. Cadets. Several Frost. Com. Convention Report. What Should Convention. Guard Going to Nashville.

JOURNAL BUREAU.  
Raleigh, N. C., April 21.

The building of the hospital at the Agricultural and Mechanical College will begin at once. Yesterday Mr. J. C. L. Harris drew from the State Treasury \$2,500, being half of the legislative appropriation for the hospital and other improvements at the college.

Maj. Garlington, the U. S. inspecting officer is greatly pleased with the drill of the A. & M. cadets yesterday, and says that it was the best drilled body of cadets he had inspected for some time. Capt. Fresham has only been here since midwinter as the Military Director of the cadets. President and Mrs. Holliday after the drill, held a reception complimentary to Governor and Mrs. Russell and other guests.

Four Peabody Scholarships to Peabody Normal College at Nashville, Tenn., were yesterday awarded by the Superintendent of Public Instruction as follows:—

W. G. Bagley, W. G. Reeves, Sally G. Smith and Leander W. Trivette. There are five vacancies to be filled by competitive examinations to be held in July.

Douglas who is ex-enrolling clerk of the court, says that if the Supreme Court sustains the ruling of the lower court in the three asylum cases suit will be brought for Swinson's salary for the entire term, but if the decision of the lower court is reserved that suit will be brought.

The fact that Memorial Church to stop Lyman is to be built by the congregation and friends of the Good Shepherd Church, does not mean that it will ever be other than the "Good Shepherd Church." It was thought by many that the name which was so dear would be gone away with, but this the Rector, Dr. Stetinger, says is a mistake. The Sunday school has pledged itself to put in the star window which will be a "Good Shepherd" window as it is now, only a hand-somer.

There was a severe frost here this morning and the temperature was down to 35.

The penitentiary board met today and elected book keeper. The finance committee reported and so did the committee appointed to visit the State farms. They report the farms in good condition and that the work is well advanced.

Today at noon Mr. F. M. Seaman, of St. Louis and Miss Maggie Stith of this city were married. Her three marriage partners were her attendants. The bride was dressed in travelling costume and her sisters were dressed in pink organdy. Mr. Henry Litchford was best man.

Four companies from the State Guard—Charlotte, Asheville, Stateville, and Winston have notified the Adjutant General that they will attend the Nashville Centennial.

The revenue act, taxes drummers \$3 each, but no city, town or county can levy an additional tax.

There is a movement on foot here to form a strong base-ball team. There is good material here, but a good base-ball park is badly needed.

Asheville, Morehead City and Wrightsville are all in the race to secure the State Convention of Sheriffs.

The Capital club tonight gave an elegant German complimentary to Maj. and Mrs. Alfred Williams and Mr. and Mrs. George Gatling.

Telegraphic Items.

One hundred Greeks left Chicago Wednesday for New York, and will start Saturday for their native land to fight the Turks. At a meeting last night at the Greek church, these 100 men signed the roll of volunteers. Others will leave before the end of the week.

The famous hat-trimmings case which directly involved \$200,000, and which has been postponed from time to time for the past two years, was finally decided in favor of the government by a jury in the United States Circuit Court.

A sub-committee from the Senate committee on Foreign Affairs examined Mr. Carl, a correspondent of several newspapers, in regard to the condition of affairs in Cuba. Mr. Carl recently returned from the island where he spent all his time with the Spanish forces in Havana and Pinar del Rio. He represented the condition of affairs to be intolerably bad.

Premier Canovas, according to the statements of several Havana newspapers, has stated that the government considers it expedient to wait for confirmation of the news as to the pacification of Cuba before establishing the promised reforms. The official press argues from this that the date of putting the reforms into effect will not be remote.

The President has sent to the Senate a long list of nominations, among which were several of importance: State—John A. Merritt, of New York, to be Third Assistant Postmaster General. Postmasters—New York, Cornelius Vancotti at New York city; Melvin M. Conklin, Elmira; Andrew J. Pollock, at Pensacola, Fla.; John W. Chong, at Staferville, N. C.
