BULGARIA ALSO.

She Joins Greece in War Against the Turk.

Declared War Yesterday. Osman Pasha Commands. The Hero of Plevena in Charge of Turkish Forces. Furious Fight on the Bridge at Arta. Reinforcements Being Hurried to the Front.

Special to Journal.
NEW YORK, April 24.—(Special dispatch) this afternoon says that Bulgaria has declared war against Turkey.

CONSTANTINOPLE.—It is definitely announced that Osman Pasha, the hero of Plevena, has been appointed commander-in-chief of the Turkish army, having his headquarters at Ellassona. Edhem Pasha has been recalled.

Osman Pasha won great distinction in the Russo-Turkish war by his defense of Plevena against the Russians. He was born at Tokat, Asia Minor, in 1832, and received his education at the military schools of Constantinople. He has had great experience as a fighter and was in the Greco-Turkish war, the Cretan campaign, the Serbo-Turkish war. At the outbreak of the war between Turkey and Russia he was placed in command of the 15th Army Corps, which did great fighting. He was defeated at the battle of Ploeridze, and then entrenched himself at Plevena, which he held from August 18 to December 10, 1877. He surrendered to 43,000 men. He has since been Minister of War several times and also occupied the post of grand marshal of the palace. Osman Pasha is in personal appearance a character typical of the Ottoman Empire, being fanatical and brave and very frugal. He is regarded as one of the most invincible soldiers of Europe in a light of his earthworks, being more of a defensive than offensive general.

Osman Pasha for some time past has had the honor of being selected to taste all the dishes served to the Sultan and to see that they are safely conveyed untouched from the kitchen to his Majesty. An additional force of Redifs, or armed reserves, has been called out to reinforce the Turkish troops operating against the Greeks. They consist of the Koniah brigade, from Cesarea, a division from Smyrna, belonging to the third army corps, and a division of the fifth army corps. These men will total up seventy-two additional battalions of troops, numbering 50,400 men.

ATHENS.—During the fighting on Tuesday, the Turks at day-break attempted to capture Arta by assault. Their artillery had been secretly brought up during the night and placed in position on a commanding elevation opposite the town. Under the cover of a furious cannonade, the Turks advanced upon the bridge and were received with a murderous rifle fire from the Greeks. The Turks made several attempts to cross the bridge, but in spite of their desperate efforts they never succeeded in getting further than the centre of the bridge. There the Turkish commander fell dead and, under the terrible fire of the Greeks, the Turk fell back in dismay. Sometime afterwards the Turkish guns were silenced. In spite of this reverse, the Turks renewed the assault during the afternoon and further desperate fighting followed. The Greeks, sheltered in their trenches, fought gallantly and held their own, although, since the outbreak of hostilities on Sunday, the Greeks had not for a moment quitted their posts in the trenches.

A Greek officer who says he was an eye witness of the affair, asserts that in the attack which the Turks made upon the Greek positions west of Arta a number of captured Christian women were marched in front of the Turkish lines in expectation that the Greeks would refrain from returning the fire of the Turks for fear of wounding the women.

Advices received here today from Volo say that even the women are arming themselves to do battle with the Turks.

LONDON.—A dispatch to the Standard from its correspondent at Constantinople says: "The Russian government has sharply ordered Bulgaria to keep quiet; yet Bulgaria has given the Porte notice that she will mobilize her troops tomorrow (Saturday) unless certain concessions are granted her."

WASHINGTON NEWS.

Date For Reporting the Tariff Bill. Smokeless Powder Wanted. The Senate Committee.

WASHINGTON, D. C., April 23.—It is now thought by the Republican members of the Finance Committee that the tariff bill will be reported to the Senate no later than May 9th. They are gradually clearing the decks in order to give the bill the absolute right of way, and will probably rush the remaining appropriation bills during the first week of May.

Next week will be an off week in both the Senate and the House on account of the latest tomb ceremony in New York, and an agreement has been made in both houses to transact no further business until after the first of the next month.

than \$40,000. This brand of powder is the most expensive manufactured for military and naval uses, and it has been only in recent years that the article has so increased in demand, owing to the introduction of the new small arm and modern rifled guns, requiring powder capable of producing the highest velocities that the military and naval authorities have given great attention to perfecting the various recipes submitted by inventors.

Recently the army authorities called for proposals for supplying 40,000 pounds and three bids were received, all alike, no contractor willing to provide powder for less than one dollar a pound. A New York firm, the Du Ponts of Delaware and a California manufacturer have entered the contest and the authorities are now speculating as to how the bid shall be awarded. To settle the matter equitably it is probable the award will be divided and each firm given an equal part of the work.

Before long the government will have to ask for bids to furnish an enormous quantity of powder for the great batteries now being located along the seaboard and before the year closes many thousands of dollars will be expended in laying by supplies for these guns.

The Republican Senate committee on committees will resume its work Monday, taking up the assignment of committee places under the adjustment agreed upon. The vacancies in chairmanships to be filled are the following: Coast defenses, examination of the several branches of the civil service, naval affairs, privileges and elections, public lands, Territories and forest reservations.

NO FEDERAL COURT

At New Berne This Week Says Attorney General.

Family Protective Association Under Gulse Benevolent Company Headquarters at Kinston. Papers Served Upon Mrs. Tucker and W. R. Tucker in A. & N. C. Injunction Case.

Special to Journal.
RALEIGH, N. C., April 24.—The State Solicitor was notified by the Secretary of State today that a family Protective Association is doing business in this State under the guise of a Benevolent Company.

Its headquarters seem to be at Kinston. Papers in the latest injunction case against the private stockholders of the Atlantic & North Carolina Railway were served today on Mrs. Tucker and her son, W. R. Tucker.

Notice was received from the Attorney General today, that there would be no Federal Court at New Berne next week.

THE COTTON MARKETS.

April 24.
THE Liverpool news was again encouraging with prices higher.

The close in New York was 7.14 for May delivery, a net gain of seven points for day.

Yours truly,
J. E. LATHAM
NEW YORK, April 23, 1897.
DEAR SIR:—Sentiment had decreed that war between Turkey and Greece would lead to lower prices for cotton and higher prices for grain. And when our market opened Monday, after being closed for the three days, the news of war brought numerous selling orders, which were executed upon a market unprepared to absorb them and a sharp decline of fourteen points resulted. This was the first impression but the prompt recovery to a normal, steady condition, proved how unwarranted the early fears were. Then we had to wait until Wednesday to know how the Liverpool market would view the situation. Lower prices were fully expected, but instead a good spot business was reported with futures slightly higher. This lifted our market to higher values, where it has since remained about the same range as existed at the close of the last week. The surprising firmness of the Liverpool market has started rumors of manipulation, for which we can find no foundation. The fact of the matter is that spinners necessities form a strong support to prices in all markets and especially so in Liverpool where the contract is less liberal in its provisions to the seller than in this market.

There is nothing new to report in trade conditions on this side. They are still unsatisfactory and form probably the greatest impediment to higher prices.
Yours truly,
ROBERT MOORE & CO.

CONCEDES FURNELL
As Next Federal Judge. As to Poll and Property Tax. Special Operations Must Wait. Theatrical Collapse.

Special to Journal.
RALEIGH, N. C., April 24.—Judge W. S. O'B. Robinson, is here today. It is conceded that Furnell will be Judge of the U. S. Court.

Auditor Aver says the decision of the Supreme court as to the poll and property tax will have to stand. That there is no doubt of its accuracy and wisdom, but that it is unexpected.

Treasurer Worth says the decision is not what he expected or hoped. That he thinks he can pay the general appropriations. That he will wait as to special appropriations, and if he has any funds left will divide them pro rata.

The Buckler Stock Company which attempted to play here has collapsed.
