FILLING PRESCRIPTIONS is most important duty of a Pharmacist. A life often depends upon his skill and accuracy, and the substitution of one drug for another is dangerous to life. Therefore, we have a challenge to physician's intelligence and purity of motive in his recommendation. We give what is called for at fair prices. American Dispensary, 200 Middle St., New Berne, N. C.

ASYLUM CASES DECIDED.

Great Fire at Newport News Destroys Much Property.

Decision in the Supreme Court was in Favor of Present Incumbents. Damages Given to Engineer Pleasant by the Jury in the Seaboard Case.

Special to Journal.
RALEIGH, N. C., April 27.—The Supreme Court this afternoon decided the Insane Asylum cases in favor of the present superintendents. The opinion is unanimous.

The gist of the decision is that office is property and is subject of protection like any other property and that the terms of office not having expired, the superintendents could not be ousted save for cause.

Fire at Newport News today destroyed three piers, three steamships, a bark and a tug. The loss is three million dollars. There were several lives lost. The burned property covered four acres.

Jury here today gave ex-Engineer Chad Pleasant eleven thousand dollars damages for the loss of his left hand in the collision at Manly on the Seaboard Air Line.

Another Cuban Expedition.

PHILADELPHIA.—A carefully planned expedition left for Cuba Monday night from near Sea Isle City, N. J. The supply of arms and ammunition left New York on Saturday on lighters, and placed on a tug between Barnegat and Long Beach. The tug came steadily down the coast and was soon joined by another boat.

Off Atlantic City some Cubans and Americans were picked up. Still further along a steam launch put out from Sea Isle City with another detachment, and later on got another squad from Avalon. Getting out to sea all hands, with the munitions of war, were transferred to a black painted steamer that quickly started south. There was none of the recognized Cuban leaders with the expedition because nearly all of them are already out of the country. There were, however, some multitudes from this city and from Camden.

In the way of munitions the expedition took along a Hotchkiss gun, nearly 5,000 rifles, 120,000 rounds of ammunition, 500,000 cartridges, a lot of medicine, and what is known as an experimental flying machine, to be adopted, if possible, to the use of dynamite. So carefully were all the movements conducted that the point and the time of the departure were concealed from some of those who have heretofore known all similar details.

The Weekly Crop Bulletin.

The week ending Monday, April 26, was favorable for farm work, but the cold weather up to the 23rd retarded growth of crops. The heavy frosts did much damage to vegetables and fruit and the fruit crop will be practically a failure. There was a large excess of sunshine and no rain fall. Warm gentle rains are much needed to bring up seeds. Eastern District.—The unfavorable feature of the week was the cold weather and heavy frosts on the mornings of the 21st and 22nd, which did very great damage. The week was very dry with an excess of sunshine, and the latter part was quite warm. Rain is needed to make corn and cotton start off, and to moisten the soil which is getting hard. Farm work progressed favorably and most farmers are up with their work. The frost did the greatest damage to truck and garden vegetables, especially peaches and tomatoes. Irish potatoes are some early sprouted sweet potatoes were cut down to the ground, but may grow out again, though shipping of crop will be retarded. A little young corn and cotton was killed, and much corn yellowed. Planting a large crop of cotton is progressing rapidly though interfered with by dryness. Some tobacco plants have been transplanted. Farmers are preparing to plant peanuts.

Central District.—The past week was fine for planting and plowing, but the land is now dry and hard, and work still behind to some extent. The weather has been unfavorable for growth of crops on account of the frost early in the week and the general dryness; warm showers are much needed. The frosts in this section were quite heavy, the temperature falling below freezing at many points, with formation of thin ice. Vegetables were killed—Irish potatoes, much fruit, especially huckleberries and melons. Young cotton was cut down. Even grape vines suffered considerably. Wheat, rye and oats were not materially damaged. Corn planting is nearly done, except on uplands the crop is coming poorly. A great deal of cotton was planted, and planting late fallowing. Cotton damaged by the frost is being replanted. Preparations for transplanting tobacco, though now too dry plants generally plentiful. Some which have reported in wheat fields.

WE WISH A TALK TO OUR DAY
Tobacco, Beans, Cabbage, Corn, etc.
All drugs and the many, if it is to be done.

THE STATE CAPITAL.

No Doubt This Time About the Judge-ship. Fruit not Damaged. Reception at the Governor's Mansion.

JOURNAL BUREAU,
RALEIGH, N. C., April 27.
This time there is no doubt of the appointment of T. R. Farnell to the Judgeship of this district, so the agony is over and he will enter upon his duties immediately.

It is said that the frost did not hurt the strawberries at all, nor did it hurt the other small fruit. The weather now is delightful. On Friday from near Wilmington 2,075 crates of fruit and vegetables were shipped and 1,800 crates on Saturday.

Quite a number of Raleigh people went to Southern Pines yesterday to attend the insurance conference that is now in session.

The sale of tickets for "Princess Bonnie" is very large. The Norfolk Dramatic Troupe will put it on the stage with 75 people.

The State Board of public school examiners has been elected for 2 years and the appointments made are good.

The State board of education has reconsidered its consent to lease for 99 years the swamp land near New Berne to the club of northern gentlemen for a game preserve. They will sell, but decline to lease.

The State Agricultural Department did not issue an April bulletin, but will issue one in May.

The reception at the Governor's mansion this evening was a very handsome one. It was complimentary to the Capital club and many other invitations were issued. Refreshments were served, but no wines. Music was furnished by a band from Wilmington. The mansion was handsomely decorated. The Governor's staff were in full dress uniforms. It is the first regular reception given by Governor and Mrs. Russell. There were 500 invitations and these were presented at the door.

The commission appointed to look into the appearance of the San Jose fish scale in this State, decide to burn all infected trees. They have found the pest in several orchards.

THE SUPREME COURT.

Opinions Filed Yesterday Afternoon at Raleigh.

Special to Journal.
RALEIGH, N. C., April 27.—The Supreme Court this afternoon filed the following opinions:

Heiser vs. Mears from Buncombe, affirmed.

Wikel vs. Commissioners of Jackson, action abated.

Wood vs. Bellamy from Wake and Lusk vs. Sawyer and Person vs. Southard, affirmed.

Alexander vs. Harkins from Buncombe, affirmed.

Alexander vs. Alexander from Buncombe, affirmed.

Graham vs. O'Brien from Cherokee, affirmed.

Wilson vs. Featherstone from Buncombe, error.

State vs. King from Graham, new trial.

Thompson vs. B & L Association from Mecklenburg, error.

Chambliss vs. Broughton from Wayne, affirmed.

Block vs. Land from Mecklenburg, new trial.

Ledbetter vs. Pinner from Buncombe, affirmed.

Wilson vs. Rankin and Featherstone from Buncombe, affirmed.

State vs. Haynes from Columbus, new trial.

Death of Havemeyer, the Sugar Millionaire.

NEW YORK.—Theodore A. Havemeyer, vice-president of the American Sugar Refining Company, died at his home in this city.

Mr. Havemeyer had been suffering from stomach troubles for several weeks. About two weeks ago his condition became serious, and for some days he had been unable to eat or sleep.

Theodore A. Havemeyer was the son of Frederick C. Havemeyer and the grandson of the Frederick Charles Havemeyer, who, with his brother, William S., started a sugar refinery in Vandercook street in 1893. Mr. Havemeyer's father retired from business in 1895, but in 1898 he purchased for his sons an interest in the Williamsburg House warehouse property, and from that beginning has grown the business that is now the greatest sugar refining concern in the world. The four sons were associated with their brother-in-law, and the firm was known as Havemeyer & Elder. Of the four brothers only one now remains, F. O. Havemeyer.

Mr. Havemeyer was fifty-eight years of age at the time of his death. He was married to a daughter of Chevalier de Loeux, the Austrian consul-general, thirty-three years ago, and he leaves a widow and nine children.

ROYAL BAKING POWDER

Absolutely Pure
Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.
ROYAL BAKING POWDER CO., NEW YORK.

ROUT OF THE GREEKS.

To Make a Last Stand. The Battle of Thermopylae Pass May be Repeated.

London.—The Greeks have gathered at Pharsalia from 30,000 to 40,000 troops, the larger part of the army recently at Larissa. It is debated whether the movement from the latter place was a retreat or a rout. The Turks say it was a flight, and point to large quantities of war material left behind, to say nothing of a plentiful supply of brandy. The Greeks affirm that they came away at a dignified pace, leaving nothing but their heavy siege guns, which, however, were carefully disabled. A dispatch from Athens says that if the Greeks are not driven from Pharsalia they will retire to Thermopylae, and there make a final stand.

A special dispatch from Salonica says that Ethem Pasha, the Turkish commander in Thessaly, will probably attack the port of Volo, which is crowded with panic-stricken refugees from Tyrnavos and Larissa, and that the Turks are within an hour's march to Volo. The Greek troops have been withdrawn from the town and are taking the wounded to the hospitals.

The political situation in Athens itself seems to be critical. Disappointed by the result of the war so far the populace are indignant, and want to punish somebody. A cabinet crisis is reported to be imminent.

HOOD'S Sarsaparilla has over and over again proved by its cures, when all other preparations failed, that it is the One True BLOOD Purifier.

Not 'till

every man woman and child in Craven and adjoining counties have visited our immense money saving establishment, will they be satisfied that Price, our greatest salesman has made our already immense business.
