WASHINGTON NEWS.

**Feeling Intense On Subject of
Cuban Atrocities.**

May-Precedate Trouble. Old Cas-
ton Broken by President Mc-
Kinley. Near in Sugar
Trust.

JOURNAL BUREAU.
WASHINGTON, D. C., May 17.
Volunteers for a war with Spain will
not be called for this week, although
several weeks ago things looked as
though they might be. There will be no
trouble, unless Spain makes it by trying
to prevent our caring for our own citi-
zens who are suffering in Cuba, although
it is extremely doubtful whether any-
thing less than driving the last Spaniard
out of Cuba would satisfy the just wrath
of the people of this country, if all the
official documents recently received by
the administration, were made public.
They deal with the suffering of Ameri-
can citizens, native or naturalized, and
tell tales of horror and barbarism that
quite equal the Turkish atrocities in
Armenia, which caused such a wave
of indignation to sweep over this coun-
try, although accomplished in a different
way. The Turks butchered the Armeni-
ans outright. Gen. Weyler, by con-
pelling American citizens residing in
the country districts of Cuba, to choose
between remaining where they were
peaceably pursuing their avocations and
being shot down as rebels by Spanish
marauding parties, or of giving all their
live stock and removing themselves and
their families to the nearest town, mere-
ly too't a slower method of killing. There
was no employment in the town for those
without means, and no help from the
Spaniards. Consequently, disease and
unger have been with them and death
a constant visitor. As yet, the adminis-
tration has only asked Congress to ap-
propriate money to provide for the im-
mediate necessities of our suffering citi-
zens in Cuba. Congress will do that at
right and at once, but what more either
it or the administration will do remain
to be seen, but Spanish interests in
America never confronted a more serious
crisis than is now upon them. It would
require but a spark to start an explosion
of American anger that no power on
earth could stop until every Spaniard
was driven off this continent.

A largely attended mass meeting of
Cuban sympathizers was held in Wash-
ington Sunday afternoon, and many
prominent members of both branches of
Congress, participated therein. The
spirit of the meeting was shown by the
enthusiastic applause which was given
to speakers who advocated the moral
course on the part of this govern-
ment in dealing with the Cuban ques-
tion.

The custom of the President and the
Vice-President traveling on different
trains when both go to the same place
was broken when President McKinley,
Vice-President Hobart, and all of the
cabinet, except Secretaries Sherman and
McKinley, went to Philadelphia, in partic-
ular in the unveiling of the Washington
monument. They all went on the same
train. The idea of having them travel on
different trains was that in case of an
accident to the train upon which the Pres-
ident travels, his successor would escape.

The silver men in the Senate got an
other vote by the election of ex-Con-
gressman Mallory to fill the vacancy in
the Senate from Florida.

There is more or less trepidation in
the sugar trust, and among its friends in
and out of Congress, there has been such
a howl about the efforts to secure a pas-
sage for Breker Chapman, that it has
been concluded best that he should go
to jail and serve his sentence, and he
was today locked up. The cases of the
members of the sugar trust, under simi-
lar indictment, were called today for
trial but were postponed until next week.
The talk started by Senator Allen of a
new sugar investigation by the Senate,
has not added anything to the peace of
the sugar men and their Senatorial
friends. They fear that Justice Chapman
may not satisfy public opinion, and there
is ground for their fear.

THE STATE CAPITAL.

**Woman's Vote on Parochial Que-
stions. Never too Old For O.M.E.
Like the Insane Asylum**

JOURNAL BUREAU.
RALEIGH, N. C., May 17.
The convention of the Brotherhood of
St. Andrews which has been in session at
Christ Church here has adjourned. The
sessions of the convention were well
attended and interesting. Yesterday,
Rev. J. N. McCormick of St. Luke's
Church, Atlanta, preached the anniver-
sary sermon and it was a beautiful one.
Bishop Cheshire is preparing for his
trip to London to be present at the ses-
sions of the Lambeth Conference to be
held at the palace of the Archbishop of
Canterbury.

Mr. Edward Merrimon, the oldest son
of the late Chief Justice Merrimon, died
at his home in South Carolina, and was
buried here on Saturday.

Of the 22 applicants for license before
the druggists convention, only 12 passed.
The Agricultural Building is being
treated to a new coat of paint and it
came none too soon.

The Rail Road commission meets again
tomorrow and then the reduction of tele-
phone rates in the State will be con-
sidered.

The fact that the Episcopal convention
discussed a motion to allow women a
vote on parochial questions and then
killed the motion has caused many
to think seriously on the subject. While
no one would more vigorously oppose
anything pertaining to "women's rights"
as is generally understood by the term,
yet in this instance I cannot see the jus-
tice of expecting the women of the
churches to do the bulk of church work,
and then have no voice in electing those
who are to direct and dictate. There was
no question in the motion for allowing
women to hold any office but simply to
express her preference by casting her
vote. If women could do this many
vestrymen would be laid on the shelf,
and many pastors who are dictatorial and
arbitrary would find they had no backing
from their vestrymen. The advocates of
the motion, upon its failure to pass,
romised the convention they would be
heard from at the next convention in
1898.

On Saturday the Secretary of State
issued letters patent to a corporation in
Fleckenburg county to be known as the
Queen City Real Estate Agency. It is
business for the "consolidation of labor
and capital."

Mr. Albert Johnson who has just been
appointed State Keeper of weights and
measures is said to be the oldest mar-
shal ever appointed to public office. He is 84
years old.

The department for the criminal insane
in the penitentiary will be finished by
the first of June. There has been one
sane criminal in the prison for 10 years,
a great deal of the time he has to be
tied. The superintendent is delighted
with his home within the prison. He
says it is a happy and religious family of
servants. He lives in what is termed the
Administrative Building.

WANTS BUT LITTLE.

**Turkey Demands Thesaly and
\$44,000,000 Indemnity**

Of Greece. Great Powers. Surprised
and Not Likely to Yield to
the Sultan's Demands.

CONSTANTINOPLE.—The Porte has re-
fused officially to the note of the powers
and declines to agree to an armistice
until the following conditions are ac-
cepted:
The annexation of Thessaly, and in-
demnities of 10,000,000 Turkish pounds
(about \$44,000,000) and the abolition of
the capitulations. The Porte proposes
that plenipotentiaries of the powers
should meet at Pharsalis to discuss the
terms of peace, and declares that if these
conditions are declined the Turkish army
will continue to advance.

The demand for the annexation of
Thessaly is based upon the fact that the
fact that the province was originally
ceded to Greece on the advice of the
powers with the object of ending brigand-
age and Greek incursions into
Ottoman territory, the Porte believing
at the time that the session would attain
these objects, but the recent incursions
of Greek bands and the events immedi-
ately preceding the war have proved to
the contrary. This is the substance of
the reply.

The ambassadors met to consider the
Porte's answer, which is regarded as
raising an extremely grave issue. It is be-
lieved that representations will be made
to the Sultan personally to induce a
modification of these terms, but it is
foreseen that this will be very difficult,
owing to the attitude of the powerful old
Turk party.
If the Porte should prove obstinate a
European conference is not impossible,
although at present Russia is opposed to
this.
It is regarded as quite certain that the
powers will not consent to a retrocession
of Thessaly. Even Germany is believed
to be ready on this point, because it
would involve a violation of the Berlin
treaty and impair the peace of the Bal-
can.
According to the reply of the Porte has
been almost to require, on a certain
family alliance, were proposed, the

caused the greatest surprise. It appears
that during the discussion of the note
from the powers by the council of the
Sultan's ministers, news reached the
council that 3,000 Greeks had landed at
Palona and were marching to Janina
with the intention of co-operating with
other forces from Arta. This created a
bad impression among the ministers.
