Yours Respectfully,  
**T. J. TURNER,**  
NEW BERNE, N. C.

**ANOTHER PARDON.**  
Governor Russell Pardons a Young Murderer.  
Fine Lawn Party. Presentation of a Gold Badge. Delegates to Denver Convention. Want No Civil Service.

JOURNAL BUREAU, RALEIGH, N. C., May 27.  
A petition has gone to Governor Russell for the pardon of young Averitt Butler. Seven years ago when he was only 14 years old, he shot and killed his father, who was dragging his mother by the hair, and beating her. He was condemned for murder, but the sentiment in Sampson county, where his home was, was so strong against hanging him, that Governor Fowle commuted it to life imprisonment. His prison record is fine. He is a cousin of Senator Marion Butler.  
The Literary circle of the Roman Catholic church gave a lawn party Tuesday night in the beautiful grounds in front of their church. It was one of the prettiest sights ever seen here. The grounds were illuminated with myriads of Chinese lanterns, and while cool, still a handsome sum was netted.  
The new chief of police here has ordered that the side walks all over the city be kept clear. It is hoped that this will be kept up, for heretofore the blocking of the side walks by goods boxes has been a perfect nuisance. Chief of police Norcross has been presented with a handsome gold badge.  
The following are the delegates appointed to the gold mining international convention to be held at Denver Colorado, July 7-9.  
John Wilkes, George B. Hanna, J. D. Kase, J. L. Rolison, J. E. Burleson, R. M. Eames, C. H. Thomas, J. Van Lindley, D. A. Gettys, Garrett D. Ray, Richard Eames, Jr., E. B. C. Hambley, F. R. Hewitt, R. T. Gray, C. C. Wade, S. A. Henzly, R. E. Lyon, A. W. Graham, B. L. Duke, E. Tucker, E. Manney, P. M. Earnhardt, J. H. Carson, George W. Isenhour, J. J. Newm, N. B. McCamless, J. F. Peters, J. W. Finch, C. B. Atkinson and Joseph A. Holmes.  
It is a great pleasure to note the rapid growth, (and of such a permanent character), of our little capital city. New buildings are going up in all directions and many, in fact most of them, are handsome dwellings. If this continues, Raleigh will soon be a large city. It is already a beautiful one.  
The largest graduating class in the history of the college completes the course at Wake Forest today. There are 42 in the class.  
This has been an unusually cool month, especially as far as the nights go. There is no indication of a hot summer later on.  
Republicans in this State declare that unless the civil service law is repealed that their party is "done for." There are too many "pie hunters" that can get nothing while that law is valid.

**50,000 TROOPS.**  
Turks in Readiness to Advance into Thessaly. England's Firmness commented.  
LONDON—A dispatch to the Daily Mail from Vienna says that the Turkish government has mobilized 50,000 additional troops, who are now in readiness to advance into Thessaly, and that the government is making active preparations for a Turkish administration of the province.  
The correspondent of the Standard at Constantinople says:  
"The Council of Ministers has decided to prolong the armistice. It will refuse to discuss the retrocession of Thessaly, but will leave the other points for consideration to the powers. So far as the note to the European arbitrators is concerned, there can be no doubt that whether the Sultan is only bluffing, or is the victim of popular pressure, a peace such as Europe expects cannot be arranged without risk of the gravest complications."  
"The Grand Vizir" on Saturday presented a report to the Sultan urging that the whole of Islam be fully determined to retain Thessaly, and adding:  
"Seyfullah Bey, chief of staff to the Sultan, and the Von Moltke of the campaign, has been summoned to Constantinople to give the military commission the benefit of his advice."  
The Athens correspondent of the Standard reports an interview with M. Raill, in the course of which the premier said he was very grateful to England for her firmness, as this might result in saving the corn crop in Thessaly, valued at £1,000,000. The Turkish troops should withdraw within a fortnight, he said the crop might be harvested, but if the withdrawal were delayed for a month the whole world would be sacrificed, entailing a loss to Greece quite £1,000,000; since, if the crop were lost, the government would be obliged to feed the peasants and to incur other expenses.

Mr. Binger Hermann, commissioner of the General Land Office, at Washington announced his decision in the Chicago lake front case, reversing the decision of Commissioner Lamoreaux and denying and rejecting the application of Henry M. LaFollette and Mathias Benser to locate Melice Scrips on the lands. This allows the patent rendered to Robert A. Kinney in 1851 in favor of the benefit of the grantees. The lands involved were valued at approximately \$15,000,000.

So well has the distribution of the relief to the flood sufferers in the Mississippi and Red river valleys been administered that of the total appropriation of \$200,000, about one half now remains unexpended, although the field has been fully covered.

Perfect and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, life and health-giving BLOOD.

**PERFECT** and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, life and health-giving BLOOD.

**PENSION FRAUD CASES.**  
New Berne Cases Heard in Federal Court. Costs in One, the Other Not Crossed.  
Special to Journal.  
RALEIGH, N. C., May 27.—In the Federal court here today, two of the pension fraud cases, transferred from New Berne came up.  
W. B. Knight submitted. Judgment was suspended on payment of costs.  
The case against E. W. Carpenter was not proseed.

**ASKS FOR ACQUITTAL.**  
The Counsel of Havemeyer, the Sugar Magnate Sues Six Grounds For Their Client.  
WASHINGTON.—The government has rested its case against Henry C. Havemeyer, the president of the American Sugar Refining Company, Mr. Johnson, of Philadelphia, the leading counsel for the defense, moved that the judge instruct the jury to find the defendant not guilty on six grounds.  
First—That the question as to local and State contributions of the sugar company was beyond the jurisdiction of the Senate Committee and impermissible.  
Second—That it was not part of Mr. Havemeyer's duty to examine records for the purpose of answering questions he could not answer from memory.  
Third—That when data from books or records are demanded such books or records are the best evidence.  
Fourth—That the question put to the witness was too broad, covering irrelevant matters.  
Fifth—That if the witness was to be held recalcitrant it was the duty of the committee to warn him that the question was a committee, not an individual, question, and.  
Sixth—That the indictment did not disclose a cause of action.

Mr. Johnson made an argument of an hour and a half in support of his motion, and when he had concluded District Attorney Davis asked for an adjournment, which was granted. Mr. Davis will reply to the motion. The concluding testimony of the government offered was not important save for the purpose of making up the record as to what occurred in the Senate investigating committee.

**WARSHIPS MOVEMENTS.**  
Assignments Made by the Secretary of the Navy of the Nation's Vessels.  
New York.—The Washington correspondent of the Herald says:  
Secretary Long has determined to order the Lancaster to return home from the South Atlantic station. I am told that the Department wants a supply ship for the North Atlantic station, and the Lancaster may be used for this purpose.  
It is expected a gunboat will be sent to the South Atlantic, where, after the return of the Lancaster, the only remaining vessel will be the Castine. It is generally believed that a larger ship in addition will be assigned to the station, and that the Secretary will then assign one of the Commodore's to the command. The Fern is now acting as the supply and dispatch boat of the North Atlantic station, and the Lancaster may take her place.  
The Navy Department is making an effort to have the Treasury Department return the Jamestown, which is now in New York harbor for quarantine purposes, but it is meeting with considerable difficulty. The Jamestown is desired as a powder vessel to be stationed in New York harbor.  
The detail of officers for the gunboat Annapolis is now being prepared at the Navy Department. I understand the Secretary has selected Commander J. J. Hunker to command this vessel. Commander Hunker is on duty at the New York navy yard as ordnance officer. The department has also decided to assign Commander W. T. Swinburne, now in charge of the Department of Seamanship at the Naval Academy, to the command of the gunboat Helena, which is now being completed at Newport News.  
Just as soon as the Nashville can be made ready for sea and a crew secured to man her, Commander Washburne Maynard will be detached from the Bureau of Equipment and ordered to command her.  
The Navy Department has been informed that the gunboat Princeton will be launched from the works of Dialogue & Son, Camden, N. J., on June 3rd. The authorities do not expect that she will be ready for commission before October 15th.  
The battleship Massachusetts, Captain Frederick Rodgers, commanding will leave the New York navy-yard for Boston where the bronze statue of Liberty, which has been erected on her forward turret, and which was presented by the State of Massachusetts, will be formally unveiled. The New York and the Massachusetts will participate in the Shaw monument ceremonies next week.

**REAL ESTATE AGENCY.**  
Furnish tenants, renting and collecting rents. Also negotiations of sales in all kinds of Real Estate—Lands, houses and lots.  
Personal attention given to the buying of house lots, etc.  
E. E. HARPER.  
Near Post Office.

**SUPPLIES AMPLE.**  
For Relief of American Citizens in Cuba.  
Spain Talks as to Course of United States on Cuban Question. "Don't Monkey With Tail." Advice is Given.  
WASHINGTON, D. C.—Consul General Lee called the State Department from Havana that the amount of supplies he has now on hand there for the relief of American citizens in distress is abundant and will last for some time. Presumably this statement applies generally to all consulates, for the consul general has been in consultation with the subordinate consuls on this matter, by direction of the Secretary of State. At any rate the department will now pause before moving further in the distribution of relief. Steps were begun to hurry forward supplies from this country to Cuba just as soon as General Lee was heard from. General Sullivan, commissary general has selected one of his most experienced assistants, Captain Davis, who rendered such good service at Memphis in the relief of the flood sufferers to go to Cuba with the supplies, if necessary, and distribute them under the general plans of General Lee. The New York commissary depot was to undertake the purchase of the supplies. Then Mr. R. A. Smith, a director in one of the steamship lines plying between New York and Havana, had offered free transportation to Cuba of the supplies and everything was in the train to begin to move as soon as word came from General Lee. Now, however, the department will wait until General Lee notifies it that there is further need for relief before putting its plan into operation.

HAVANA.—El Diario de la Marina, in a leading editorial says:  
"We see in the American newspapers evidence that there are certain social classes in the United States not sufficiently alive to the importance of the advice 'Don't monkey with the lion's tail.' These classes are remarkable for the eagerness with which they invade jurisdiction in affairs which, like the Cuban war, are exclusively the affairs of Spain."  
"The persistency with which they recognize the belligerency of the insurgents is crazy and ridiculous. The important conservative interests in the United States should not forget that the patience of Spain may soon become exhausted. The Spanish government has given abundant proofs of its good will by ignoring the many inconveniences that have been caused by resolutions in Congress. Those interests ought to be thankful to us for our mitigation. We have suffered, but in case the sword should be unsheathed Spain would certainly not be the heaviest loser in the fight."

"Spain has sent 200,000 men to Cuba to settle a domestic difficulty. What would she not do in the event of a foreign war with the nation which for a century has abused our patience by ignoring Spanish honor and equality?" President McKinley should consider this carefully, and if he is to deal with us as enemies, let him take the advice of an enemy, and no longer trifle with us."

**Latest News Items.**  
The Spanish budget committee, having reported favorably on the projected loan to be secured by the Almaden quick-silver mines and upon the various extraordinary financial measures proposed to meet the war expenses, the Chamber of Deputies adopted them, including the State monopoly of explosives.  
The President has sent to the Senate the recent correspondence in the case of the claim of Victor H. McCord vs. the Government of Peru. The correspondence shows that Secretary Olney pressed the claim vigorously upon the attention of the Peruvian Government, but that he received no response to his demands.  
The Secretary of the Navy has accepted the offer of the owners of the American steamship City of Everett, now at San Francisco, to charter that vessel to the government for the transportation of grain from California to Bombay for the famine sufferers in India at \$10,000.  
Minister Terrell, at Constantinople, has informed the State Department that the two murderers of Yussuf, the man killed while distributing American relief funds near Bitlis, Turkey, have been sentenced to fifteen years at hard labor.  
Civil Engineer R. E. Peary has been detached from duty at the New York navy-yard and granted five years' leave of absence. This action has been taken by Secretary Long to enable the officer to prosecute his Arctic explorations.
