CRISIS IN SPAIN.

Canovas resigned Premier. Result of Morgan Belligerency Resolution. MADRID.—The premier, Senor Canovas del Castillo, has tendered to the Queen Regent the resignation of the cabinet, owing to the difficulty the ministers experienced in carrying on the government in view of the parliamentary situation caused by the refusal of the liberals to take part in the deliberations of the Cortes. This attitude of the liberals is due to the personal encounter between the Duke of Trian, the minister for foreign affairs, and Professor Comas, a liberal Senator, on May 21, when the Duke slapped the face of the Senator after a heated debate on the Morgan belligerency resolution adopted by the United States Senate.

STEAM DISPLACED.

The Illinois Central Will Experiment With Electricity. Chicago, Ill.—It has been decided to adopt electricity as the motive power on the Illinois Central Railroad. A committee which has been investigating the matter for many years has recently reported that the time is now come when the current one is considered a rival of horses, and recommended that steps be taken to practically demonstrate the resources and costs of the latter.

SPEAKER REED IN DANGER. His Life Threatened by Writer of Anonymous Letters.

WASHINGTON.—Detectives are searching for clues which may lead to the capture of a person who sent through the mails a letter threatening the life of the Speaker of the House of Representatives. The epistle contained certain emphatic demands and was illustrated with numerous gruesome designs. The authorities are undecided as to whether it is the work of a sensation-monger or a dangerous crank, and every precaution has been taken to protect the Speaker, though somewhat against his desires, as he is disposed to make light of the threatening missive. The police are inclined to attach no importance to the threats.

FIRE D. Ward Line Steamer Overhauled by a Spanish Cruiser.

HAVANA.—The Ward Line steamer Valencia, which has arrived at Cienfuegos reports an exciting experience while off Guantanamo bay. The Spanish cruiser Reina Mercedes signaled to the Valencia to display her colors. As the Valencia did not immediately comply the Reina Mercedes fired a blank shot, which was followed almost immediately by a solid shot, falling out of range. The Valencia then displayed her colors.

THE COTTON MARKETS.

June 3. COTTON closed today at 7.20 for August. J. E. LATHAM.

Messrs. Macy & Pondleton, Bankers & Brokers, in their commercial letter of June 2nd, p. m., have the following on the cotton situation: "The cotton market is a trifle firmer and the overdue rally caused by some covering on the part of a rather liberal line of shorts, and appears liable to make a little further advance. Liverpool sales and prices continue rather unfavorable to holders of cotton, but there are chances of more improvement if the occasional complaints from North Carolina, Tennessee and scattered points elsewhere in the South get any emphasis. An early passage of the Tariff bill might also be construed as likely to stimulate the demand for cotton cloths, which are so low as to admit of considerable reaction even on a speculative basis. On the whole, we are inclined to advise caution about selling cotton short at present and until the crop report, due on the 16th, shall have verified largely unofficial reports.
