SHERIFFS INSTITUTE.

To Be July 27th at Morehead
City.

State Board Agriculture Renews its Fertilizer Contract. Officers Elected. Farmers' Institutes. Immigration Committee Elected

Special to Journal.

RALEIGH, N. C., June 17.—The Sheriffs Institute will be held at Morehead City, July 27th to 29th inclusive.

The Board of Agriculture renews its contract with the Agriculture college to make fertilizer analyses for ten thousand dollars annually.

J. W. Allen and Hill E. King were elected clerks. Herbert H. Brimley, curator of museum.

D. Reid Parker was ordered to hold Farmers Institutes.

A rising vote of thanks was given to the retiring Secretary, T. K. Bruner.

An immigration committee of three was elected to confer with the railway companies operating in this State.

MOONSHINE WHISKEY.

Illicit Distilling on the Increase and Few Raids.

The Caucasian Attacks Editor Daniels. Shackles Removed from Prisoners. Large Collections for the Fiscal Year. Professor Holmes Goes West.

JOURNAL BUREAU,
Raleigh, N. C., June 17.

The Caucasian's attack on the editor of the News and Observer, this morning is something very severe. So severe that how the editor can stand it is a mystery. That it is just many will declare.

The ignorance of some of the school committees in the various counties is so great as to disgust the superintendent of public instruction.

Moonshining is increasing in the eastern counties, where the revenue men do not know their tricks so well. There is said to be a great deal of illicit distilling going on in Johnson county and very few raids have been made.

The State is to be canvassed in July and August in the interest of the A. and M. College.

The shackles have been taken from all the convicts in the penitentiary. Some of the more desperate ones wore them.

Next fall women will be admitted to Trinity College. This was the condition of the gift of \$100,000 by Mr. Washington Duke.

The collections for the fiscal year ending June 30th in the revenue department exceeds all other years reaching \$1,075,000. Collector Simmons has handled since he has been the collector for this district no less than \$4,750,000.

The new board of Agriculture wants to have its own printing done irrespective of the public printer. It is dissatisfied with the charges made for printing the department work.

John Graham, one of the board, wants to be made director of the experiment station as long as he did not get to be president of the A. & M. College.

Professor Holmes, State geologist left today for Denver Col., to attend the International gold mining convention. It does not meet until July 7th, but he will visit several of the western states during his trip.

A cablegram announcing the safe arrival of Messrs. Barbee, Leach and Kuehn, at Queenstown has been received.

The weather is still fine for crops, but hard on humanity. Ninety five was registered yesterday, and the weather bureau promises a continuation of this for several days longer.

At the Woman's exchange today a tempting Brunswick stew dinner was served. The lunches at these rooms can always be relied upon as being of the very nicest.

The board of agriculture is still in session. This is its first meeting every day an hour or so then adjourns. It was decided yesterday that the board be allowed \$3 per day for board.

The Raleigh school committee met yesterday and re-elected Prof. Howell superintendent of the city graded schools, and raised the salary of some of the teachers.

The hot weather yesterday sent a great many people away, some to the coast and some to the mountains.

Mrs. Stephenson of Chicago who attended the W. C. T. U. convention at Henderson last week, spoke here on Tuesday evening. She is the National Secretary of the Union.

The ambassadors of the powers have submitted to the Turkish government the scheme for the delimitation of the frontiers of Greece and Turkey, as drawn up by the military attaches of the different embassies during their recent visit to Thessaly. It gives to Turkey the mountainous areas in the mountains of Thessaly, but the Turkish government is to retain any of the villages of Thessaly.

NEW TERRITORY.

Treaty to Annex Hawaii Signed
By Both Governments.

Strong Opposition Shown in the Senate to the Treaty. Japan Makes Formal Protest. Entire Control Given to the United States.

WASHINGTON, June 16.—The treaty for the annexation of the Hawaiian Islands reached the Senate Chamber at 5 o'clock today. The Senate at once went into executive session, and as soon as the doors were closed the message of President McKinley, accompanying the treaty, and the treaty itself were read to the Senate. They were attentively listened to.

The message of the President was a very long document. It dealt with historical facts concerning the islands, and showed that the United States and Hawaii yearly grew more closely bound to each other. This was not really annexation, he said, but a continuing of existing relations with closer bonds between people closely related by blood and kindred ties.

The control over the islands by the United States given in the treaty is absolute as shown by the first article which reads as follows:

"The government of the Hawaiian islands hereby cedes from the date of the exchange of the ratifications of this treaty, absolute and without reserve, to the United States forever all rights and sovereignty of whatsoever kind in and over the Hawaiian Islands and their dependencies, renouncing in favor of the United States every sovereign right of which, as an independent nation, it is now possessed; and henceforth said Hawaiian Islands shall become and be an integral part of the territory of the United States."

Before the final signature of the document the Secretary of State was presented with a formal protest by the Japanese government through its legation here, against the consummation of the agreement. The protest is understood to be based on apprehension that the special treaties now existing between Japan and Hawaii, under which the Japanese enjoy advantages, would be affected injuriously by complete annexation.

The treaty proved to be a simple document of six articles based, in its essential details, upon the treaty negotiated by the Hon. J. W. Foster during the administration of President Harrison. The islands are ceded practically without conditions, leaving the United States to pursue its own course with reference to their management.

While there is a very large sentiment in favor of ratification, it will be necessary to convince a number of Senators whose votes are necessary that the treaty is a proper measure, as these Senators are among the most doubtful men in the Senate who have taken no stand either for or against the measure.

Friends of Japan and the comments of the English press will have a tendency to create an American sentiment in favor of ratification, Senator Chilton, of Texas, says he is opposed to annexation of Hawaii if it is to become a State. He presents a proposition that in case of annexation Hawaii should be divided into counties and made a part of Oregon or Washington, so that no political party can at some future time in some exigency admit the islands as State and secure two United States Senators.

TEACHERS' ASSEMBLY.

The Regular Programme of Exercises Carried Out.

MOREHEAD CITY, June 17.—A large audience listened to Principal J. E. Ray of Raleigh tonight. The regular order of exercises was carried out.

In the programme today Supt. E. S. Sheppe, Reidsville Public Schools spoke on "The frequency, purpose and mode of conducting teachers' meetings."

Superintendent C. W. Toms, Durham Public Schools spoke on "a course of study for the improvement of a corps of City Public School Teachers."

Superintendent R. M. Davis, Tarboro Public Schools spoke on "How the work of the Superintendent can be made most effective."

Tomorrow the regular order will be followed. Chas. J. Parker, secretary and treasurer of the Assembly makes a very popular address.

NEWS FROM ABROAD.

A bomb was exploded in Paris in front of the Strasbourg statue on the place de la Concorde. The explosion did some injury to the balustrade of the statue, and the immediate locality was strewn with scrap iron as far as the wall of the Tuilleries.

Queen Victoria has left Balmoral for Windsor Castle. This is the first step of her Majesty in the long programme arranged to celebrate the sixtieth anniversary of her accession to the throne.

Further reports from India of the destruction caused by the earthquake of last Saturday show that great damage was done. Terrible reports are coming in from Assam, numbers of buildings have been destroyed at Dhubri, where the river bank has collapsed, flooding the country and raising the crops.

ROYAL BAKING POWDER

Absolutely Pure

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO.,
New York.

LIVERPOOL FIRM.

The Liverpool Cotton Market Firm.
Sales 12,000 Bales.

Our Market Rules Firm But Fails to Advance in Sympathy and is Expected to Sell Lower.

(Special to H. W. Silsby & Co., Commission Brokers.)

COTTON.

New York, June 17.—Liverpool was unchanged both on spot and for futures at the opening this morning, with sales of 12,000 bales. Our market opened one to two points higher and ruled narrow but firm closing at a net gain of one point for the summer and two points for the fall months. The narrow range of prices in this market in the face of good sales and higher prices in the Liverpool market, would indicate that higher prices are hard to reach and we believe when the temporary activity leaves the foreign markets, we will see lower prices at home.

LIVERPOOL COTTON MARKETS.

LIVERPOOL, June 17.—Slow business fair prices unchanged American midland uplands 41 sales today 12,000, of which 1500 are for speculation and exportation. Receipts 2,000 of which 350 are American. Futures opened dull with the demand quiet, and prices 1/4 higher and closed steady, at a gain of 1/4 for the day.

Henry's Pharmacy.

127 Middle St.
Tooth Brushes,
Toilet Articles, &c.

DO YOU

Need a Good
Spring Blood
Purifier?

TAKE HENRY'S, composed of Sarsa-
parilla, Yellow Dock, Mandrake, Senna,
Purification Ash Bark, Sassafras, Iodide Pot-
ash and Iodide Iron with Wintergreen.

This preparation is expressly put up
to meet the popular need for a Blood
Purifier, without being related to the
many secret nostrums and quack medi-
cine of the day, of unknown composition
and generally of little medicinal value.

The formula is printed on the label.
PRICE ONLY 50 CENTS. Same
size bottles usually sold for \$1.00.
