Your Choice
Your Price.

JOHN SUPER'S FURNITURE HOUSE,
Under Hotel Chattawka,
New Berne, N. C.

The Furniture you put in it makes the difference between a house and a home. You want it Low Priced, and you want plenty to select from. Suter has both. He is prepared to furnish one small room or a large house at prices equally reasonable.

It Costs Nothing to visit his store, and you will be convinced of the above.

J. J. TOLSON,
69 Broad St.

It would be superfluous to tell a citizen anything about the extent or character of the business done by this UP TO DATE Home, as all know the firm's standing for progress in the mercantile methods in New Berne. His stock is most varied and perfect in Staple and Fancy GROCERIES, Provisions, Meats, Flour. At Rock Bottom Prices. FREE STABLES and every attention given to our country friends when they call.

FOR FINE SPRING LAMB, VEAL, MUTTON, PORK SAUSAGE AND The Finest Stall-fed Beef in the City. Go to SAM'L COHN & SON, 89 Middle St. Phone 48.

Pure, Cold Soda. Every glass used at our soda fountain is washed twice and polished, before using again, thus insuring every customer absolute freedom from contamination. We also excel in every department of our Modern Pharmacy, this is evidenced by our increasing patronage. Yours for health, C. D. Bradham.

The Largest Surprise.

5 lb. can Sugar Corn, at 25 per can. Assorted Apples 50 lb. Arbuckle's Arizona Coffee 150 per pound. Prunes 50 per pound. Green Bananas, 1 lb packages at 15c.

F. ULRICH'S
DRUGGIST

Cheat yourself by staying away but Lay in a Supply.

FUTURES ADVANCE.

Cotton Advances on Realizing by Shorts Over Sunday.

Stocks Rule Narrow with the Exception of Sugar which Sells Lower. Transactions in Grain are Small. Provisions are Narrow. (Special to H. W. Silsby & Co. Commission Brokers.)

COTTON.

NEW YORK, June 19.—The cotton market continued firm throughout the short session today. Liverpool opened at an advance of 1 to 1 1/2 points. Our market opened irregular. The summer months were unchanged while the fall months were about one point lower. There was a slight disposition to realize on short contracts, especially in the summer options owing to a better foreign demand, which carried prices up about five points for the day. The fall months were slow to respond, and received but a small share of the day's business. The conditions governing this market at present are unique. On the one hand the statistical position warrants higher prices while on the other hand the enormous acreage and good condition of the growing crop will surely cause lower prices for the fall months. We would rather sell the late months around prevailing prices than to buy the summer months even lower. Reports from Florida and lower Georgia indicate a small Sea Island acreage.

LIVERPOOL COTTON MARKET.

LIVERPOOL, June 19.—Spot business quiet; prices firmer. American midland uplands 4 1/2. Sales today 8,000 of which 1,000 are for speculation and exportation. Receipts 6,403 of which 200 are American.

Futures opened steady, demand fair, prices 1/2 higher and closed quiet and steady at an advance of 1/2 point for the day.

STOCKS.

NEW YORK, June 19.—With the exceptions of a few of the Industrials, the stock market was narrow today. American sugar received the largest share of speculative attention, and on realizing by the lower wall street contingent, declined 1/2 for the day, after opening off 1/4 from yesterday's close. This trust will be materially affected by the annexation of the Hawaiian islands, and much lower prices will follow any decided action in favor of this matter. For the week the Grangers have been prominent in the upward movement. This is not surprising as the movement of grain to market centers has been unusually large, and has reflected itself in the earnings of the several roads comprising this group and we consider no error will be made in following these stocks during the present upward movement. Buying of these securities has been very confident and holders seem in no way disposed to take profits, as they believe strongly in a further appreciation in values. We anticipate continued improvement and higher prices throughout the list, sugar excepted.

CHICAGO MARKETS.

CHICAGO, June 19.—The volume of business in the wheat pit was smaller to-day than at any time since the recent activity set in. The opening prices were fractionally lower. There was a slight disposition on the part of the local leaders to realize in preference to carrying over Sunday, but this had no influence on the market, which closed practically unchanged for the day. We look for a narrow range of prices for the balance of the month, with conditions favoring the short side, still we would rather play July on the long side on all weak spots until after this delivery was over. While there are rumors afloat concerning damage to corn, they have not attracted much attention, because it is much too early in the season to figure upon such statements besides, the enormous reserves of old corn in farmers' hands, which is nearly the largest on record, makes the damage now done to the growing crops—if any—less important than in former years. Provisions were narrow with a slight downward tendency.

TIRED MOTHERS find help in Hood's Sarsaparilla, which gives them pure blood, a good appetite and new and needed STRENGTH.

COPPER MINING AGAIN.

Immigration to North Carolina is to be Encouraged.

Over Eight Thousand Copies of Acts of Legislature Sent Out. Applications to Morganton Asylum. Railway Shops Enlarged. Veterans at Nashville.

JOURNAL BUREAU, RALEIGH, N. C., June 19.

Copper mining has for many years been at a standstill in North Carolina, this being due to the Lake Superior ores. But now it has started up at Ducktown in Cherokee county, and a thousand men are at work there. The daily output is about 600 tons. It is said that a mountain of copper of marked purity has been discovered.

The inaugural address of Gov. Russell contained a hint that during his administration an effort would be made to move immigration to the State. The action of the new board of agriculture is along the same line.

The Secretary of State has sent the acts of the late legislature to the justices of the peace, save for 4 counties from which no returns of magistrates were received. In all 8,250 copies were sent out, all having been shipped from Winston, at a cost of \$400, which is less than usual.

There are over 100 applications now on file for admission to the deaf mute school at Morganton. Not all of these can be granted. The number on the roll last term as present was twice as great as that on the roll here, when the deaf mutes and blind were taught in the same building.

The ground on which the agricultural department bases its opposition to the present State printers is that while the cost of binding the 5,000 copies of the Resources of North Carolina was only \$750, yet the public printers charged no less than \$1,000 merely for inserting in each volume 65 pages of illustrations which had been printed at Chicago.

The "copy" for the life certificates for public school teachers which are to be issued under the new law has been sent to the public printers. As soon as they are printed they will be sent to the county supervisors, who are to be elected July 5. The date for the examination of teachers for the life certificates is July 8.

Secretary Denson of the State board of public charities says the reports are coming in quite rapidly and show a further gratifying improvement in the condition of a number of jails and county houses and workhouses.

In the course of conversations with many prominent persons the idea is gathered that very few indeed favor the annexation of Cuba or the Sandwich Islands, while all desire the independence of Cuba. The Southern railways great shops at Spencer, two miles from Salisbury are to be increased in size and to the present 400 employees 200 are to be added. The electric storms of Thursday and yesterday afternoons were severe. Two deaths and some damage to bridges by lightning are reported. The wind which accompanied these storms has done much damage, and yet the returns are not all in. The fierce heats this week caused the storms. As a rule about 40 persons are killed by lightning annually in this State.

In all cases where a registered distillery is seized for irregularities the store-keeper and gauger is in future to be indicted jointly with the distillery, for it is held, and it appears right, that there can be no fraud unless the store keeper and gauger is a party to it.

It does not appear that any Confederate veterans from Raleigh save Col. Thomas S. Kennan will go to the reunion at Nashville. The high railway rates have deterred the others from going. Miss Nannie Branch Jones goes from here as the sponsor for North Carolina.

The commissioners appointed by the Federal court to the Cumcock coal mine say they propose to make the sale the first week in September.

It appears from the great number of inquiries for pension application blanks that there is likely to be an increase in the number of pensions. Such is the opinion of the State Auditor.

The resignation of Col. Charles F. Meserve, republican, as a trustee of the blind institution here has made the Russell republicans furiously angry. His open charge that politics and not merit carried the changes in the faculty and the employees, struck home.

SPOILS SYSTEM.

Adopted as the Policy of the State Administration.

Every Democrat Must Go. Appointment of Delegates to the Cotton Growers Convention at Galveston.

Special to Journal. RALEIGH, N. C., June 19.—C. T. Bailey chairman of the board of trustees of the Blind Institution, attacked J. F. Meserve

Celebrated for its great leavening strength and healthfulness. Assures the food against stum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK.

for resigning, and says the policy of the present Board is to turn out every Democrat in office, where competent Republicans or Populists can be found to fill, and that this is the "spoils system" and is the system to which we are going to adhere.

Governor Russell appoints Isaac A. Sugg, of Greenville, and J. M. Mewborne of Kinston, delegates to the Cotton Growers Convention at Galveston, Texas, August 23rd.

Spain Must Pay.

LONDON.—The Washington correspondent of the Daily Chronicle declares that President McKinley has instructed General Stewart L. Woodford, the minister-elect to Spain to demand reparation and indemnity for the death of the late Dr. Ruiz, and to intimate to Spain that if she refuses to grant freedom to Cuba, she must be prepared to yield it to force, which would mean large sacrifices of men and money.

Davis' Pharmacy will be open the entire day.
