Cheat yourself by staying away but Lay in a Supply.

## THE SECRET OUT.

Reason Why Secretary Sherman Now Favors Annexation.

Japan was After the Islands. How Trade With Cuba has Dropped. The Income Tax. Anti-trust Bills in the Senate. Not Likely to go Through.

**JOURNAL BUREAU,**  
WASHINGTON, D. C., June 21. Secretary Sherman, in order to justify his own turn around towards annexation, made a diplomatic break and gave away a State secret. He said that under ordinary circumstances he was opposed to annexation, but that when he learned that a scheme was on foot to put Hawaii in possession of Japan, he favored annexation. Thereby hangs the whole story of the hurrying up of the treaty for the annexation of Hawaii, which President McKinley sent to the Senate last week. It would come in time anyway, but the administration recently learned of a plot on the part of Japanese on the island and the friends of the ex-Queen, who is in Washington, and who made an open bouffe protest against the ratification of the treaty, to overthrow the present government of Hawaii and set up one of their own, with the ultimate design of turning the island over to Japan, and that caused the treaty to go to the Senate much earlier than it would otherwise have gone. The Japanese government has all along denied that it had any grabbing intention towards Hawaii, and its denial may have been perfectly honest and it may have been entirely ignorant of the plot to overturn the Hawaiian Government. As the information concerning that plot was secret and was not mentioned in the President's message accompanying the treaty, diplomats regard it as a bad break on the part of Secretary Sherman to have publicly mentioned it, and the Japanese minister regards his having done so as almost an insult to his country and is consequently somewhat disgruntled. There isn't opposition enough to the treaty in the Senate to prevent its ratification, but there is enough to make the debate quite lengthy, so it is intended to allow it to go over to the regular session.

No stronger plea for some action on the part of this government that will restore peace to Cuba has been put forth than is contained in an official report prepared by the Agricultural department, showing our trade with Cuba for a period of years. For the fiscal year 1898, our commerce with Cuba amounted to \$102,884,204, for the fiscal year 1896 it had dropped to \$47,548,610, and estimates for the fiscal year 1897 place it at less than \$50,000,000.

Senator Morgan called attention to the failure of the tariff bill to provide for the repeal of the income tax, imposed by the Wilson tariff bill and declared to be unconstitutional by the Supreme court. He said he was glad that the bill did not provide for its repeal, because if it were left upon the statute book, a change in the court might cause it to be sustained.

Quite a number of the Senators who helped to knock out the Pettigrew anti-trust amendment to the tariff bill, have offered amendments to their own, especially aimed at the sugar trust, with which they appear to have a dread of being considered friendly. One of these, offered by Senator Pettus, prohibits the importation of raw sugar by the sugar trust, and another, offered by Senator Nelson, provides that any attempt to monopolize the trade in raw or refined sugar among the states or with other nations shall be punishable, upon conviction, by a fine of not less than \$500, nor more than \$10,000, or by imprisonment at hard labor not less than six months nor more than two years, or by both said punishment in the discretion of the Court. Notwithstanding all this activity on the part of individual Senators, there is no probability that the tariff bill as it finally passes and goes to the President will contain any anti-trust amendments.

**Latest News Items.**  
It is expected that the attendance at the Tennessee Exposition this week will break the record, for the week will be crowded with interesting events.

President McKinley has determined to revive the abandoned treaty of general arbitration between the United States and Great Britain. He has already turned his attention to the subject, and under the direction of Secretary Sherman the matter has progressed to the extent that a new treaty has been drafted to serve as the basis of negotiations.

General Weyler was so indignant that he could take no part in the Corpus Christi ceremonies. The report of his resignation said to be confirmed. As yet he has received no reply from Madrid.

Queen Victoria began the celebration of her jubilee today as was befitting her entire career before the altar of her faith. Throughout London, the United Kingdom and the Empire, in every cathedral, church or chapel of the established Church of England, were held services similar to those at St. George's Chapel, Windsor, where her Majesty paid her devotions and offered solemn thanksgiving.

**THE ONLY True Blood Purifier** prominently in the public eye today is Hood's Sanguifer. Thousands get Hood's and ONLY HOOD'S.

## BORROWS MONEY.

State Treasurer Worth Secures Funds for School Bounty.

Hot Wave Broken. Capital Streets to be Paved. Injunction Against Secretary Thompson. The Mica Industry. Some Social Items.

**JOURNAL BUREAU,**  
RALEIGH, N. C., June 21. The hot wave is broken and living has become bearable. In spite of the intense hot spell Raleigh is very healthy. There is remarkably little fever here of any kind. Treasurer Worth has made arrangements by which he is enabled to borrow \$50,000 from the trustees of the educational fund with which to pay the township school bounty. Of course the next Legislature will make this good. Thus the school tax can be voted on and the State will put up a like sum to any raised by any community by taxation within limits.

The last Legislature passed a bill requiring the State to pave the streets around capital square. Superintendent Smith of the penitentiary offers to furnish all the shell rock necessary, and have the work done if the State will pay the freight on the shell rock from the State farm at Castle Hayne near Wilmington.

An injunction has been gotten out through Judge Melver to prevent Secretary of State Thompson and A. Williams & Co., from entering into a contract whereby the sale of Supreme court reports is given to A. Williams & Co., exclusively. This has been the contract for years made by the former Secretaries of State.

The marriage of Mr. Will Linehan, (of the firm of Cross and Linehan, clothing) and Miss Mamie Besson will take place on Wednesday the 23rd.

The insane asylum board meets again on the 7th of July when several changes will be made in the employees out there. Labor commissioner Hamrick is back from the western part of the State where he went on an inspection tour. He is delighted with the mica industry. It is selling at \$4 a pound and great quantities are being mined in those western counties.

Cards are out announcing the marriage on June 30th of Mr. John Haywood of this city and Miss Griggs of Columbus, Ga. Mr. Haywood is a son of the late Dr. E. Burke Haywood.

Georgetown College, D. C., will confer the honorary degree of LL. D. on Associate Justice R. M. Douglas of North Carolina on Wednesday. He is a graduate of that college.

The evidence so far is that Carl Duncan of Beaufort is to be Revenue collector for this district.

Governor Russell returned today from his summer home at Wrightsville Beach, below Wilmington. Mrs. Russell is there still.

## COTTON IRREGULAR.

Covering of Shorts Sends the Summer Months Up.

Stocks Open Lower, But Fail to Decline as Expected. Moderate. Liquidation Causes a Small Decline in the Cereals. Provisions Rule Dull

(Special to H. W. Silsby & Co. Commission Brokers.)  
**COTTON.**  
NEW YORK, June 21.—In the absence of a Liverpool market, there was a slight disposition on the part of the small shorts to cover today, especially in the summer months, which opened at an advance of about two points compared with Saturdays close, and gained three to six points for the day, while the fall months opened up about two points and closed unchanged, after selling down one to two points. There seems to be a slight disposition to transfer short contracts to the late months owing to the favorable crop conditions, which are expected to cause lower prices. The Liverpool markets will be closed until Wednesday owing to the Queen's jubilee celebrations.

**STOCKS.**  
NEW YORK, June 21.—The stock market was inclined to be heavy at the opening this morning. The first sales being made at a loss of 1/4 to 1/2 per cent compared with Saturdays closing quotations. The promised reaction in this market which has been generally anticipated and talked freely upon the street for the past week gained many enthusiastic friends around the opening, but it proved merely myth and a misnomer, as the opening figures proved about the lowest for the day. The coolers were among the weakest and show fractional losses. The absence of foreign support was felt, and tomorrow prices are expected to be the lowest for the week especially, as regards the internationals. We consider Nashville a purchase on any further decline and should their earnings increase sufficiently to warrant the expected

**ROYAL BAKING POWDER**  
Absolutely Pure

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands. **ROYAL BAKING POWDER CO.,** NEW YORK.

declaration of a dividend in September, the stock would easily sell above the sixties. We would rather sell than buy the industrials, especially sugar and Gas, as the large number of long contracts which have been made during the recent advance, must be eliminated to a certain extent before new buying sets in. This interest is very large in the latter stock. It is expected that \$2,000,000 in gold will be shipped tomorrow.

**CHICAGO MARKETS.**  
CHICAGO, June 21.—Prices were unchanged in the wheat market at the opening this morning, and ruled narrow to and fractionally lower during the entire session under the influence of moderate liquidation. Wheat was equally divided among the old and new crop months and the close this afternoon shows a loss of about 1/2 cents for the day. Reports continue very favorable both as regards the growing crops and harvesting [with conditions unchanged]. The new crop will come within a million bushels of being the largest for years, which will more than offset foreign shortages. Corn continues narrow and fluctuates in sympathy with wheat with sales of no importance.

Provisions ruled featureless throughout the entire day with the undertone somewhat weak.

## Henry's Pharmacy,

127 Middle St.

Tooth Brushes, Toilet Articles, &c.

**DO YOU** Need a Good Spring Blood Purifier?  
TAKE HENRY'S, composed of Sarsaparilla, Yellow Dock, Mandrake, Senna, Prickly Ash Bark, Sassafras, Iodide Potash and Iodide Iron with Wintergreen. This preparation is expressly put up to meet the popular need for a Blood Purifier, without being related to the many secret nostrums and quack medicines of the day, of unknown composition and generally of little medicinal value. The formula is printed on the label. **PRICE ONLY 50 CENTS.** Same size bottles usually sold for \$1.00.
