GOT THE PRINTING.

**Barnes Brothers, Populists, Get
the Job Work.**

Few North Carolinians Going to
Nashville. Big Electric Storm.
Much Building in Raleigh.
Crops are Fine.

JOURNAL BUREAU,
RALEIGH, N. C., June 24.
The Council of State had a long session
yesterday discussing the public printing
question. It was finally settled to give
the job work to Barnes Bros. (Populist),
of this city. This job work is to include
printing, ruling, binding, numbering,
embossing and lettering, all reports, bul-
letins, statements, etc., in pamphlet form
and binding shall be given out in sepa-
rate lots to the lowest bidder.

They also reserve the right to reject
the lowest bid if it is thought the parties
are trying to fool the Council of State.
It is said that the travel to Nashville
from this part of the State is extremely
light. There seems to be no kind of en-
couragement given the exposition by the
Mother State. Travel to the summer res-
orts is very heavy in spite of the con-
tinual cry of hard times.
The State Auditor has had quite a
number of applications for pension blanks
over and above the regular amount of 24
that is always sent out to each county.
Last night one of the most brilliant
electric storms ever witnessed here passed
over the city. It was something grand to
see the entire expanse of the heavens as
it were one vivid blaze of flame.
There is a good deal of building going
on here. Many commodious dwellings are
going up all over the city and out near
the cotton mills many pretty little cot-
tages are being built for the operatives.
The county commissioners will meet
tomorrow, when the vacancies on the
school board will be filled.
The warm weather that began two
weeks ago has developed crops wonder-
fully. Splendid reports are sent in from
all over the State. In this county the
cotton crop will be the largest in many
years.

It is said that the Caucasian, Butler's
paper, which is the Populist organ, is in-
terested with Barnes Bros. in the public
printing business.
The Secretary of State today sent out
blanks and also the election law of 1895
as amended in 1897, for the holding of
the school election in August.
The trustees of the Oxford Asylum met
at Oxford today.
The State Treasurer says the Weldon
bank reports the highest rate of value of
stock, 150, thus being in the lead. Bank
stock has to be reported at the actual and
not the par value.

JAPAN AROUSED.

**Her Emphatic Protest is Entered
Against the Annexation of Hawaii.**
WASHINGTON, June 23.—The protest
from Japan in connection with the Ha-
waiian treaty, which was received by the
Senate committee on foreign relations
today, is considered in a more serious
light than was at first made apparent,
and the committee took exceptional pre-
cautions to prevent the publication of its
proceedings. The protest was accepted
as almost an ultimatum on Japan's part
to the effect that the treaty must not be
perfected.

The opinion was expressed in the com-
mittee that a document of the character
of that filed by Japan would, if presented
by a nation more nearly the equal of the
United States, lead to very serious diffi-
culties, but there is a general desire to
extend unusual consideration toward the
Asiatic State, not only because of the
uniformly friendly relations existing be-
tween that country and this, but also
because it is felt that Japan's success in
her war with China may have had the
effect of arousing a spirit of combativ-
ness which is not warranted, in the
opinion of the members of the committee,
by her relative size and importance as
compared with the United States.

Victoria Leaves London.

LONDON, June 23.—Queen Victoria re-
turned to Windsor Castle today after re-
ceiving at Buckingham Palace the recep-
tion of the Houses of Lords and Com-
mons, and the mayors and provosts,
chairmen, of county councils and sher-
iffs. The Houses of Parliament each
presented to the Queen an address con-
gratulating her upon the attainment of
sixty years on the throne.
The Queen received the Lords and
Commons in the ballroom of Bucking-
ham Palace. Nearly half a century has
passed since the House of Commons vis-
ited the sovereign in a body, the last
occasion being the presentation of an
address acknowledging the reception of
the Queen's message announcing the
declaration of the war against Russia.

Later News Items.

The London Times, commenting edi-
torially on President McKinley's letter of
congratulation to the Queen, says this
morning: "It will be read with pride and
satisfaction throughout the empire as an
official token of the particular friendship
and esteem which the English monarchy
and the great English-speaking republics
regard each other."

Cotton Opened Higher But Declines
on Transfers to the Fall Months
Which Held up Fairly Well
Under that Influence.

[Special to H. W. Silsby & Co. Commis-
sion Brokers.]
COTTON.
NEW YORK, June 24.—Cotton showed
an advance of 3 to 5 points at the open-
ing this morning, and prices held up
fairly well throughout the day, with the
exceptions of the summer months, which
closed at a loss of about three points.
Liverpool declined 1 1/2 for spots on sales
of 15,000, and one half lower for futures,
the latter recovered the loss during the
day, closing steady at about the highest.
The only noticeable feature in this market
today, was the firm undertone which
was displayed by the fall months. This
was caused by transfers which were
made from the earlier months. We see
nothing to alter our opinion as regards
the future of this market, and continue
advise selling the late months.

LIVERPOOL COTTON MARKET.
LIVERPOOL, June 24.—Spot business
good prices 1-32 lower. American mid-
land uplands 4 1/2. Sales today 13,000 of
which 1,500 are for speculation and ex-
portation. Receipts 6,000 of which 3,200
are American.
Futures opened steady; demand mod-
erate prices 1/2 lower, and closed steady
at an advance of 1 point for the day.

STOCKS.
NEW YORK, June 24.—Foreign advices
continued encouraging this morning,
and those who had predicted lower prices
for our securities were soon con-
vinced of their folly. Prices here were
unchanged to 1/2 higher at the opening,
and after a narrow market, which con-
tinued through the early hours, good
buying set in which lasted during the
rest of the day. The grangers were the
leaders again, and each gained nearly a
point, on a rumor that Burlington's
earnings, which will be published tomor-
row, will be the best for years. While
the buying of these stocks during the
recent rise has been limited to the local
speculators, yet there has been no reac-
tions, and this alone convinces us that
higher prices cannot be sustained. In
the industrial list Chicago Gas showed
the most strength, while Sugar was
dead, pending Senatorial actions in re-
ference to the tariff Sugar schedule in
this measure. The former stocks should
be a sale on any further advance.

GEN. GORDEN AGAIN CHOSEN.

In a Feeling Speech he Accepted
the Re-Election to the Office of
Commander in Chief.
NASHVILLE, Tenn., June 23.—The
Nashville Reunion of the Confederate
Veterans is the greatest ever held. The
12,000 badges printed as a starter gave
out yesterday and 4,000 more were prin-
ted. Half of these were given out yester-
day and fully 1,000 more were handed
out this morning, making a total of
15,000 veterans who have badges, while
there are possibly 1,000 more who have
not called for them. The Richmond re-
union was the greatest until now, 12,000
veterans attending that meeting.
At the meeting to-day General John B.
Gordon attempted to hand in his resig-
nation as Grand Commander, but the
Boys in Gray would not have it that
way, and raised such a storm of pro-
tests that finally General Gordon, in a
very feeling speech, agreed to accept a
re-election.

Up to noon to-day the crowds con-
tinued to pour into the city, and now so
great is the crowd upon all the streets
and the Centennial Grounds that Nash-
ville people are utterly astonished. Nev-
ertheless, they are taking care of them
very handsomely.

The State Department has practically
completed its reply to the Japanese pro-
test against the Hawaiian annexation
treaty, but has not yet delivered it. The
reply is understood to be dignified in
tone, and a strong legal defence of our
position, which, without in any sense
abating our claims, still does not disdain
to support them by much citation of pre-
cedent and international law.
