IMPORTANT DECISIONS.

On the Revenue Act and on Imprisonment for Taxes.

Experiment Station Sustained. One Million Cotton Spindles. New Democratic Paper for Raleigh. Penitentiary in bad Financial Condition.

JOURNAL BUREAU,
Raleigh, N. C., June 29.

The Attorney General yesterday rendered two important decisions: one in relation to the revenue act, which provides that "every person, company or manufacturer who shall engage in business of selling pianos or organs by sample, list or otherwise in this State shall before selling or offering for sale any such instrument, pay to the State Treasurer, a tax of \$10, on each brand and obtain a license which shall operate for a year." The Attorney General says each salesman must have a license with him to prevent indictment. The other decision was in regard to collection of taxes and whether a failure to pay them renders a person liable to imprisonment. It is thought that such is the case so says Attorney General Walker.

The executive committee of the Board of Agriculture met last night and decided to continue the experiment statue at Southern Pines.

State commissioner Hamrick has visited one third of the cotton mills in the State and finds these have over 340,000 spindles. He thinks there are 1,000,000 in the State.

J. B. Fortune today gave his bond as clerk of the U. S. Court here. It is with a Baltimore Guarantee company.

There is a chance of a new Democratic daily being started here pretty soon. The penitentiary under its new management is in a financial mess. On June 1st it owed \$18,000. And they are going in debt at the rate of \$15,000 per month. Governor and Mrs. Russell have returned from Wrightsville.

The weather is fearfully close and oppressive today. The thermometer nearing the 90 mark before midday.

Weekly Crop Bulletin.

The week ending June 28th was generally very favorable, except along the northern section of North Carolina and over a few southeastern counties, where insufficient rain fell. The 23d, 23rd and 27th were cool, but temperatures above 90 degrees occurred during the middle of the week. Very beneficial showers occurred throughout the week. Wheat is about all housed and threshing is under way. Cotton is still backward, but progressing well; corn has improved and is being laid by; tobacco continues small. In some counties farmers are having difficulty in keeping down the grass.

Eastern District.—Over portions of the district, especially in Halifax, Gates, Nash, Wilson and Brunswick counties, the past week has been too dry, and crops are suffering from the drought; in others occasional showers occurred. Crops have been kept in good condition. Considerable of the corn has been laid by; it is small, but doing fairly well; corn is silking and tasseling. Cotton was retarded in growth some by cooler weather on 23d, 23rd and 27th, but made progress during the middle of the week; blossoms are reported. Tobacco is doing well at many points; in some counties is maturing out badly. Threshing wheat is in full blast. Rice crop is fine. Early table corn is ripe and tomatoes are ripening.

Urgent appeals for aid are coming in from that part of Alachua county Florida which was devastated by the great hurricane of September 29 last. The destitution appears to be greater than at any previous time since the catastrophe. Alachua county is situated in the centre of the peninsula, midway between Jacksonville and Cedar Keys.

GENERAL FUND PAYS

Expenses of August School Election Voting Aid

To Public Schools. Park Hotel Sold for \$27,000. Caucasian Denounces Tom Watson for Playing into Republican Hands. Scarborough Accepts.

SPECIAL TO JOURNAL.

RALEIGH, N. C., June 29.—The Attorney General decides that the expenses of the August election on the question of local aid to Public schools, must be paid out of the general fund and not from the school fund.

The Park Hotel in this city, was sold today for twenty seven thousand dollars, by Page Brothers, of Aberdeen, to J. C. Brown, late proprietor of Hotel Bonair at Littleton, N. C.

Senator Marion Butler will in his paper tomorrow, denounce Tom E. Watson as having played into Republican hands in the last campaign.

John C. Scarborough of Raleigh accepts the presidency of Chowan Baptist Female Institute.

REED WILL APPOINT.

The Committees Will be Named Before Adjournment.

Populists May Secure Some Representation. Will Appoint Old Members. Anti-Trust Legislation, Likely to Become a Leading Issue.

WASHINGTON, June 28.—Speaker Reed said today he had the matter of appointments under consideration and that unless something now unforeseen occurred to change his present inclination he would prepare the list and submit it prior to the final adjournment.

One of the interesting things in connection with the appointments is the disposition to be made of the twenty-one Populists. In a written communication to the Speaker early in the session they demanded recognition of the committees as a separate party. Heretofore they have not been recognized. Neither Speaker Reed nor the late Speaker Crisp recognized the party of which they are members as entitled to separate recognition and their assignments as a rule were confined to unimportant committees. None of the big committees, like the Ways and Means, Appropriation, Foreign Affairs, or Judiciary, has had a Populist member.

The Democrats will protest if the Populists are given representation at their expense; it is not considered at all likely that Speaker Reed will see fit to change his policy regarding the Populists. When Mr. Reed comes to make up his lists, he will doubtless confer with Mr. Bailey, of Texas, who was selected as the candidate for Speaker by the Democratic caucus. There is no intimation of any change in the chairmanship of the principal committees. Where the old chairmen are members of the present House, they will doubtless, with possibly an exception or two, be reappointed.

The Republicans are having great difficulty in deciding upon an anti-trust amendment to their tariff bill for the reason that there is no purpose to frame a practical provision. Senator Hoar, who has been struggling with the problem as chairman of the judiciary committee, took occasion today to point out to the Democrats some of the obstacles he has discovered in the way to any satisfactory restriction.

Members on both sides of the chamber perceive that the question of trusts is likely to occupy a much more important position in the political developments of the next few years than ever before. The trusts are becoming more numerous and more powerful, and the feeling against them is not only more intense, but is fostered and strengthened by the agitation of both the tariff and the silver questions. Opposition to the trusts forms a common ground upon which Democrats can meet, and those of both factions who favor harmony believe the trust issue may be made very prominent in the next general campaign. The Republicans have no desire to be placed in the attitude of upholding these institutions, which both parties condemn, but they will not, apparently avoid such a position at the expense of their cherished tariff scheme. It is therefore thought that the so-called anti-trust amendment, which, it is said, will be added to the bill, will be for the purpose only of placing the Republicans on record as opposing trusts in the abstract.

Late News Items.

Unless the condition of public business prevents, President and Mrs. McKinley will leave Friday for a visit to Canton, O. They will remain until Monday.

A mass-meeting which was largely attended was held Monday afternoon at the Columbia Theatre Washington, in the interest of the Cuban cause, under the auspices of the Woman's National Cuban League. The principal speaker was Senator Daniel.

The Western roads running out of Chicago have come to the conclusion that they will be about swamped with the amount of business to the Christian Endeavor convention in San Francisco. At the time of making the rate the general opinion was that it would not bring a large amount of traffic, but some of the roads now are in straits to get the necessary equipment to enable them to handle the traffic.
