Case of Manslaughter.

The case of L. M. Gilbert, of Adams Creek, in this county, was brought up before S. R. Street, J. P. Saturday. Gilbert waving examination, giving bond for \$300 for appearance at court.

The cause of the arrest of Gilbert is as follows:

Last March, at his place at Adams Creek, Gilbert had some words which became a hot dispute, with a colored man named Bright, which ended in Gilbert striking Bright with an door bar. Twenty six days after this dispute, Bright died and was buried.

After Bright's burial there arose some talk among the colored people in that section as to the cause of his death, the result being the exhuming of Bright's body, and the finding that his death was in some way the result of the blow he received, which was the reason for Gilbert's arrest.

The Firemen's Tournament.

Chief Taylor, of the New Bern Fire Department, had an interesting letter last night from Chief McNeill, of Fayetteville.

In this letter Mr. McNeill says that the interest in the coming tournament keeps increasing, the entries being double those of previous years.

The following letter to the JOURNAL was sent per Chief L. J. Taylor and explains itself:

Editor Journal: "In addition to the other prizes offered for the coming tournament, the Fayetteville 'Chicora Juniors' offer a prize of \$25 to any 'Junior' team in the State that will make best time on a 50 yard run to hydrant and throw water under the regular Association rules governing Hand Reel races. Will you kindly publish for the benefit of the New Bern 'Kids,' and oblige yours &c. J. D. McNEILL, Chief Fayetteville Fire Department.

WHEN bilious or constive, eat a Cascaret candy cathartic, cure guaranteed, 10c, 25c

Another Sunday Train.

The A. & N. C. Railroad will continue the Sunday schedule from Goldsboro to Morehead City. As on previous Sundays the train leaves New Bern at 9:25 a. m. and on the return leaves Morehead at 9 o'clock p. m. The fare is 75 cents from New Bern for the round trip. The service is the best and good time is made on these trips.

Trip Through Hyde County.

Professors T. R. Foust and T. D. Warren recently returned from Hyde county, where they had been working in the interest of the New Bern Academy. Soon after their return the JOURNAL interviewed them through its reporter.

"How did you get to Hyde and how long were you on the way?" asked the reporter.

"We went on a sail boat to Swan Quarter, and it took us just eight hours to make the trip. Leaving New Bern at eleven o'clock, Saturday night, we ate breakfast at Swan Quarter by eight o'clock Sunday morning."

"How did you find the roads for bicycling?"

"Splendid, we made the trip over the county on our wheels, and found the roads everywhere in Hyde just as good as the shell roads in New Bern."

"What did you think of the climate down there?"

"There is a fine breeze, and most of the county being near the Sound, there is a flavor of salt in the air making it as bracing as the seashore at Morehead."

How about the farming land of which we all have heard so much?

"It is a black peaty soil, and in a point of fertility even surpassed our expectations. The crops are somewhat backward due to the cold spring, but since the warm weather has set in they have improved greatly, and we could predict a good yield. The oat crop is very fine this year. One man told us that he had oats that will yield 90 bushels per acre. Their principal crops are, corn, oats and rice."

What was your impression of the people?

"We have never met more hospitable people. Although we were perfect strangers, we were cordially received and nicely entertained everywhere we went. It was a source of regret that we could not accept all the urgent invitations to spend the night or take dinner which were so freely tendered us."

The majority of the people are well-to-do farmers. There is not the disposition to move to town which is so prevalent in those places not blessed with so productive a soil."

"How did you find them on the school question?"

"They are very much interested in school-work, and are inclined to patronize us."

We set influences to work which, we think, will be productive of good results; and bring us pupils to help in building up the New Bern Academy.

We were gratified at the great interest manifested and specially that they seemed desirous of choosing New Bern as the place likely to suit them best.

Our object in visiting Hyde was to let the people know what we have in New Bern; and viewed from this standpoint we feel that our trip was a success."

It is very gratifying to the JOURNAL, that those gentlemen are taking so great an interest in turning the attention of the people in the surrounding counties to the New Bern schools.

We have always taken a deep interest in whatever tended to build up our town in any direction, and one of the principal means of development in a town is a system of efficient schools.

Let your returns show the number of pounds of chewing and smoking tobacco, and the number of hundreds or thousands of cigars, cheroots, cigarettes and cigarette papers purchased during the six months for which this return is made. Prompt compliance with the law is earnestly requested, and for the failure to do so, you will be required to show cause why the penalty of the law shall not be imposed upon you (See Sec. 22 Revenue Act, 1897). Very Respectfully,

JOHN B. WILLIS, Register of Deeds.

Severe Case of Dyspepsia. "I suffered from dyspepsia 20 years. I had a feeling as though there was a lump in my stomach. I did not dare to eat meat or warm bread, very few vegetables, for fear of the great distress food caused me. I experienced relief right after commencing to take Hood's Sarsaparilla. My appetite increased, I gained in general health and strength. I can eat almost anything now without discomfort. Although I had been an invalid for twenty years, I can truthfully say that I am better than for a long time. I never weighed so much in my life." Mrs. EMILY P.
