BONDS TO BE NOTED.

Park Hotel Open and Doing Business.

Holton into Official Duties. Col. Carr to Mining Convention. Preached to Engineers and Conductors. Shot a Negro.

JOURNAL BUREAU.

RALEIGH, N. C., July 6.

There is quite a discussion here on the question of the \$50,000 bond issue to be voted on in September for "street improvements and other purposes." As stated yesterday there is not much chance of the election being carried for the issue. Chairman Dreary of the street committee says that it will be a saving to the city in the end, for that the care of the streets costs the city about \$8,000 annually, but that after the streets are paved this expense will be done away with. No committee could possibly have a better or more progressive chairman, and it is earnestly hoped the bonds will be issued. A prominent business man here says if the bonds would be exclusively placed in the hands of this street committee he would vote for the issue, but the few "other purposes" may mean anything the aldermen may decide to do out side of street improvements, and he will vote against it.

A rumour is being circulated along the railroad line that the Park Hotel is being closed, the carpets taken up etc. This is an entire mistake. If any carpets come up it is simply to remove the dirt under them. The house is ready for business and is by far the most airy pleasant hotel in the city.

It is said that chairman E. A. Holton of the Republican State committee will assume the duties of his new office, attorney of the Western District about August 1st.

Col. Julian S. Carr left Sunday for Denver, Colorado as a delegate from this State to the Gold Mining convention. He will be gone for some time.

On Sunday at Edenton Street Methodist Church Rev. Mr. Norman preached the annual sermon to the "Engineers and Conductors." Afterwards the two Brotherhoods had dinner together at the Yarrow House.

Yesterday Deputy Oates tried to serve a warrant on a negro here. The negro would not hear the warrant read and drew his knife. Oates shot him and he will scarcely recover. The negro denies drawing his knife. Oates is under bond.

There are 20 criminal insane in the State Hospital at Morganton who are to be brought to the penitentiary and put in the department prepared for them, but there has been a dispute whether the hospital or the penitentiary should bear the cost. Treasurer Worth says today that the expenses must be paid out of the general fund, as the legislative act says transfer is to be "to State charge."

The two military companies at Reidsville go into camp at Piedmont Spring this month; the Lumberton company goes to Wrightsville; and the Governor's Guards of Raleigh go to Nashville on the 18th. All the companies of the State Guard are fully equipped and are in good shape.

Weekly Crop Bulletin.

The weekly crop bulletin for week ending Monday, July 5th says the past week has been extremely warm throughout North Carolina, with maximum temperatures between 90° and 100° on every day and means averaging eight degrees per day above the normal. The weather has also been very dry, but beneficial local showers occurred in portions of 29 counties. In these counties the week has generally been very favorable. In these general, however, the heat and drought have considerably injured crops, at least on highland sandy lands; crops are everywhere needing rain.

Cotton is doing well, however, it is green and growing rapidly; stand very good; is blooming quite generally; not yet suffering for rain.

Corn needs moisture badly; it is small and the effect of the dry heat is to make it sick and tassel too low; it has good color, but is beginning to fire on light lands; chinch bugs still doing some damage.

Tobacco seems to be suffering some from drought; some leaves have been cured in the eastern district. Gardens and vegetables are receiving a serious setback by the dry, hot weather in those counties where no local showers occurred.

Stand of peanuts is not very good. Many peas have been planted. Melons getting ripe. Turnings wheat continues. Oats all cut in east; some still to be cut in west portion. Rice doing well. Splendid weather for laying. The blackberry season is at its height. Peach crop is very small. All crops are clean and well worked, which enables them to stand the drought much better than they otherwise would.

THE MARKETS.

New York and Chicago Quotations on Stocks Cotton and Grain.

Special to Journal.

NEW YORK, July 6.—Stocks were dull, inclined to weakness, on the miners strike and general disposition to realize. Cotton opened strong, advanced, but met selling account, with favorable weather and predictions of an early crop. Wheat strong, but neglected for the corn crowd, which was bullish on corn. There is an extended hot wave in the corn belt. Look for erratic stock market, high cotton, wheat and corn, tomorrow.

HAVANA.—Captain-General Weyler after his arrival at Sancti Spiritus, Province of Santa Clara issued a proclamation to the insurgents and to the Pacificos saying, "I will pardon those who surrender with or without arms. They may give themselves up at any military station by making signs with handkerchiefs so the troops may know of their intention to surrender."

CHICAGO.—Eight people were drowned in Lake Michigan 4th of July while bathing at various points along the beach.

WASHINGTON, D. C.—Senator Isham G. Harris, of Tennessee, is critically ill at his home on Capitol Hill. All day three physicians were in attendance at his bedside and it was feared that the end might come at any time. Late the Senator was resting quietly, but with a very weak pulse. The torrid heat of the day had told on him in his enfeebled condition and he was lower than at any time during the last twenty-four hours. No fears were entertained that Senator Harris would not survive the night, but his physicians could give but little hope of his ultimate recovery.
