New Bern, N. C., July 11, 1897.

SHALL WE GO AWAY?

The summer flight of city residents to the mountains and sea shore, has become so customary that it is considered the right thing to do.

While New Bern may not boast of being a metropolis, yet she has a number of citizens who are well able to join, and do join, the throng of summer tourists to mountain and ocean side.

To those who through choice or necessity are compelled to remain at home, to pursue during the hot months their usual routine duties, there is much of comfort and enjoyment.

Especially is it so to those living in New Bern. Those great essentials to a city's health, good water and sewerage, this city enjoys.

Its sanitary condition is also good. Its streets and alleys are well looked after, and no foul matters are permitted to accumulate.

While New Bern, as well the rest of the country has experienced a long and severe winter, yet the general health of the people of New Bern today is remarkably good, and the doctors have no serious cases to report.

With these local conditions existing New Bernians who are not strictly tourists, must feel well satisfied with their lot, and question of going away need not disturb them.

Supplies of tobacco are in the hands of the A. & N. C. R. R. It is reported on low rates of freight. He has promised as quick handling and lowest rates.

Well it is a settled fact that we are going to have a big rousance here on our opening—which has been changed to Saturday the 7th to allow the planters and their families to come and see what we have got in the way of a warehouse.

Remember you are invited, without further notice—and we hope you will let nothing prevent your coming, see the warehouse, attend the sale of tobacco, listen to the "short" speeches and eat a good dinner.

If you will but survey the field you will be bound to recognize the fact that some arrangement ought to be made for the people living across the Neuse, in this county, to say nothing of the fact that the people of Pamlico would come here to trade if there was any way for them to get here without having to pay it all out to reach a market.

I am pleased to note the success attending the curing which is now going on, and will next week be in full blast.

Prime none but ripe tobacco, common and nondescript sorts are not wanted, but none but experienced hands in your tobacco fields to prime. If you are in doubt about its being ripe give it the benefit of the doubt and let it remain, it is important that this feature of the business should have your special attention.

Let me give you a pointer, and you will do well to heed my advice, that is, you need not ship your tobacco thinking that you will find any warehouseman, I don't mean a buyer, who is running a warehouse, but a warehouseman proper, that will do as much or more as hard to secure you best prices for your tobacco, as right here at home.

When it is seen that Congress will let tobacco alone, says the Dispatch, the trade will enjoy something like a revival of prosperity. We do not expect a "boom," but a gradual improvement in prices, there has already been a rise in prices in certain grades of Virginia and North Carolina leaf. There is much tobacco that is not yet saleable except at very low prices.

This is cheering news to the growers of the weed. Have an eye to quality not quantity.

conditions of the tobacco. You are the doctor, the tobacco the patient, for tobacco now that has been prime of ripe. As soon as your fires are lit and go to 100, and remain there 13 hours, then to 105 some 4 hours, then to 110 and remain there 8 hours, and in the course of 2 hours, then gradually raise to 115 and remain 1 hour, then in the course of 2 hours gradually to 130, and remain 15 minutes, then open your door or doors and let the temperature fall back to 100 and remain some 30 minutes, then close the doors and go on up to 120, and remain 2 hours, raise to 125 and remain 2 hours, then gradually up to 130, and then go 5 degrees every two hours until 170 is reached and remain until the stem is thoroughly killed, which generally takes 12 to 24 hours—I have known very fine tobacco cured by this receipt—you must watch the point when at 105, for on leaving, if the tobacco is not somewhat moist, it is best to remain at 105 a while longer, but on the other hand if the tobacco seems to be yellowing fast, and indicates its drying before the time specified to leave 105, it will be best to leave earlier, because if it becomes yellow enough to dry, and it hasn't had enough heat to toughen it, it will be hard to make clear and nice.

At 110 you must remain until the tobacco becomes almost as yellow as desired for drying out and no longer, and it must get in that condition even if it takes longer, staying at 115 an hour is to prepare for the drying heat 120, and to get out all the remaining green left in it, when at 110 the purpose of opening the doors and cooling down to 100 is to get rid of the moisture and hold your color.

The Tobacco Planters have as a general thing to be congratulated upon the successful raising of their crop of tobacco, now the next thing is the curing of it, and to aid you I give you a receipt, and if your tobacco is primed or ripe, you can get from the above some valuable information that will help you.

Cures Kinney and Bladder Troubles. Thousands of such cases have been cured by the use of Botanic Blood Balm (B B B) If you doubt it, call or send to the company whose advertisement appears in this paper, and they will, for a one cent stamp send you a book of wonderful cures, not only of the above diseases, but of all manner of ailments arising from impure blood. It is the standard remedy of the age for the cure of all blood and skin diseases. \$1.00 per large bottle.

CURED WITH TWO BOTTLES. J. A. Maddox, Atlantic City, writes, "I had great trouble in passing urine, which was filled with sediments. My back and loins gave me much pain, and I lost my appetite, strength and sleep. Two bottles of Botanic Blood Balm (B B B) gave me entire relief."

S. M. Ellis, Atlanta, Ga., writes "Botanic Blood Balm (B B B) cured me of most stubborn eczema. I had doctored it without success for twelve years. For sale by druggists."

DIDN'T KNOW STRATTON. But After the Millionaire Had Identified Himself He Got His Car. Probably no town of its size has as many very rich men as Colorado Springs.

When the next day Stratton went to Denver on business. His banker had notified him that he had made a mistake of \$250,000 in his bank account. He had that much more in the bank than he thought he had. Upon investigation he discovered that he had sent the bank a check for that amount, just taken from the safe of his mine, which he had not noted. That matter cleared up, Mr. Stratton thought he would see about getting tickets for the California trip. As usual, he had on a rather shabby suit.

It has been demonstrated beyond any doubt that fine tobacco can be successfully cultivated throughout this section. Now the curing and what you want is color. It is a matter of impossibility to make a successful crop, by following any written work on the subject, and the very best that can be done, is to aid you in the change of heat with the

That

Tired Feeling is exceedingly common and dangerous. It is a warning which must be heeded, or, as with the express which fails to regard the danger signal, disaster must follow. It is a sure indication of this, weak, impure blood.

Tired Feeling

By purifying and vitalizing the blood, Hood's Sarsaparilla furnishes abundant supply of nourishment for every nerve, organ and tissue of the body. This fresh supply of nerve strength overcomes nervousness; the new vigor in the blood soon banishes that tired feeling; the tone given the stomach creates an appetite, cures indigestion and dyspepsia. Take

Hood's Sarsaparilla

THE FOLDING BED. It is Still an Object of Suspicion to Many Hotel Visitors. "I'm sorry, sir," said the polite young man who had taken me to the room looking grey, "but I haven't another room in the house tonight. If you could see this till morning, I'll fix you up right for tomorrow."

When he had got over the threshold, the same clerk smiled a sort of positive smile and said: "You can't do anything with these fellows. It beats the world how a man will let his prejudices drive him out into the night to seek inferior accommodations. And yet this man looks like he knows better."

"Nothing in the world except that in the only room he'd have there was a folding bed. You see we are crowded now and there are but few vacant apartments. He is a crank on the subject of folding beds because in modern times two or three human beings have been caught in them when they folded up inappropriately and had their lives crushed out. I pleaded with him that no such disaster could happen here, for nowadays folding beds are made with patent catches that absolutely prevent them from manhandling. No matter how sorely a bed such as we have should never to close upon its slumbering victim those catches forbid. I told him all this, but it had no effect."

A Household Necessity. Concetta Candy Calhoun, the most wonderful medical discovery of the age, pleasant, refreshing to the taste, and gently and positively on kidneys, liver and bowels, cleansing the entire system, dispelling colds, cures head-aches, fevers, habitual constipation and biliousness. Please buy and try a box of C. C. today. 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

CIRCUIT COURT OF THE UNITED STATES, EASTERN DISTRICT OF NORTH CAROLINA.

The State Trust Company of New York Against Wilmington, Newberne and Norfolk Railway Company. WHEREAS, on the 30th day of May, 1897, in the Circuit Court of the United States for the Eastern District of North Carolina a decree was made in the above entitled suit by the Honorable Charles H. Simonton, Circuit Judge foreclosing the mortgages of the Wilmington, Onslow and East Carolina Land and Railway Company now consolidated into the Wilmington, Newberne and Norfolk Railway Company, the defendant therein, said mortgages being mentioned and described in said complainant's bill of complaint; and

WHEREAS, it is therein ordered, adjudged and decreed that all the corporate property now owned or hereinafter to be acquired by the said Wilmington, Newberne and Norfolk Railway Company in the State of North Carolina, now operated as one continuous line from the city of Wilmington to Newberne in the State of North Carolina and all its estates, right, title, interest and equity of redemption therein; that is to say, all of its railroads now constructed and in operation from Wilmington to Newberne in the said State of North Carolina, and yet to be constructed, including extensions, branches, curves and side roads, bed, superstructures, iron, steel, rails, ties, splices, chains, bolts, nuts, spikes, all land and depot grounds, station houses and depots, viaducts, water-tanks, bridges, timber, material and property purchased or to be purchased or owned by it, for the construction, equipment or operation of said road; all machinery shops, tools, implements and personal property used therein or upon or along said railroad or at its stations; all engines, tenders, machinery and all kinds of rolling stock, whether now owned or hereafter purchased by said railroad company, and all other property of the said company now owned or hereafter to be acquired, and all its rights or privileges therein or appertaining thereto and all revenues, tolls and incomes of said railroad and property, and all franchises and rights of said railroad company, and all property and rights acquired or hereafter to be acquired by virtue and authority thereof, be sold under the direction of Alfred M. Waddell, the undersigned Master Commissioner, and the proceeds of sale applied to the satisfaction of said judgment, interest and costs, except such as is otherwise provided for in said decree; and

WHEREAS, it is further ordered, adjudged and decreed that said Master Commissioner shall sell said property for cash, or for cash and bonds, and as an entirety; and WHEREAS it is further ordered, adjudged and decreed that notice of the time, place and terms of said sale be given by said Master Commissioner by advertising the same at least five times a week for four consecutive weeks preceding the day of sale in one or more newspapers published in the cities of Wilmington and Newberne in the State of North Carolina, and also in the Manufacturers Record of Baltimore, Maryland, and that the said sale shall be at public auction in the City of Wilmington, North Carolina, in front of the county court house of New Hanover county at the time and place as said master commissioner shall in said notices of said sale appoint; and

WHEREAS, it is further ordered, adjudged and decreed that said master commissioner shall receive no bid at said sale for a less sum than two hundred and fifty thousand dollars, and no bid from any person who shall not first deposit with him as a pledge five per cent of the amount of such a bid in cash, or twenty-five thousand dollars in the bonds secured by either of the mortgages described in said complainant's bill of complaint, and in case the said property and premises are sold, the purchaser thereof shall forthwith deposit with said Master Commissioner the sum of five thousand dollars to be deposited in the Registry of this court, subject to the order of this court in this cause and the deposit so received from the said bidder to be applied on the purchase price; the balance of the purchase price may be either paid in cash or the purchaser may satisfy the same in whole or in part by paying over and surrendering bonds secured by the said mortgages of January 12th, 1891 made by the said Wilmington, Onslow and East Carolina Land and Railway Company, said bonds due coupons belonging thereto, at such price or value as would be equivalent to the distributive amount that the holders of said bonds would be entitled to receive in case the entire amount was paid in cash. For more particularly both as to the property to be sold and the terms of the sale reference is made to the decree of foreclosure entered in the above suit.

Now Therefore, public notice is hereby given that I, Alfred M. Waddell, Master Commissioner, in pursuance of the provisions of said decree will on Thursday the 15th day of July 1897 at 10 o'clock a. m. of that day in the City of Wilmington, in the State of North Carolina, in front of the County Court House of New Hanover county in said city, sell at public auction to the highest bidder for cash, in accordance with the terms and conditions of said decree, the above described railroad of the Wilmington, Newberne & Norfolk Railway Company and all the property, lands and premises appertaining thereto, the proceeds thereof to be applied as is by said decree provided and directed.

ALFRED M. WADDELL, Master Commissioner. United States Circuit Court Eastern District of North Carolina. System, Tracy, Jennings & Russell, New York. John D. Bellamy, Wilmington, N. C., Solicitor for Complainant.

Tobacco Warehouse

For the sale of LEAF TOBACCO. E. M. PACE, Manager & Salesman. NEW BERN, N. C. SIZE 90 X 150 FEET. BASEMENT FOR GRADING 70x150.

This market commends itself to the growers of Tobacco, where you can have it handled right and sold right, for as much money as any market. Here are some of our reasons: Because, we are determined to have a tobacco market. Because, we are familiar with what is necessary. Because, we are going to pay best prices. Because, we are going to bank by our say. Because, we are not going to be outdone by any.

We have secured the services as Auctioneer of Jno. Y. Barber, my old patrons know him, and knowing him is to say, he is first-class and can't be driven away from a pile until he has gotten the last copper there is in it. Bring or ship your tobacco to New Bern, prompt returns by mail, by check, or currency by express. Any information on the subject given for the asking. Your Friend truly, E. M. PACE, Manager & Salesman.
