## SIMONTON'S OPINION.

Dissolves Injunction and Continues Injunction.

The Graduated Vote. What Vote Would be Under Litter Act. Under Judge's Decision State Would Control Road.

Special to Journal. RALEIGH, N. C. July 20.—The attorneys for William R. Tucker in his suit against Governor Russell, in the matter of the Atlantic and North Carolina Railway have received Judge Simonton's opinion.

Simonton dissolves the injunction as first act of last Legislature, regarding this as read, but he continues the injunction as to the second act, which repeated the old charter, which prescribed a graduated vote for the private stock-holders and fixed the State's vote at 850.

Under the latter act the State would enjoy twelve thousand votes, and the other stock-holders only six thousand, and the presence of the State proxy would also be necessary to make a quorum, and the State would absolutely control the road under the Judge's ruling. This act cannot be enforced.

### House Passes the Bill.

WASHINGTON, July 20.—The conference report on the tariff bill was adopted at 12:15 this morning by a vote of 185 to 118.

The floor of the House presented an animated appearance long before the Speaker rapped that body to order today. Members stood about in groups and discussed, sometimes in excited tones, the result of the conference agreement on the tariff bill, which was to be presented for final action today. The galleries were comfortably well filled, and every member in the city was in his seat when Speaker Reed ascended the rostrum at noon.
