### You Don't Need the Fan with the Soda.

Every hot day we think our soda, that we know how to make good soda, not alone because we sell so much, but because we have it to drink over. Every time it trickles down our throats, carrying the coolness of a hundred weight pieces of ice, we feel thankful. We had just the paying ourselves for making it. Whatever the time of the day you call on us, you'll always find our soda, refreshing and cool.

## FARM VALUATIONS.

### Inequality in Prices in Different Counties of Land.

Naval Reserves at Nag's Head. Farmers Alliance. Ice Factory Sues Railroad. Democratic Papers Coming out Against Fusion.

JOURNAL BUREAU, Raleigh, N. C., July 24.

The State today issued a charter to the Murphy Savings bank, of which J. V. Brittain, A. L. Gurley and others are incorporators.

The State board of equalization is surprised at the differences in valuation of lands and horses in the various counties. As to farm lands some examples are Sampson \$2.10 per acre, Franklin \$5.70, Chatham \$3.79, Bladen \$1.90, Alleghany \$2.38, McDowell \$1.55, Lincoln \$6.16. As to horses valuations are in Sampson \$22.65, Robeson \$40, Chatham \$36, Lincoln \$40. Moore County, \$47 is the value.

Even Populists who see these figures admit that railroads are taxed much higher than lands. The Sampson county lands could not be bought for \$4 an acre.

As an example of inequalities Bladen returns 457,069 acres, valuation \$969,456, and Cabarrus 215,079, at \$1,535,200. Real estate ought to be assessed at its actual cash value. People from other States will not buy land, offered to them at \$20 which they find listed at \$6. The auditor's chief clerk, Mr. Simms of Cabarrus says he sold land there for \$28 an acre cash which was valued at only \$6.

The Elizabeth City division of Naval Reserves goes into camp at Nag's Head August 3rd. The Edenton Company (D. Capt. Banks), of the First regiment goes into camp there at the same time.

The officers of the State Farmers' Alliance are now making a desperate effort to get it out of politics. But yesterday the Populist State Convention most gloriously ended the annual meeting of the Alliance.

There was quite a gale of wind for an hour here last night. It did no damage in the city, but perhaps did some to corn and cotton.

Cotton is remarkably well fruited this year. This is the comment of all the growers.

Thomas Robertson, the white man convicted of seducing Julia Hester here was given the full limit of sentence, 5 years. He has appealed and the case gets before the Supreme court in three months. Feeling against him is high.

The Hygiene ice company (defunct) which was really H. Brar & Son, of Charleston, sues the Seaboard Air Line for \$20,000 for the burning of its ice factory here several years ago, with claim that sparks from a passing engine caused the fire.

The attendance at the farmers' institutes is small up to this time, the Populists have concluded that the attendance was light because there were Democratic officials, but now all the business is in Populist hands, yet they do not draw the crowds.

This early Democratic papers are coming forward and taking a firm stand against any fusion with Populists in 1898. Last year's disgraceful failure taught a lesson.

One of the seven convicts who escaped from the Castle Hayne farm has been returned to the penitentiary. It is said one of the convicts was shot.

In the Superior court here today Thos. Terrell, white, submitted to a verdict of manslaughter for killing John Gill near Wake Forest last April.

### Racing for a Big Stake.

PHILADELPHIA, Pa., July 23.—Two British steamers, laden with valuable cargoes of sugar, are to-night scudding over the seas towards this port as fast as their engines can carry them in a race against time, tide and tariff.

There is a stake of \$125,000 at the finish if they get within the customs districts of Philadelphia before the Dingley bill passes the Senate to-morrow afternoon, for by doing so they will have saved that much money in duties on the sugar.

To incoming vessels the Philadelphia customs district begins at Marcus Hook, Pa., and today three swift tugs went down the river to pull the steamers over the line before the bill becomes a law.

Every effort is being made to make better time than the United States Senate, has been making, and the postponement of the date of the vote on the bill until 3 o'clock tomorrow afternoon has stimulated hope for the landing of the stake.

To do so, however, the steamers will have to be within the district before noon tomorrow, as a custom-house closes at that hour until Monday.

Substantial rewards await the captains of the ships if they beat the bill.

### The Tariff Bill Passed Yesterday at Three O'clock.

Conference Report is Adopted by the Senate. Message Sent by President McKinley Urging the Appointment of a Currency Commission.

WASHINGTON, July 24.—The conference report on the Dingley tariff bill was adopted by the Senate at 3 o'clock this afternoon by a vote of forty to thirty.

It was signed by Speaker Reed, Vice President Hobart and by President McKinley.

President McKinley sent a special message urging Congress to appoint a Currency Commission, the Commission to report before the first of November. The President recommends necessary changes in the banking laws. A vote will be taken on the message and a final adjournment will take place late tonight.

One hundred and ninety persons, including the Captain of the steamer were drowned. The remainder were rescued by a passing steamer.

The correspondent of the Daily Chronicle in Sagua La Grande, province of Santa Clara, Cuba, writes to his paper a terrible account of affairs there. The troops and insurgents, he says, are suffering horribly from famine, and the ravages of small-pox and yellow fever, while butcheries of prisoners after inquisitorial tortures are of daily occurrence if the victims be suspected of withholding information. Capt. General Weyler, the correspondent says, has shown neither mercy nor quarter, and has turned the campaign in Cuba into a near approach of that of the Duke of Alva, in Holland, in the sixteenth century.

The demand for transportation to Alaska has increased so rapidly that the Pacific Coast Steamship Company has decided to place another steamer on the northern route. The steamer State of California will leave San Francisco on the 7th August connecting with the George Welder at Portland, on the 30th.
