OF LOCAL INTEREST.

Keep cool by drinking Duffy's ice cream soda.

For a cool, clean kitchen use a vapor stove, no spoke, soot nor order.

Sheriff Hahn yesterday served quo warranto papers on Capt. J. K. Land, of the city police force, in behalf of A. A. Bryan.

At a meeting of the school committee of the Eighth district, T. A. Green was elected chairman and W. W. Lawrence, secretary.

Knights of Harmony will hold their regular meeting tonight. A full attendance is desired as business of importance is to come up.

Studs and shirt waist sets in endless variety, Lady's neck watch chains at specially low prices for next 10 days at Baxter's the Jeweler.

The Sunday school of Ebenezer Presbyterian church, colored, went down to Morehead on an excursion yesterday morning and returned in the evening.

Mr. J. L. Hartsfield, foreman of the Atlantic Co., requests all members that are going to the Tournament, and have not got uniform, to get them at once and notify him.

A horse attached to a buggy ran down Craven street yesterday afternoon. The driver, a young colored man, was thrown out but no serious damage resulted. It is supposed that the horse was frightened by the reel team passing near by.

The Atlantic Reel team "moonlight" sail on the "Howard" last night was enjoyed by all who were on deck. The fresh cool air on the water was invigorating after the heat of the day. Refreshments were served and the return landing made about 11:30 o'clock.

The accident to Alonza Bryan who was injured Monday by being run over by the hose reel, seems to have been more serious than first stated, Mr. Bryan having his elbow fractured, and a small bone in his leg was splintered. Dr. Du Val Jones attended the injured man.

At the Warehouse. The tobacco warehouse was undergoing some finishing touches yesterday and the last pieces of the floor were being put in.

The manager's office is situated in the front, next to the drive way, and adjoining this looking out on the front, Capt. Pace, of the manager has a room fitted up for himself, which looks cool and comfortable. An elevator from the main floor

to the basement is expected to arrive today and will be put in at once. On this elevator the tobacco trucks can be wheeled and lowered to the basement. Ten of these handy trucks are now on the floor, they are queer curved affairs, made of oak and iron, and light and strong at the same time. The weighing scale is here and will be placed next to the driveway, about midway of the building.

The first load of tobacco, which was brought in by Amos Miller of Ernul, is in the basement, and yesterday it was being graded. This is interesting to see for the first time. The tobacco comes in on sticks and first it is taken from these sticks and unloosed, and then it is all picked over and graded according to color and condition. That worked on yesterday was being sorted into four grades. In sorting the leaves they are laid on a semi-circular stand, between upright pegs, and as each little pile accumulates, a worker picks it up and rolls it into a bunch which is laid one side.

Opening day, Friday August 6th.

PRESIDENT McNEILL WRITES.

Outlook For Next Week's Tournament. A Great Occasion and Good Time For all Who go.

FAYETTEVILLE, N. C. July 24. Editor Journal: As President of the Association, it has been my privilege to visit the principal towns and cities in the State during the last thirty days, and I can assure, not only the firemen, but all lovers of competitive excitement and manly sport, that the coming tournament will double in numbers and attendance of all previous events. The entries are unprecedented and go far to show the annual increasing interest in Fire Department matters.

Up to this date (ten days before the Association meets), the following entries have been made, by New Bern, two engines, two horse hose wagons and two hand reel teams, by Wilmington, one engine, one horse hose wagon and one hook and ladder truck, by Goldsboro, one horse hose wagon, by Durham, one horse hose wagon and two hand reel teams, by Greensboro, one engine, two horse hose wagons, two hand reel teams and one hook and ladder truck, by Wilson, one hand reel team, by Winston, one engine, one horse hose wagon and one hook and ladder truck, by Salem, one hand reel team, by Salisbury, one hand reel team, by Charlotte one hand engine, one horse hose wagon and two hand reel teams, and from South Carolina, by Florence, one hand reel team, by Sumter, two horse hose wagons and two hand reel teams, with several South Carolina and North Carolina Departments still to officially hear from.

Nothing like this has ever before been known in our Volunteer service and it will be a revelation to many of our North Carolina people.

In addition to the Tournament entries, the Convention is composed of all the white fire companies in the State (59), and each company has two delegates and two alternates in that body. Our people are exerting themselves to the utmost to prepare to take care of the visiting firemen and citizens and it goes without saying, that they will do so. Railroad rates are low, one fare for the round trip and hotel rates are also down in accordance with the times, \$1.00 to \$1.50 per day. The Interstate feature is an attractive one and will draw a large number of our South Carolina neighbors, both firemen and citizens. Fayetteville is preparing to do her duty as a host and we cordially invite all to come and see the most interesting of all modern competitive exhibitions. Our prize list amounts to about \$1,000.00 and the Tournament will occupy fully two days, Wednesday and Thursday, August 4th and 5th; Tuesday August 3rd is Convention day and devoted to business.

Everybody is invited; let everybody come.

JAS. D. McNEILL, Pres. N. C. S. F. Assn.

JIM TYRON ESQ. Some Poet gay got up to say That the "orioles" are not in it, But you hear me now and this I'll avow That they cannot help but win it.

The "Bean Eating" crowd have crowed quite loud But their chirp is growing less And a few more gammas will bury their aims And their name will be Dennis.

The "Hubbites" have a load to carry, for "Beans" are notoriously heavy, And when the playing at last is o'er And the "Oriole Birds" begin to soar Just throw up your cap and begin to roar For the "Birds" on that Pennant will levy. -E. B. Wackburn. New Bern, July 27th, 1897.

The Tobacco Market. Editor Journal: I came from Pitt county in June, and I am now with C. F. Pate, curing tobacco. I went up in Pitt on the 22nd of July and came back on the 23rd. I went to Ayden, Pitt county and I saw a good many tobacco farmers. The tobacco was good, and they said that they were going to bring their tobacco to New Bern to sell it, for they know that Capt. Pace would stand by them in good prices, as where he goes, good prices always go with him. He is one of the best warehousemen in our State.

I also went to Coxville Pitt county and a good many farmers said that they were going to bring their tobacco to New Bern to sell it. We invite you all to come and sell and go home happy. You had just as well bank on good prices where Capt. Pace goes, so all come and see for yourselves.

Yours Truly, J. F. HARRINGTON.

THE ORIOLES REPLY.

My dear Reisingheim you're way ahead of time. In your gleeful base-ball prediction. The season's not done, and 'twould be great fun, If your vauntings turned out to be fiction.

Remember the grub of the boys from the Hub, Makes them, like you, quite windy, And it may happen soon, they'll collapse like a balloon. And then there will be quite a shindy. Boston beans wont work, nor Cincinnati Pork.

For nice Epicurean diet, But "Orioles" game and will get there the same, So please wait 'til the end and be quiet.

The last laugh is best, so please take a rest, And don't be so awfully previous. In your hopes take a reef, or you'll come to grief, And that would, indeed, be grievous.

E. B. WACKBURN. White and Highly Respected.

Editor Journal: I see in your paper of the 8th inst., an editorial headed "Case of Manslaughter," in which you do great injustice to the family and friends of S. T. Bright deceased in classing him as a colored man. Mr. Bright was not a negro, but on the contrary was a white man, and not only so, but was an honest upright peaceable citizen, and was known as such all through your county, was raised near Vanceboro, lived at Riverdale, and finally came to Adams Creek and married some twenty years ago, where he lived up to the time of his death, a quiet peaceable life. He was also known to many of the business men of New Bern. He was a brother of Mrs. Phillips of Arapahoe, Pamlico county.

His body was not buried and exhumed, but was examined by a competent physician and a jury of six good and lawful men, duly summoned for the purpose. Gilbert struck him on the 8th day of May and he died on the 13th of June and was examined and buried on the 15th.

I hope you will make the correction in justice to the family, and the good people of this community.

Very respectfully, E. F. CARRAWAY, Acting Coroner for Carteret Co.
