WOULD GO DEMOCRATIC

To-Day Fusion Could Not Carry the State.

Chicken Fighting in Wilmington. Senator Daniel Before the Railway Commission. Entertained in England. The Sheriff's Affairs at Morehead.

JOURNAL BUREAU, RALEIGH, N. C., July 31. The Railway Commission today heard argument by Senator John W. Daniel of Virginia against the reduction of rates of rental on the telephones of the "Long Distance" company. C. E. Young of that company was also present. Mr. Shaw of Durham, of a private line, did not oppose the reduction, which the commission recently ordered.

A Populist said today if North Carolina were to vote tomorrow the Democrats would sweep the State. He says it is more difficult now to unite the Populists and Republicans than ever before.

The cocking main at Wilmington between Mecklenburg and Halifax birds resulted in a victory for the former. The Halifax crowd went home broke. One man, a leading citizen, lost \$750.

Interest in gold mines in Greenville county is now greater than in a long while. In fact interest in mining property all over the State is very marked.

In a private letter to a friend here Bishop J. B. Cheshire, Jr., says he was most hospitably entertained in England. He was the guest of the Arch-bishop of Canterbury at Lambeth palace, and of the Lord bishop of London at Fulham palace. Trinity Sunday he preached in Gloucester Cathedral. July 18 he was the guest of the vicar of the parish church of Stratford on Avon, and in the evening preached there. July 8 he preached at Woolwich, July 25 he preached at St. Thomas, London in behalf of the Society for the propagation of the Gospel, and at the parish church in the evening.

The session of the county officers association at Morehead City was interesting, 48 county officers being present, representing 32 counties. Secretary J. W. Denmark gives a report of the proceedings today. The officers are: President Sheriff Jenkins of Chatham; Vice President J. A. Hoskins, R. O. Riddick, S. W. Davidson; Secretary and Treasurer J. W. Denmark, chaplain, J. W. Aldridge. The association comprises the State Treasurer and auditor and their chief clerk, county commissioners, sheriffs and registers of deeds and their chief clerks, other county officers and the State board of equalization. Auditor Ayer made the special address of the occasion. It was well prepared and well received. The points were generally discussed by Treasurer Worth, Sheriff Hahn, Mitchell, Hoskins, Markham, also by Ayer, S. O. Wilson and others. Sheriff Hoskins made a talk on the listing of solvent credits. Chairman J. W. Wilson of the State board of equalization spoke regarding land valuations, saying the differences now and in adjoining counties, where values are really the same, are simply outrageous. He added that the equalization law as it now stands is so defective that the board is unable to do anything until the law is changed. S. O. Wilson spoke against the present law of assessing land low and making taxes high. The board of equalization conferred with the registers of deeds present. H. W. Ayer, and registers of deeds N. J. Correll, J. J. Rogers, W. E. Murphy and J. T. Paschall compose the committee to suggest to the Legislature amendments to the revenue act, and W. H. Worth, and sheriffs H. C. Kearney, J. B. Mitchell, D. Moore and Clarence Call are the committee to suggest changes in the revenue act. The executive committee is composed of J. A. Bryan, S. A. Edmund, F. Markham, J. W. McCrary and J. J. Perkins. Mr. Bryan was a leader in most discussions. Among the special questions discussed were these: "Ought a county to give a discount or charge interest on taxes?" "Ought a county to allow a reward for information of fraud in returns of taxes?"

Governor Russell today received the following telegram from J. D. Cooper of Henderson: "Terrible rape on white woman has been committed. The negro is in jail. Will you order special term of court upon request of county commission and petition of citizens." This is the case in which a young woman named Catlett was outraged in Kirtleh.

Forty Steamers Chartered. PHILADELPHIA, July 30.—Forty steamers were yesterday chartered to load cargoes of grain at Philadelphia, New York, Baltimore and Newport News for ports in the United Kingdom and Europe, making a day's record which, it is claimed, has never been equalled.

Electric Bitters. Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the head a tonic and all-styles folk. A prompt use of this preparation has often averted long and perhaps fatal illnesses. No medicine will act more surely in counteracting and bringing the system from the malarial poison, Headache, Indigestion, Constipation, Diarrhea, Biliousness, Rheumatism, and all the ailments of the system. It is sold by all druggists at 25c per bottle at E. B. Duff's Drug Store.

SECURE IN JAIL.

The Fiend Brodie Taken to Raleigh by a Military Escort.

Special to Journal. RALEIGH, N. C., July 31.—Geo. Brodie, the negro who outraged Miss Catlett was brought here this afternoon from Henderson by Sheriff Smith under a military escort and he was lodged in jail. He is coal black and about twenty years old. The girl is about eighteen years of age. Brodie told the sheriff that he was drunk and didn't know what he was doing.

Governor Russell orders a special term of Vance county court for August the sixteenth to try him. Judge Brown will preside.

In his inaugural address last January Gov. Russell said: "When this legislature adjourns the word should go out to the world that the crimes called lynchings must stop in North Carolina. The way to end it is plain. Remove the excuse for it. It is no justification to say, what is not denied, that in many cases the victims deserve what they get. Barbarian brutes who commit nameless crimes must be killed and killed quickly. But it must be done under the forms of law. Let there be none of the law's delay. Give the executive power to call a court instantly. Order a judge by telegraph to the county of the crime. Try the criminal. If proper for an appeal convene the appellate court on the shortest possible notice, hand down the judgment and instantly perform its mandates. Scarcely a case of mob murder of a guilty culprit has occurred wherein he would not have been convicted by judge and jury."

Up to this date there has not been a lynching in North Carolina in 2 1/2 years.

MARKETS ARE EASY.

Some Reaction from the Latest High Prices.

Stocks Lower on a Looked for Reaction. Outlook for Cotton is Strong. Foreigners are Still Buying Wheat.

Special to Journal. NEW YORK, July 31.—The week ends with some concession in stocks from the highest prices made. This has been effected by a sentiment which believes that a reaction was due. The closing prices were the lowest of the day. With the immense crops in sight and good prices for cereals, railway earnings will prove effective and railway securities will advance much higher. Cotton statistical position is the strongest since 1890, with prices nearly 4 cents a pound lower. Total visible supply one hundred and ninety thousand bales less compared with last year. With general business improvement and with spinners demand increasing, although a big crop is expected, prices will be well maintained.

Wheat on final liquidation of the July option and liberal receipts and an expected million bushels increase in the visible supply for the week caused a decline today. Foreigners continue large buyers which insures ultimately dollar a bushel for wheat.

Chicago reports on the Spring Wheat belt are conflicting but it is believed that the estimates are too liberal, conservative element believe that reactions of a couple of cents will come but advise purchasing on all breaks.

BRIGHT BUSINESS OUTLOOK. Bradstreet and Dunn See Improvement all Over the Country: New York, July 30.—R. G. Dunn & Co., in their weekly review of trade, say: Dispatches from almost every northern city of importance report, without exception, improvement in business, and from Detroit to Seattle and Portland splendid crop prospects. The task of adjusting the business and industries of the country to conditions created by a new tariff law has progressed with gratifying rapidity and ease. Bradstreet's review says: The unexpected early fall demand for raw materials, which Bradstreet's

ROYAL BAKING POWDER Absolutely Pure

announced last week has increased and although not conspicuous at some of the larger eastern cities which it is approaching, is notably so at points in the Mississippi and Missouri Valleys and in the large wheat growing States.

A special investigation by Bradstreet's this week shows that increased purchases by country merchants in the region specified based on the prospectively large wheat crop at home in the face of short wheat crops abroad has increased business with western jobbers from 10 to 15 per cent. compared with fall trade at a like period last year. The total volume of this new business is not large but it is unusual in this the dull month of the year and it is growing.

A number of western implement factories are unable to fill their orders for nearby delivery.
