ELECTRIC RAILROAD

Proposed to Run from Morganton to Blowing Rock.

List of Bank Stock Owners. Two Weddings in Raleigh. Big Cotton Crop. Moonshine on the Increase. Importance of the Populist Session.

RALEIGH, N. C. August 12.—A large and enthusiastic meeting of the citizens of Morganton was held Tuesday to consider plans for the furtherance of the Morganton and Blowing Rock electric railway.

As a result of their deliberation, a committee of ten consisting of W. B. Carney, Jr., of Watauga; Milton Shearer, of Caldwell; Samuel Huffman, W. C. Erwin, Frank P. Tate, W. E. Walton, J. F. Spaulsbur, of Burke, and Walter Brem, of Charlotte, and Messrs. V. H. Boyden, F. K. Bruner was appointed to have a preliminary survey made, prepare and obtain a charter for the company, to be known as the Morganton and Blowing Rock Electric Company, to solicit subscriptions to the capital stock, and to do such other and further acts in aid of the inauguration and completion of this enterprise as may be deemed necessary for the permanent organization of the said company.

Double the amount of money estimated as necessary to make the preliminary survey was subscribed on the spot, and it is expected that a much larger amount of stock will be taken as soon as the committee presents the subscription list. The meeting adjourned to meet at the call of Mr. J. J. Davis, chairman.

Under the provisions of a new section of the revenue act the State Auditor has obtained a list of all bank stock owners, and he is sending the names to each sheriff, so that it can be seen whether the stock is listed.

There were two weddings here yesterday, Miss Mary Yancey, daughter of Mr. Thomas B. Yancey, married Mr. Rowlett E. Barnes, son of W. P. Barnes, secretary of the State Farmers' Alliance. Mr. S. T. Dodd, of Johnson, married Miss Fannie Powers, daughter of Dr. J. B. Powers, of Wake Forest. Mr. Robert White and Mrs. Nellie Sewitt were married at the home of the latter.

The State crop report shows that the percentage of condition of the cotton is the highest ever recorded, 102. The acreage is at least 15 per cent. greater than it was last season, and it all means an immense crop of this State, very possibly over 500,000 bales.

In a raid by revenue officers last night a "moonshine" distillery was captured in Granville. Its owners had fled. Moonshining is on the increase.

A man who is charged with assault is now on trial in Greene county. Then there is Hodges, in jail under this charge in Beaufort county. In thirty-three days three crimes have been committed.

Jacob Jones, a negro preacher, charged with preaching the infamous doctrines of the "Sanctified Band" in Oberlin, and who was beaten by White Caps last Friday night, has gone to Durham.

The importance of the meeting of Populists session is well known. It is an effort to reconcile the very discordant elements in the party.

Senator Butler in his paper attacks the Railway Commission, saying it has failed to do its duty, and that the people will elect the commissioners. He also says the Southern railway controls the commission, and that this railway also bought enough votes in the last Legislature to control that body.

COXEY FOR GOVERNOR.

Ohio Populists Decline to Fuse, and Nominate Their Own Ticket. COLUMBUS, O., August 11.—Fusion was repudiated today by the Populists of Ohio in a manner so emphatic as to leave no chance for controversy regarding the future policy of the party.

The Populist State Convention by an overwhelming majority, severed the alliance made a year ago with the Democrats on the free silver issue and nominated a full State ticket, headed by Jacob Coxey, of "Commonwealth" fame, as the nominee for Governor.

Spaniards Defeated.

HAVANA, August 11.—The question of who will be the permanent successor of Senator Canovas is being hotly discussed in political circles. Many believe that Senator Sagasta will be called. In official circles the conviction is strong that the Conservatives will continue in power.

Captain-General Weyler will not resign while a Conservative Cabinet handles the reins, but no one doubts that he will do so if the Queen Regent called on Sagasta.

Drowned at Ocean View.

NORFOLK, Va., August 12.—Miss Estelle Winfree of Lynchburg, Va., was accidentally drowned at Ocean View yesterday. The sad event took place at about 7 o'clock in the evening, while Miss Winfree and her cousin, Mr. Ben Holmes, of this city, were enjoying a surf bath. The body was recovered shortly after its disappearance beneath the waves, and although every effort was made to resuscitate the unfortunate lady, they proved unavailing.

THE END IS EXPECTED.

Pittsburg Mine Operators Say That Destitution Will Soon Cause the Strikers to Yield.

PITTSBURG, August 11.—Coal is still plentiful here and prices are steady. There is still a large quantity of coal in the river available for rail shipments, but much held for emergencies is now being sold, as it is regarded by the operators as almost certain that a break will be made by the miners at several places within the next ten days.

The reason given for this view is that there is great destitution among the families in the villages surrounding the mines. The contributions from the public have been devoted largely to the feeding of the men at the camps, while the women and children in the isolated villages have been neglected.

Appeals to the officials come from the villages every day for aid for the families of men who are at the various camps. Operators think the strike will be continued at certain places as long as the contributors are liberal, but the destitution which prevails in the villages is relied upon to induce the men to accept the terms which have been made by operators until such time as a settled rate will have been established.

It is stated here today that the New York and Cleveland Gas Coal Company has under consideration a plan for sharing profits annually with the miners. The plan will not be put into effect until after the strike.

THE TIDE OF IMMIGRATION.

To the United States at the Lowest Point Since 1892.

WASHINGTON, D. C., August 11.—The tide of immigration is at the lowest point since the General Government assumed jurisdiction of the subject in 1892. The number of arrivals from all countries, according to Treasury statistics, during the last fiscal year, was 239,822, a decrease, as compared with the previous year, of 112,435. The lightest immigration of any previous year was in 1895, when the number from all countries was 279,948. During the entire period of Federal supervision 7,432,016 have entered the United States.
