QUESTION OF VERACITY.

John Sherman Says One Thing, the Reporters Another.

Is the Secretary's Memory Failing? Different Methods Employed. Warning Against Klondike Gold Fields. Suit by the Cramps Against the Government.

JOURNAL BUREAU, WASHINGTON, D. C., Aug. 13.

There is a serious question of veracity between Hon. John Sherman, Secretary of State, and a number of prominent newspaper men of Washington and of New York, concerning certain utterances of Mr. Sherman on the assassination of the Spanish Premier and its probable effect upon Cuba, and on the general attitude of England towards the United States, which were published as interviews with Mr. Sherman. The newspaper men, who are among the most prominent in the business, declare that Mr. Sherman used the language they quoted, while Mr. Sherman declares most emphatically, both verbally and in a signed communication to a local paper, that he did not. This controversy has revived the talk about age telling upon the faculties of Mr. Sherman, which was quite prevalent when he left Washington several days before the adjournment of Congress. It was his personal friends who first began to talk about his failing memory. Mr. Sherman is now in his seventy-fifth year, but the world is full of men older than he whose mental faculties are at their best.

It is queer what different views are taken of the same thing. When Secretary Alger took charge of the War Department he found a system under which the watchman of that department made daily reports of the goings and comings of the clerks and promptly abolished it, believing that better results would be obtained by putting the clerks on their honor. Now the abolished system of the War Department has been adopted by the Treasury Department.

There is no doubt of the good intentions of Secretary Bliss in issuing that official warning to the Klondike-bound public, which was published this week. Nor is there any doubt that all the dangers enumerated in that warning exist, aye, and more; but who ever heard of a man with the gold fever in his veins being turned aside by warnings of danger ahead of him.

Senator Hansbrough, of North Dakota, was in Washington this week, but he wasn't worrying about political or other public matters, as he came to see Miss Chapman, to whom he will be married next Monday, in New York.

In view of the large sums of money Cramps have received from the government in the shape of premiums for speed in excess of the requirements in the war vessels they have built for the government, there was much surprise in Washington when they filed a suit in the Court of claims against the United States government for damage aggregating \$1,736,140, which they claim to have sustained by reason of delay and defaults on the part of the government in furnishing the armor plate and plans while the battleships Massachusetts, Iowa, and Indiana, and the cruisers New York, Brooklyn and Columbia were being constructed by them. While Congress has nothing to do with the Court of Claims, it is probable that members of Congress who think the Cramps have been exceedingly well treated in all their dealings with the government will have something to say about these claims next winter.

POPULIST PROGRAMME.

As Set Forth in Senator Butler's Speech.

Opposition to Everything. Only Ten Townships Carried for School Tax. Use of Convicts on Roads. Naval Reserves to Cruise. Not the Right Man.

RALEIGH, N. C., August 13.—The Populist State Committee was in session here until 2 o'clock last night. It appointed a committee composed of A. S. Pence, Cyrus Thompson, Hal. Ayer J. H. Sherman and V. J. McArthur, to prepare an address stating the party's position and attitude. The central idea was set forth by Senator Butler to be a reduction of freight and passenger rates, on the railway election of railway commissioners by the people, annulment of the lease of the N. C. railroad to the Southern, opposition to all kinds of monopolies and trusts, advocacy of free silver and financial reform. It is interesting to know that silver and reform are placed last.

It seems that in only ten townships, so far as heard from, was the school tax election successful last Monday. Not a solitary township was carried in this county. The State hires all the New Hanover convicts, for use at the phosphate mines at Castle Hayne. The use of convicts on the public roads is proving a great thing for North Carolina. In forty counties they are used in this way. Between November 1st and April 1st the State convicts may be hired by counties which desire them. Many will be thus taken. Some of the cotton mills are shutting down for lack of cotton. They are employing the vacation in cleaning and repairing machinery. The North Carolina naval reserves will have a tour of duty on the monitor Nantucket and the steam yacht Jolly. The Populists are making strenuous efforts to effect a reconciliation between Senator Butler and Harry Skinner. For some reason not known here Skinner did not attend the committee meeting yesterday, or rather last night. Before Judge Walter Clark this afternoon here George Davis, the negro suspected of rape in Chowan county, appeared in habeas corpus proceedings. The Chowan people wrote yesterday that he was not the man.

BAD FOR KLONDYKE.

Cannot Get Through Chilkoot Pass. Much Suffering Ahead.

SEATTLE, Wash., Aug. 12.—The blockade of Klondikers at Dyea and Skagway will lead to much suffering this winter. Captain Amex, who was the pilot of the steamer Islander, which has just returned from the North, says that things are in very bad shape. Two thousand people are camped along the rocky shore, with but few horses or pack animals at hand, and they have no chance of getting over the pass. One of the United States commissioners, by his official influence and paying \$400 in coin, managed to get the Indians to pack his outfit over the Chilkoot Pass to the lakes. Of the others who went from Puget sound without horses not one in fifty will get across the mountains this winter.

Seven Seattle men who went up in the Islander returned on her to Victoria, utterly disgusted with the prospect, and will remain at home till spring, when they expect to make another start. Those who have horses and boats stand a fairly good chance of getting through, but the start must be made before winter comes on.

IN BRITISH VESSELS.

They Carry Over Fifty-Five Per Cent. of the Imports and Exports of the United States.

WASHINGTON, Aug. 12.—According to the records of the Treasury Department British vessels are carrying over 55 per cent of the United States merchandise, both of imports and exports. Examination of figures for the first six months of this year shows the total imports in vessels have been of the value of \$432,689,981, and of domestic exports in vessels, \$250,800,405.

The percentage of imports carried in American vessels is 13.25, and in foreign vessels 86.75; of exports in vessels the British have carried 55.50 per cent, the Germans, 11.49; French, 5.46; Dutch, 3.20, and all other foreign, 8.51. Of domestic exports, only 8.19 is carried in American bottoms, 91.81 per cent, being carried in vessels of other nations. British vessels carry 68.23 per cent of the value of exports by vessels; German, 8.92; French, 3.19; Norwegian, 2.95, and all other foreign, 9.54.

For Infants and Children.

Celebrated for its great leavening strength and healthfulness. Assures the food against aium and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK.

Injunctions Against Miners.

PITTSBURG, Pa., Aug. 12.—The much-talked-of bill for an injunction against the United Mine-Workers, which it was intended to file in the United States courts, was filed in the county courts today by counsel for the New York and Cleveland Gas Coal Company.

The company sets forth that it is a corporation under the laws of Pennsylvania, with a capital of a million dollars invested in coal lands of Pennsylvania. Three of its mines, employing twelve hundred men, are at Plum Creek, Turtle Creek and Sandy Creek. The bill then recites the conditions prevailing at the mines since the strike began, and alleges that the strikers have paid no attention to the sheriff's proclamation and that the lives of miners and the property of the company are in danger.
